Simple Poems by Michelle Jean

Wow where did I go wrong
This world wind romance
Man and Woman over the phone

Damn he was so tempting
Ravishing
Going crazy about him
Even if he was not my own

Six feet two
Handsome
French Canadian
Damn he looked fine
I wished I could call him my own

Two different races
Boy he was a charm
Never got to meet him
It was all talk over the phone

It was nice while it lasted
Nice to know someone was there
Nice to connect with another human
Even when we are not alone

Friendly face
Perverted talk
Clean talk
Clean fun
Now I am all alone

Missing the talk
The sound of his voice
Missing him
Even if it was just over the phone

Michelle

I met this man
This wonderful man
This beautiful creature
This beautiful person

We were so close but yet so far
So near but miles apart
In ethnicity
Colour
Race
Religion
Marital status

Two consenting adults
Talking, getting to know each other as friends
But across the miles something went wrong
I called his bluff
Called him out

Dumbfounded was he
Speechless
Could not utter a word
And although in my heart I knew it could never be
I cherished the brief friendship we had
The moments we had on the phone

Yes he was different
But can one truly tell over the phone?

Simple Poems by Michelle Jean

What is it with me that I meet them?
The right men
Then scare them off
What is it with me that the ones I meet
I cannot be with

The ones I meet are either creeps
Married
Whacked out lunatics
The ones I meet cannot like me for me.

Michelle

What is it about love that I am fooled by a man simple
jargon?

Simple come ons

Am I that gullible that I cannot read between the
lines?

I cannot see these men for who and what they are

What is it about love that I am searching to be loved?

Searching to belong

To be seen by that right someone

What is it about love that

I am hoping one day Mr. Right will come along

To make me happy

To share my life

Love me for me

Am I that gullible that men find me unattractive?

Amusing

Someone to look at and have a good laugh

Or

Am I easily led?

Foolish

Naive to there little come ons

Lies

What is it that is unattractive about me?

What is it that men do not like about me?

Is it my voluptuous body?

The way I carry myself

The way I smile

My unkept hair

Unmanicured nails

Unpedicured toes

What defect do they see that I cannot see?
Why am I unattractive to the ones that I see and like?
They are intelligent
Educated
Has money - I think they do
Money is not a factor
The content of their character is

Someone please tell me why men find me
unattractive
Boring to look upon
Not funny

Michelle

What good is a friendship that can be broken?
What good is a friendship when the friend you love is
dodging you?
Treating you like he does not care
Treating you like you do not exist
You do not matter to him anymore

We shared a lot of good and bad times together
We even shared a bed together
We were great friends
Friends that could talk about anything
Friends that could do anything

This friendship I knew was rare
What we had was a bond that could not be explained
Sexuality
Female male bonding was never an issue
And though I tested you time and time again
We did nothing of the sort

Yes I am longing to hold you
Punch you in the arm just to hear your laughter
To hear you say see who is the violent one now
Those days I will never get back because you have
changed
You have moved on to bigger and better

This friendship
Our friendship I thought would have lasted for all time
We have come so far over the years to have lost it all
It's unfortunate but if we were true friends we would
still be walking arm in arm

We would still communicate
You would visit me instead of hiding from me
Ignoring me

Funny how you said we would be friends to the end
But somehow those words mean nothing now
We've both moved on
Become separated
We have become like unto a divorced couple at war
Can't seem to meet
Can't seem to find the goodness in each other
Despite what we have gone through

But as time move forward
So do we
I hope one day we can make positive changes
Closing the miles that stand between us

Michelle
April 22, 2009

Why do I feel this way?
Why do I think I could matter to him?
Why do I think he could possibly love me?

Why do I try so hard?
Why do I come on so strong?
Why do I even bother?

You have never shown interest in me that way
You have never shown me love in that way
You don't even call me
You treat me like I am not even there

From now on it's going to be all about me
I am going to do things that make me happy and
forget about you

Let me tell you something
I am important
I matter
I have feelings
Yes I love and have a lot of love
I am me and I cannot change who and what I am
Yes you are good looking but boy that's not all

But then you don't care about looks just your damned
money
You go after it
Don't even think you enjoy it
Your heart is not generous
Sharing is not one of your strong suits
You do not know how to give freely

Simple Poems by Michelle Jean

No I don't pity you
Nor do I feel sorry for you
You choose this life
This will be your end

You have told me time and time again
You need no one
You are a loner
Well stay alone
Let's hope in death when you are dying alone you
have no regrets
For the life you choose
And the love that you denied
The love you lost

Michelle

Tonight I have no love in my heart
I wanted no prayer
Just wanted to be alone.

I know why I feel this way
Why I don't want prayer
The hypocrisy in the voice
Because I know what he is all about
I know the fallacy in the words
Words in my eyes that was not truly meant
Words to catch a fool like me.

Why should I listen or even hear the cries of others
Am I not the one sitting lonely?
The one that wants to cry
The one that see the world passing my bye
The one without a voice
The one that sits home being nagged and stressed by
her kids

What is wrong with me that the only ones that come
my way
Are the ones that lie, cheat and deceive
The ones that do to get me in bed
The ones that don't mean me any good

I am tired now
Tired of being rejected by eligible men
Men that I want - The one that I need
I am tired of being the ugly duckling that is not happy
The ugly duckling that want to do more with herself to
make her life happy

The one that wants to get ahead and can't because I
don't know how to get there
I do not have anyone
Have no help anywhere

How I yearn to feel the loving arms of that special
someone around me
It's been too long living this way.
It's been too long since I have felt the kiss of a man
without wanting to vomit
Gag at a mere touch - kiss
Dear Lord when will this loneliness end?
And you truly send me that special someone.

Michelle Jean (MJ) August 01, 2009

Father tonight I shun a friend not because I do not
love him but because I do not feel his prayer is
effective
Nor does he practice what he preaches.
Father, you have shown me so much and I love you
so much but I do not believe he is real
There is so much that has happened in my life and
one incident changed it all
I don't like liars nor do I like to feel out of place when I
am with others.

I am honest with you and would like to keep it that
way

I also want to deal with others fairly and honestly

It is not the big things that hurt me but the small and
simple

Because I am a simple person

Father I know one day I will have to account for my
sins because I have done you wrong
I have done wrong in my life but it is only you that I
can be totally honest with
And I am tired of being hurt in the physical and
spiritual

I am tired of being alone and lonely
I am tired of the lack of honesty
I am tired of the lack of love

What good am I on this plane?
What good am I when I am constantly alone?
I want to go out there and have fun but yet I can't
Because there are so many things I don't like and my
life is restrictive
The tears are there and it is my hope that you will dry
them soon
You will help me to be free of my misery and lonely
life.

MJL August 01, 2009

Dear Lord how is it that I love you and you cannot
love me
How is it I desire to be with you and you don't desire
to be with me
Dear Lord how is it that I love you and you cannot
love me the way I need you to

Is there ungodliness around me?
Is there evil continually within my heart
How do I make you see my heart?
How do I make you see me?

This desire is driving me crazy
This yearning I can't take no more
How do I make you understand that I need you?
I need you in my life not as a silent partner but as a
vocal one
You have loved many before me but yet I feel so far
from you
I feel alienated from you and I do not know the reason
why
My love why turn from me
Why make me feel as if you do not care
As if I am not loved
Why turn you back on me
Why pretend that you love me when you know you
don't

I am alone in this world and the pressures of life is
getting to me
I can't take the pressure no more
Father you see the pressure and you are helpless in
helping me

Is my prayer not worth anything?
Is my stability not worth anything?
How can you say you love me but yet see me in such
pain?
Such emotional turmoil and torment

Why must I be alone all the days of my life
Why must I tell you of my desires?
My needs and wants and nothing comes of it
Am I being greedy?
Are my desires, wants and needs so sinful that you
cannot tell me if I am wrong?
There are so many questions but yet no answers
I am hoping one day that you will see my heart
Truly see me and turn to help me

MJ

To you my friend you have been the one for me in my heart
The desire and love I had for you transcended heaven and earth
My wish to be with you marry you clouded my soul
My judgment
The friendship we share is a beautiful one but now I know
Along the way and across the miles we could be nothing more than friends

To you my friend
I now know that I will always give
But you will take more
And that which I am to see
I will let pass me by
With you I will not be able to see clearly
There is truth in our friendship
But I cannot and will not let our friendship cloud my judgment anymore
I cannot afford to lose my way as it has taken me so long to find it
You are a beautiful distraction

You are there when I need you but I know you
I know the way and I cannot lose it
I know you will be there when I need you
Even if it is to talk for a day or two
You are in many ways my hearts desire
But my desire is for the wrong reason

I need to elevate myself
Step up to the plate
Ambition is mine
There are places that I want to go
Places I need to see
And I know you can never take me there
My beliefs is not your beliefs
You lack ambition
And I know I do not have moral support in you

You do not encourage
Though we are friends
All you see is you and your selfish ways
I do love and will always be there for you
I know you will always be there for me for now
But who knows what the future holds
And truth be told
Friends is all we could ever be

MJ

Thank you Lord for showing me my perspective in life
Thank you for letting me see what you are showing
me
Thank you for letting me find the answers to what I
am looking for
It took months to find the answers and I am sorry if I
let you down

I have given up so much
Walked the wrong path to love
Only for you to show me that you don't have to give of
yourself to be loved
Only to show me that many give because they want
something in return
Only to show me that true love is giving freely without
wanting something in return

It is my greatest wish and hope for you to love me the
way I need to be loved
There are times when my love overflows and want it
to continue to overflow
There is so much that I want and need to do but yet
don't know how to
Why can't you manage me life
Be that manager that I need you to be

I know there is something between us but I need for
that love to unfold
Do not take the back seat anymore
Be beside me and share in my glory - my ups and
downs
I cannot do this without you because I need you
dearly

If you love me the way you do
Do hide from me

Do not cause me anymore pain because love is not
painful

Do you not know how much I need you?
I desire you in my life
This love I have for you surpasses paradise
The infinite galaxies and stars
But yet you make me beg for your love
Why do I have to beg you for love?
Why can't you accept the love I am giving you?
Is it dirty?
Filthy
I do not understand why I sit and cry for you to hear
me
For you to see me and say yes I understand and that I
love you too
For once can't you truly look at me?
Can't you forget my sins and see me

I have been battered and bruised
Torn apart by man and now I stand alone
I have to face my battles
Raise my children alone
But I can't do it alone that is why I need your help
I need you
I need you to show me
I am not alone and that you are there for me

MJ

I want to go away
I need a vacation
Need to have some fun
Need some good food

Jam Dung is where I want and need to be
Time is getting harder
But I need to spend time in the sun
Get me some Vitamin D
I don't know what to expect
Don't know what is truly going on in Jamaica

This land of the sun
This land where anything goes
God do you think you can accompany me
Be the one by my side
The one to watch over me and truly protect me
The one to walk by my side and be my voice
The one to hold my hand and calm my troubled soul

My love will you be there with me
This is my invitation to you to be with me in my travels
I know you are true to your word
And I would be honoured if you would be by my side

I know you have a lot to do but this is between you
and me
Can you take time out of your busy schedule to be
with me?
Have some fun with me
So pack your bags as on this journey in the sun we go
Come down and join me
Until such time I know I will see you for some fun and
relaxation

MJ

Simple Poems by Michelle Jean

Relax with me
Let's take time out for two
Unwind with me
Let your hair down
Let your guard down with me

My Darling
Relax with me
Focus on us
The things we need to do

Forget the troubles in the world
The hurricanes
Wind storms
Volcanic irruptions
This is our time
A vacation meant for two

Sweetie relax and come with me
We will dine on the dark side of the moon
Just you and me there
White wine
White roses hanging down

My Darling
Relax with me
Let the Angels do their thing
They know what to do if there is any trouble

Now come with me
Let us dine
On the dark side of the moon

Michelle

Hon rest with me a little while
Let me lay my head on your shoulders
You can give me breakfast in bed

Come on now
Now fussing
I do these things for you
You need to do for me too

"Baby but breakfast in bed this is you."

"I know it's me but today I am changing the routine."

"Why change it I like it when you do. Listen I will make the dinner for two."

"Why"

"I love the way you bring me breakfast in bed.
Everything neat, perfect down to the coffee."

"You know what I spoil you."

"That you do so do I get my breakfast in be?"

"Ya ya but you know I am going to want my dinner in bed. Oh you have to feed me too without the kinky talk of what you want to do to me."

"Sounds boring but your wish is my command."

"Ya"

"Ya, because honey I love you and all that you do for me."

Michelle

“Oh man sweetie will you relax.”

“How can I relax when you have another man?”

“Have another man!” She said with a surprised look on her face.

“Yes another man, that Mack Truck, Mr. Freight Train, Shaq Diesel, Shaq Attack, Shaqlicious, Shaqcolate, Shhhhhhhaq.”

“Wow, I bet Shaq don’t know this. Man what would I do with this other man.”

“Forget it don’t even think man built like a damned freight train how can any man deal with that?”

“Baby Shaq is in a league all by himself; well no he’s up there with Bobby Bobby Bobby Lashley.”

“Alright now now you have gone too far I won’t have you talk about them men.”

“Baby you don’t even make sense.”

“See; see what they do to me. They drive me crazy.”

“Let me drive you crazy even more.”

“Forget it; don’t want to hear about their perfect body. Don’t even want to hear what you want to do to them.”

“Come on baby it will be fun you can pretend.”

“Forget it I am going to be me and don’t you forget it.
Shaq, Bobby it’s a wonder you don’t mention the
other fellow.”

“I could if you want, damn I could see me pulling his
hair.”

“Stop I tell you the only hair pulling around here is
done by me with your hair.”

“Woo, I love it when you get jealous, come on turn me
on some more.”

“Forget it you’re a naughty girl I otta…….”

“Forget it no use of a hairbrush here. You know how I
feel about spankings.”

“Come on baby it will be fun.”

“For you but not for me.”

“Alright I’ll roll it like an orange, split it like a banana,
and enjoy it like an apple.”

“And I thought I was kinky.’

“Come on the least you can do is take me off my
jealous high.”

“Nope because I just lost interest it’s the hairbrush
thing.”

Michelle

I see you standing there
Tall
Dark
Handsome
My lonesome dove

In my mind I picture you
Skin perfectly tanned
Charming smile
Hair shimmering grey
A dashing stance
Perfectly combed hair
Neatly shaven
Ravenous look

In the depths of your soul I look
I see love standing there
Love whispering at me
Calling me
Making love to me

In my mind I picture you
I see you standing there
The smile on your face says it all
Plays over and over in my mind

You are like a record
The sweet melody of my song
The gentleness of love playing on a harpsichord

You are love to me
My love in my mind
The love I need you to be
My perfect man
That awaits me

Michelle

Silent lover come to me
Mold your body into me
Hold me from behind
Rest your head on mine
Fuse your love with mine

Silent lover come to me
Let the Angels above lead the way
Let the love of God, My Love sanctify you and me
Bless your union with me

Silent lover come to me
We will talk
Get to know each other
Have long walks
Take an intimate trip for two

Ah yes Scotland
That's where we ought to be
Singing
Dancing gleefully

Silent lover come to me
Join with me in perfect union
Forget about you worries
Your troubles
I will wash them away
Just take my hand
Come with me

Silent lover this is for you
Where ever you are take my hand
And truly come to me

Michelle

Silent lover I need you
Not just for one day
But for a lifetime

Today I need you to set the mood
Need all the elegance in you to come out
Need to see the real you
Your true heart

Silent lover
Set the tone
Set the mood for me to embrace you
Not just for today but for a lifetime
Beyond time
In time

Silent lover
I see you
Look deep within your heart and see me
Let Rosey take you to me
Show you me perfectly

Let the roses flow from here on in
Let the rose do her thing

Silent lover come to me
Let me see your true heart
You true love within

Let me see the gentleness in you
The lover within you
Perfect love within

Michelle

I want to grow old with you
Take little steps as we grow
I want to see the man in you
The Godliness within you

No I do not need harebrain schemes
Nor do I need lies from you
I need your love
Need you to be my perfect rose

Yes we are miles away
Maybe one day we will truly meet
The lines will cross
Connect perfectly how they should be

So for that moment in time
I await your call
Wait to see your face
See if you are all I need you to be
See if you will truly be mine

Silence is golden
Perfection the key
The map is there
Connect the dots

I am three
You are one
Let's build that perfect family tree

Simple Poems by Michelle Jean

So between the miles of the mind
Between the miles of this earth
Let your spirit take you to me
And mine to you

Yes Rosey will do
Roses for two
Connecting us between the miles

Michelle

Free my soul My Love
Let me live again
Take council against them that use and deceive me
Take council against them that try to hurt me

My Love
Connect with me between the miles
Sojourn with me
Put your love in my hands
Bless the crown atop my head
The souls of my feet
My body which is my temple
My temple that is protecting you

My Love
Let me live again
Love again
Become one with you

Favour me
Favour me
Continue to live and love within me

Michelle

Take this rose of mine
Put it to your lips
Think of kissing me
Enjoying the time
Fine wine

Take this rose of mine
Make love to me
Hold me close to your heart
A cherished love

Posies are for kids
But are we not kids at heart
Young lovers in love

Sweetheart take this rose of mine
Kiss me tenderly
Kiss me with your love
Share my bed with me
One night just won't do

Baby undress me with
Not just with your eyes
And fully possess me

Michelle

Ah baby tell me how to love you
How to touch
Let you lose control

This river is deep
Have many miles to go
But I can't do it alone
I need you

Wretched is my soul at times
Wretched in the way I think of you
What we can do

Naked under the moon
Atop my forehead
Split all the way
Yes yes atop the bed
Atop the roof
Down by the river

Yes they are a few but simple ways
We can try one if not two
Just tell me how daring you can be
If these are too simple
The tree will do
Above the floor
Yes over twelve feet in the air
Need I say more?

So come on baby be daring with me
Share a beer if not a glass of wine or two

Take my hand, the bed is warm
It's simple
All you got to do is just tell me how to love you
Michelle

Simple Poems by Michelle Jean

Baby place your head upon my pillow
They are as soft as the cloud
Fluffy
Comfy

Sweetheart place your head upon my pillow
Stay comfortable atop me
Tell me your troubles
Your pain

No no do not compare
This is your time with me
I know soon you will be gone
It's just the nature of your work
The job that you do

I know how stressful it can be
That is why I am here
Will always be there for you

So place your head upon my pillow
Rest comfortable atop of me
Tell me of your ills
Aches and pains

I know we only have a short time
But always know that I will always be here
Be there for you

Michelle

***Dedicated to all the doctors, police men and women who are
always on the go.***

Simple Poems by Michelle Jean

Baby rise with me in the early morn
Enjoy me like I enjoy you
Be the fill that I need
My thrill
Early morning orange and mango juice

Baby rise with me in the early morn
Be the rose on my pillow
My mountain grown coffee
The sugar fix I need
My early morning rush

There is no traffic jams here
Not traffic signs
No stop and go signals
Just a wife in tremendous heat
A wife that need to be cooled down

The sheet is gone
Steam is on
Need you to cool me down
Take me all the way down

Baby rise with me in the early morn
Be the Champaign in my glass
My very early morning fix

Michelle

Boy are you a red delicious
Or are you a McIntosh
A Fiji

Are you fat and juicy?
Tasty as a Oh Henry
Crunchy too

Are you thick like the inside of a Mars Bar?
Caramel goes on and on
Tempting
Ready to eat

Come on baby tell me
Which one are you
Or do you want me to keep guessing

Are you as whipped as whip cream?
Can I use my finger to stir you?
Lick you

Are you as tasty as Jamaican cheddar cheese?
One taste just won't do
One chew takes you to heaven
So come on boy tell me which one are you
Don't keep me guessing because I so want all of you

Michelle

Come on boy fly with me
Come under my protective wings
Let me take you to the moon

Baby you know I love the moon
No gravity to hold us down
Weightless
Atom less
No dark clouds
No night fall

Come on boy fly with me
Come under my protective wings
Let me take you to the moon

Rainfall non existent
Rainforest just not there
Just open air
Different ways to fly

Come on boy fly with me
Let me truly take you there
Take you to my moon and back
Take you to a land of forever
Because forever we will play

Michelle
