

Read all the enclosed materials for further clarification, than wallow in the seemingly illogical slurs in previous and this materials, which some are meant for "angels in flesh amongst us," which would seem weird to you because you may be unfamiliar with, as saying to snoop dog "got shanked last night." You wouldn't know what I'm saying because its in Ebonics or ghetto colloquial broken language, which he would be saying, "I got stabbed last night with a knife," from the Ebonics verb, "to shangk." You would understand the part "got and last night" and with a rational mind I assume, determine something happened last night then in all the materials given decipher what happened, this is the way all the materials and emails I gave to you are, broken speaking to humans and angels amongst us simultaneously, written as one and spaces left out still coherent to former and spaces understood coherent to the latter as how they understand it (but hoping also by doing so, unharmed to the former's intelligence, both might understand as the latter). Pardon this as I become aware and cannot now become unaware, still a cliché but will always utter it "ignorance is bliss!" So don't deem me hysterical, delusional, fairy-tale, paranoid delusion and Schizophrenia (schizo-affective), because I use encoded terms, euphemisms, analogies, etc. and because you are unaware or cowardly choose to be or worse, you are the one that is insane!

PREFACE - REALITY

"Man that is in honour, and understandeth not, is like the beasts that perish" (Psalms 49:20); I guess some folly intended out of the will of God by the scripter. And I wondered if as whom I be in the times and have given myself wholeheartedly if I was in honor. Then I remember the tenets of faith, that is, faith without works is dead. If I have to wonder if I was in honor, then I wasn't in it as honor is manifested and not a theory. This also proved an illusion to me. For if I was in honor, those who bestowed such honor and the manifestation of such honor wouldn't be perpetual lack, perpetual delusions, perpetual despair, perpetual lies, perpetual theft, perpetual suckry, perpetual manipulation, perpetual scraping everything from me, perpetual vacuums of friends and associates and left to convene with the figment of my imagination (holding all things constant) amongst other things that constitute the opposite of honor. So if I was in honor and being who I be in the times, I would know what honor is and understand that I have gained it. Nonetheless, if not of the earth or heavens or present fold sent to, I have gained such honor from God like all the saints before me and that to me is enough. If I didn't understand that, even God would be an illusion to me, as he has made all his saints "kings and priests unto God and his Father; to him be glory and dominion for ever and ever. Amen" (Rev 1:6). And I strive to have this boast even if not having the honor among peers, onlookers, the earth, the heavens or any other creature, "let him that glorieth glory in this, that he understandeth and knoweth me, that I am the LORD" (Jer 9:24). When I can understand and know that superbly, like the apostle Paul, then I would understand real honor. So far I've lived an illusion and everyday is a fantasy, never the better, never the worst yet progressing spiritually, yet not to the account of being so "heavenly minded I'm no earthly good," for I have strived in this world more than any man, but and as such, reveal the truth of this world, an abused illusion on the inhabitants. Thank God that "If in this life only we have hope in Christ, we are of all men most miserable" (1 Cor 15:19). So I continue until my days end (however long, however short – decades, century, etc) and to receive honor in glory, as I have hoped.

Reality becomes absurdity when exposed as not reality before it becomes reality. This satan has done in all things, hence, 'turning of things upside down' – Isa 29:16. An opposition to this phenomenon is the thesis of suckry, as things that are to come to pass, is now and yet is. Hence what is deemed reality is out of time and still a fraction of absurdity. Holding all things constant, in very loose terms, the life we live is an abused reality based in illusions. What then is truth? Many answers are given, but based on the above, one thing is certain, there is no truth without faith; i.e., believing a reality pass the illusion! That most sure basis of faith in this deluge of illusion is Jesus Christ (Yahoshua). This has been a voice crying in the wilderness of illusions. Mucho Grassias! And thank you bury much!" (original words started in a chat room)

Uncut Edition By Oneil McQuick

Uncut means it has not really been edited from being initial penned by the "author", raw from off the potter's wheel, grammar and spelling was checked though. It is also uncut because often times when copyediting the editor rewords what he thinks something should mean, while it might not mean that; especially with something as spiritually sensitive as biblical revelation. Me using scripture with bad grammar might come out to a whole different meaning when correcting the grammar by the copy editor. Though copyediting make the work flawless grammatically and other such wise, it might detract from the intended meaning and impact given from the author, who receive it from the Holy Ghost. This might not be the case for all books, but one such as this where something is delivered from the Lord (encoder) to the author (decoder) and the meaning is best preserve in its original state even if they are copyediting errors. Any errors that might be cited doesn't detract from essence or reading and what is sent exegetically is received. The publishing process is bypassed and the work uncut. Similar to having the real orange fruit as against a canned processed with saturated alternatives. The oranges can be peeled by you and you get the juice with all the 'ruffage'; as against it being peeled and manufactured for you with all the things added and done to it that give it less potency (e.g. changing tone). Take the time to peel your orange and eat your fruit. Such are the books published by LIMP, uncut for your spiritual health. Thanks for reading this.

Though I spent many hours and years in study, research, re-reading, re-writing and waiting on the Lord for revelations, you don't even have to give me credit, just preach the word; "The Lord gave the word: great was the company of those that published it" (Psalms 68:11). Nevertheless, this Copyright notice should be on all copies at the front of the book, as to further give others the right to distribute the truth. Though I release the right to publishing the book and you have the right to do so, even commercially, "there is a man whose labour is in wisdom, and in knowledge, and in equity; yet to a man that hath not laboured therein shall he leave it for his portion. Nevertheless, I release the rights because I really want the truth distributed unhindered. That it might be reckoned, "In that day shall the deaf hear the words of the book, and the eyes of the blind shall see out of obscurity, and out of darkness...They also that erred in spirit shall come to understanding, and they that murmured shall learn doctrine" (Isa. 29:18-24).

I'M GETTING
UGLY 

THAT IS ME, ONEIL MCQUICK

When I first wrote the following, a pastor friend of mine wrote and many thanks for that encouragement:

"Young man praise the Lord Jesus. Good to hear from you again and stop claiming those negative things, there is life and death in the power of your tongue. Claim healing, beauty and favour from Jesus, and live. I DEGREE HEALING TO YOUR BODY IN THE NAME OF JESUS!!" - C.T.

So the following edited version might further explain it.

Oneil McQuick Here - Getting Ugly!!! Let Me Explain!!!

Yes Mi Brethren and Friends,

I truly can be poetic and say "I once was beautiful" from the theater balcony of William Shakespeare. "Life", "hardship", "fights", "standing up for right," "doing the Lord's work regardless of" and as a result and inherent "[The Caste system](#)", ETC, has taken its toll. Not yet 30 and it seems my appearance be of a Mid-life Crisis. Just stop to say Hi **AGAIN**, don't know when will write again and if the Lord permits - probably sometime in 2009 or 2010 if I live that long, still chronically ill, though a little better and should be in a newer better apartment by weekend of Oct 28,2008.

The pictures attached (1. and 2. now, and 3. one in kentucky when to work at the 'YMCA' there 4. one from florida 5. [the newer](#) street protest poster 6. street poster) are ugly mug shots of me usually taken for ID's (raw, no real clean up and mugged); and a previous of 1999 in my better looking days. Though still ill, destitute, etc., got my citizenship done. Thanks all for everything and the key is "the prayer of a **righteous man** availeth much," keep praying for me until healing or death. Read from top to bottom of this page or email.

Sincerely,
Oneil McQuick

===THE CASTE===

A QUOTE FROM THIS LINK:-

http://docs.google.com/View?docid=d9vxttw_8gkhc72g7

I have tried businesses (and have certifications in small business) and gave the option of book sale online, but none of that have gotten off the ground or yielded "real" benefits of income ("**They**" also **rob funds from book sales with no trace by hacking, etc**), which led to working tempt services until illnesses halted that presently; neither my line of work, sitting a computer (graphics), yielded "anything." I guess the American Dream is not for everybody; this is obvious with my bank statement having \$XX.00 and [educated](#) and [talented](#). At best a World-Wide (all nations) mind-control caste system, where the resistive are filtered. By the way, in case I seem mad by my words, literature, etc, it is because as one of those resistive to the norm or caste and allowed knowledge, those in the caste (possibly you) would be unfamiliar with it and what they are unfamiliar with they out-caste automatically, as also by the mind-control in the caste system (even fad) of someone pressing pass the knowledge of the worldwide caste. For instance, words we are not familiar with are called big words, because words we are not familiar with usually have more letters in them than the average word; e.g. "[Supercalifragilisticexpialidocious](#)", hence it is not in our vocabulary (THE CASTE). However, this is a big word to most, [Inept](#), yet it is less words than the average word; so the word is not big, just unfamiliar with it because it is not in our vocabulary (THE CASTE); or in the example of the caste with the mind-control, forced not to be in vocabulary. Sadly, like words given from a youth by fad, Educators, etc, to build a vocabulary we cannot see or know we have, likewise this caste system I speak of is intangible or invisible and so one cannot grasp it, speaking of it further give the rise that this is a mad man. For those who press pass the caste are ostracized as mad!

Further reasons you would think me mad is that the leaders and controllers of the caste system are sinister angels (Bel, EA, Ra, Pig, Satan, EA 7 Thunders, The Beast, Erno, even Gab & [Mike](#) and many others, plus the Eye of God seraphim tree they belong to above/beneath earth), if you can't even grasp the existence of angels amongst us, even as humans (obviously world leaders), it would be hard to even grasp the concept of the caste system. Read the book "[Angels, Let's Talk](#)" written by [Orlando Constantine](#) and after that, [CLICK HERE](#) to see some of what they are doing. And only if you're an angel, [CLICK HERE](#) - <http://www.freewebtown.com/scantext>, for follow up 2008 notes on the book "[Angels, Let's Talk](#)" (A.L.T TEXT) especially as it concerns the current world state of pending foreclosure of [the least] the West and seems this world (scurry through the short hand writings of bad grammar and bad spelling and remember chapter 1 or intro and 2007 index of the ALT Text applies). And no, "much learning haven't made me mad" (Acts 26:24 nor Jude 1:10) but somethings are hard to be understood truly (2 Peter 3:16); though at the moment and previously this year devils (angels), etc, have been trying to make me mad physically because 2 Tim 1:7 holds true, so while being invisible to the eye, they yank blood vessels (nerves, obeast wreath, etc) on my upper neck and other parts of the head and brain, which causes much pain and if diagnose would read brain tumors, cancer and other brain/mental diseases - succeeding in either my death or survival, saying see he was mad so his words void; not to mention another variable, the obeast wreath on my head, though stable now, if found out in examination can effect the latter of those two points, as cancerous like as it be. But survive, though... In those newer 2008 if features those pulling from the caste system will be harrassed to death, spiced, smoked chi, etc (no peace) by EA 7 thunders and others, example, in the gold text above.

===TID BITS===

RESIST! BE FREE! TRY CHRIST!

Angels, etc, **REFUSE** to wear the obeast (if Ra or) whoever is selling or giving it away. It will leave you on the caste system, puppet-ed, and like me.

For the cause I live and for the cause I die. Because of who I am, what I have done, what I am doing and will always do to the Kingdom of Darkness I am persecuted, and because of being in the caste system; in modern times of satanic persecution, only the results show, not the actual afflicting (e.g. flogging) - especially with an anomaly in place. "And they overcame him by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto the death" (Rev 12:11). One love!

THIS HAS BEEN A VOICE CRYING IN THE WILDERNEST OF THIS PLANET

I'M GETTING UGLY

THAT IS ME, ONEIL MCQUICK

“Finally I’m Ugly!” - Oneil McQuick

Greetings all,

Yes mi brethren and friends, me again, you might think what, more melodramatic slurs from American Psycho or this drama queen - as much as I admire Tyler Perry, far from it. Just following up on the last letter “[Getting Ugly](http://www.freewebtown.com/livefree/ugly.html)” (see it here - <http://www.freewebtown.com/livefree/ugly.html>),” as from the pictures below that is an understatement, now UGLY or as we say back home, MUGGLY. To coincide with this and correlate with the thesis or why “ugly” (pressed so by the inherent evils), is that I’m out of my former APT. or that housing is still shaky or lost. Being still chronically ill, unable to work and was also denied Disability Income (SSI) from the social security office, more than frivolous, but again pressed so by the inherent evils mentioned later down in this mail / page – that is, fallen off the treadmill and still awaiting the “butterfly” or “locust” – the nerve, to those who understand. I’m a testament of the evils underline in society, a manifestation of what is invisible, to our detriment if wiggle free from it or strive for true purpose, even those in God – that is, [The Worldwide Mind Control Caste System](#). Also, **before Ugly 3 below are some Job results** I did before illnesses and before now a relative fabricated bad economy (PARANORMAL TWIST: especially if fabricated to say box alimony in whack and why destitution, LIE, also done so after the house help pack / ssi sent, etc; so if beside all these, truth and fabrications, many have given/sent and many want to, but all barred from doing so for the obvious reason of hate, meanness and wicked cruelty - many to give millions, as seemingly also personally related).

Please continue to pray for me, some days good, some days awful, if describe you possibly couldn’t eat for days. If I perish or you don’t hear from me again, I’ve run my race and finish my course, even as running up a downward escalator and often dropping off. And no I’m not melodramatic or weird. And no I’m not melodramatic or weird, as frankly I could careless, as one song puts it "what would people do if they hear that I'm a Jesus Freak...I don't really care if they label me a Jesus Freak there is no denying the truth!"

To God be the glory and one love to all.

Sincerely,

Oneil McQuick

1999

As seen above, HOWEVER, I once was beautiful!

HOUSE IN THE MIND: I was watching a documentary February 2009 and found that a person with mental illnesses was “someone with strong idealism (or one-trackminded)” and were treated for mental illnesses or given a lobotomy – “Lobotomist: American Experience” on PBS which focused on Walter Freeman. Simply put, someone fighting from being mind controlled in this worldwide caste system; that someone pressing to their own God given desire and the handlers of this caste system trying to break them to fit the system or turn that someone from one gifting they perfected to use that same genius on another field to perfected for the system handler’s own gain, to the tedious impractical detriment of that someone as possible often before their old age – like we are machines (basically more breasted milk for more sucked lines as described in the angel notes under the girls gone wild subliminal). In the documentary, reading between the lines, the lobotomy was to break that strong mindedness to now possibly wheel them else wise or desist pursuing a perfected field (well) that that someone gained, now sucked! Yet even the lobotomy process can be to dismantle the obeast on them, other underground reason, the obeast itself used as a handle for the handler but now it too could resist the handler or block such. Notice a pre-lobotomy patient, they are tormented with madness, the handlers even audible emanating voices in their head and other anomalies (even bankruptcy, homelessness, sicknesses, suicide, delusions, seeing dead people) to succumb the mind – A VERY GREAT EVIL! Easy to do by reason of who the handlers and heads are, angelic, rather than through the earthly ingenuity {1}mechanical (e.g. elf-waves, inserts), {2}biological or {3}social means, but the paranormal – the events in the movie Sixth Sense to the kid or man-patient was nothing of earthly ingenuity and real, but can easily be fabricated by a being that is angelic (i.e. spirit), as in the bible spirits were revealed to prophets, prophets heard spirits, even of the dead and spirits have power to sort of bend reality even your dreams, in these instances they were good but an angel in authority can use that liberty to torment a human, or a human who become angelic torment a human or even an obeast who is advance and afloat the system torment a human. To date this very great evil is being done by those who are to protect us, angels who were in authority (Eagle-EA, his 7 Thunders, Pig, Word Bull, Blues, etc) as against the deluge of demons/devils (satan, anti-Christ/beast/AB, locusts, etc) they are to fend off but altogether – see more in gold text below. For instance, I’m a preacher and sold out to be, so long as I am, as all preachers, that is being one-track minded or strong idealism – a definition for mental illness. However, the caste system deem my “genius” more fitting in another field, for their gains, and preaching salvation is not only worthless to them but even damaging to their system – so would break me down to switch, even driven to madness, hence the title of these two letters “Getting Ugly” and “I’m Finally Ugly.” Likewise, my graphic technology profession, they would rather use such individual genius to perfect war-craft technology in the army, even as a high class locust in Abyss top land. Or, if fail with a very defiant one, use such genius in sports (profit, entertainment and sense of triumph in a fail program) as the case with the bible Samson. This is hard to explain to a human, but by Christ (Yahoshua) I will not in. So if you hear dubious things about me and especially if don’t hear from me again, (“worthless-homeless,” mad, drunkard, druggist, mental institution, backslide, whore-doms, homosexuality or other promiscuity, suicide, etc or other such fabricated lies to smear my preacher image to switch) I was here or as written in graffiti on walls – I WUZ ERE!

If I was writing in my Christian newsletter I would say, “This has been a voice crying in the wilderness!”

==ME & THE ALCOHOL BOTTLE==:

While growing up to present only consumed little alcohol by such infrequent methods of juice, rum and raisin ice-cream, etc. In fact, my 2nd bottle of vodka or liquor ever bought was in 2009 and 1st approximately near that time. My 1st bottle of beer was also in 2009, after 2 years of hospitals and testing to no avail; thought I'd try this biblical approach as stated in 1 Tim 5:23, "Drink no longer water, but use a little wine for thy stomach's sake and thine often infirmities." Since doctors and hospitals (and over the counter medicines) fail to correct the problem of my sinus, throat and stomach disease with big containers of mucus spitting daily and one hospital simply stated, "a sputum anomaly." Sputum = mouth secretion, anomaly = can't figure out. But it is figured out in [Bible and Technology Magazine Volume 4 \(Real Weapons Of Mass Destruction\)](http://www.mcquickenenterprise.com/magazine/magazine.html) – [click here](http://www.mcquickenenterprise.com/magazine/magazine.html) <http://www.mcquickenenterprise.com/magazine/magazine.html>, but has long been held hidden and the average, even human doctors held dubious to it and only an amateur like me can speculate about it, created cancerous virus or/to living cybernetic cloak. The alcohol stated by Paul (once thought to be grape juice) only now curbs this disease in my case with often reproduced embryo of this organism; when that reproduced embryo (sputum or stool) is bloody it had latch to my membrane and feed off my blood for that stage of embryo – or with the initial stage of doing so off/from the stool itself as a dung beetle's birth – yet this is not as wild/sporadic as it seem in my case, to the adult obeast on me reproducing (as virus cells do) but pseudo contained by it and do so loosely to deliberately multiply even to H.O.S. I never drank alcohol all my life, hated it, why drink a bitter substance, like medicine – seems ridiculous to me, only sweet soda of that genre of drinks, sweet appeals to my taste buds. I never need it to be 'man-ly' either, I was always a chick magnet as a stand alone. But now know what it was for in the underground economy, fighting a deadly disease – e.g. this simply organism, as a sperm, taking over a person and animating them by a grown wreath of network over their body, possibly mistaken for cellulite or white blood cells. Alcohol and all such contraption are bad when used in excess, like anything, and are from natural ingredients. Like cheese is from milk but too much cheese can clog your heart with fat or cholesterol and kill you, likewise alcohol, and why Paul stated "A LITTLE." Other contraptions invented for this purpose are also addictive and one would say if cannot moderate, then none at all, hence many of them illegal – like cocaine, crack, meth, opium, ganja, etc. Those (angels) who make these to combat this disease also made some moderate, but possibly loose its potency as such, like chocolate is made from the same substance as cocaine, mixing it with sweets for taste, which is a lesser form of cocoa – though original chocolate was bitter; heresy dark chocolate comes close. Tea back home was a powdered cocoa substance mixed with milk and sugar, what Americans called hot chocolate. So, I still hate the use of alcohol, its bitter and I'm not a sissy, prefer sweets but my problem persist and a cork of vodka or rum can cough it up. And actually, that's why people drink or like alcohol, not to be macho. They don't necessarily like the bitter juice but the feeling or effect it gives, like having sex with a whore, you don't like the woman though at orgasm you cry "I Love You;" you like the sex and can't kick that whorish habit because of it. What's the effect alcohol gives? Think an elastic band squeeze around your head, when you drink, it is loosens and hence that relief feeling, like an orgasm, especially when spirits hold to that elastic band and squeeze further. This is not poetic as in stresses of life and relief, etc., but the elastic band is a live organism on all flesh (pixilated-dormant or animated-alive) called an obeast – this is the same sentiment for most drugs (narcotics), that is, that high feeling the users get. However, because of the bad spin-off of alcohol, the church rightly advice and preach against it, for it be a substance if in much consumption can impair judgment like a spirit possession itself (yet what alcohol meant to counter – obeast-do the same thing). Also, if my knowledge or handle on the bottle will cause my weaker saint to stumble, as in the former sentence, better he not be aware of it as stated in 1 Cor. 8:7-12, 9:22 – yet plainly balance in this expository. Nevertheless, those two latter truths (its addictive abuse and cover up of why it exist) the evil harvesters (even of spices) can use to make illegal any antidote to the obeast problem or this uncanny virus I've caught, with their authority and even word backing – in order to continue harvesting them with jurisdiction or legally. By now you might think I'm crazy or this expository just flew over your head, you sort of have to be proficient with blog "Dew (due) From Heaven: Light 2 U Blog" and all its peripherals(books, notes, etc). But I just mentioned this to say I'm not an alcoholic or ever use illicit drugs (narcotics) and at best if diagnosed, a possible fabrication of ulcer or some stomach virus, or even to smear, STD, to cover up this silent epidemic than the truth of this clear and present danger.

You might even now say of me as in Psalms 41:8, "An evil disease, say they, cleaveth fast unto him: and now that he lieth he shall rise up no more." And given our human nature you may also do what the next verse says, "Yea, mine own familiar friend, in whom I trusted, which did eat of my bread, hath lifted up his heel against me" (Psalms 41:9). Such is contrary to the Christian nature and even proper mannerism of true friends, but like this Psalmist I trust also in the words of verses 12-13 of Psalms 41, "And as for me, thou upholdest me in mine integrity, and settest me before thy face for ever. Blessed be the LORD God [YAH] of Israel from everlasting, and to everlasting. Amen, and Amen."

P.S.: H.O.S stands for Head of State local and countries.

:=:=FORMER PRAYER REQUEST=:=:

This is how much a fight gotten from the devil for writing and preaching truths, however, pressed on, to God be the glory!

"Also, keep me in your prayers. Some days good, some not. For instance, last Saturday (Aug 2, 2008) to Tuesday I had sever diarrhea and pains. Sunday night walking it came down sudden and no where was open and for the first time since a youth playing I had to potty by a tree or else in my pants. Later it came down again some distance away and luckily a hotel was nearby and so I asked to used the bathroom. But by the time I left it more came down and nowhere at 2:00-3:00 in the morning, but fortunately saw a construction site, no one there really, so I used their porter putty until day break releasing waste - couldn't move - by time I stepped out, it came down again. I went to the ODM in the evening (Dollar General Card) and got some Pepto-Bismol pills - it seems to work but this diarrhea was severe and after I saw the instructions on the box saying not to take if there is mucus type stuff in the stool, which for the first in that quantity tons of mucus or a clear gel substance was in my stool, at times picked on my hand not even mixed in the stool as yet, should have had a camera, the doctors won't believe (mucus not sperms - not even my sperm - **never ever or will do homosexuality** or recalled being raped OR was it one of those anus laxative inserts nor any laxative OR I set sat on something of that substance). By Tuesday I said if it continues then I'll go to the ER, but it stopped. Then Thursday I had a near blackout and fell to the ground, like I was going blind, but got up laid down slept and walked in the evening. ETC, ETC, ETC. So please pray for me, prayer works too and has been working. Thanks in advance. "

LETTER SENT WITH RESUME / PORTFOLIO

GRAPHIC DESIGN PROPOSAL

Dear Sir/Madam,

I saw your Graphics Company ^{/Print Shop} in the local Omaha Yellow Pages and thought I would respond in terms of relations, being a qualified professional Graphics Technologist Specialist (Designer) and a resident of Omaha. Of such, I have attached my resume; it references my former residence in Florida, but the resume is quite up to date and current. You can also learn more about me, see my portfolio and other noteworthy achievements at www.McQuickDesigns.com or www.McQuickEnterprise.com.

To see my works better, download and print my graphics portfolio newsletter at:

<http://omd.mcquickenterprise.com/newsletter2005.pdf>

<http://omd.mcquickenterprise.com/newsletter2006.pdf>

http://omd.mcquickenterprise.com/resume_wide.pdf

I'm seeking employment in graphics, but my utmost desire and proposal is freelancing. That is, clients that walk-in who wants custom graphics done, any, I can do any graphics, you can refer them to me or better yet, I'll come in a do the work on a work-station in your store. That was the previous arrangement I had with a computer store, they would set up a workstation, customers come in, leave their info, I contact them and do what they desire there. They would pay you and of that you pay me, 60% (me) / 40% (you); or something along that line. It eases the pressure that comes with an employee and other things. If that seems like it would work for you, please contact me. I will also try to follow up with a phone call and/or postal mail.

Sincerely,
Oneil McQuick

THE EXCUSE THEY WOULD USE SAYING TO PUSH TO THE SET LEADERSHIP, WITH TWO PILLARS; LIKEWISE A LIE AND PUSH TO MADNESS, SPICE, ETC, TO FLIP THE SCRIPT FOR MORE OF BOX LINES DELIVERED OR UPDATED IF TO RETURN, ESPECIALLY TO GET THE EVILS TO DO REAL EVIL, AS THE PICTURE BELOW DICTATES.

How nuclear bombs work

Unlike the early atomic fission bombs that were not very efficient, today's modern thermonuclear weapons — also called fusion bombs — have a smaller mass with more destructive capabilities. The modern B83 bomb can produce an explosion with a force 88 times greater than the bomb dropped on Hiroshima, Japan, in World War II.

LITTLE BOY

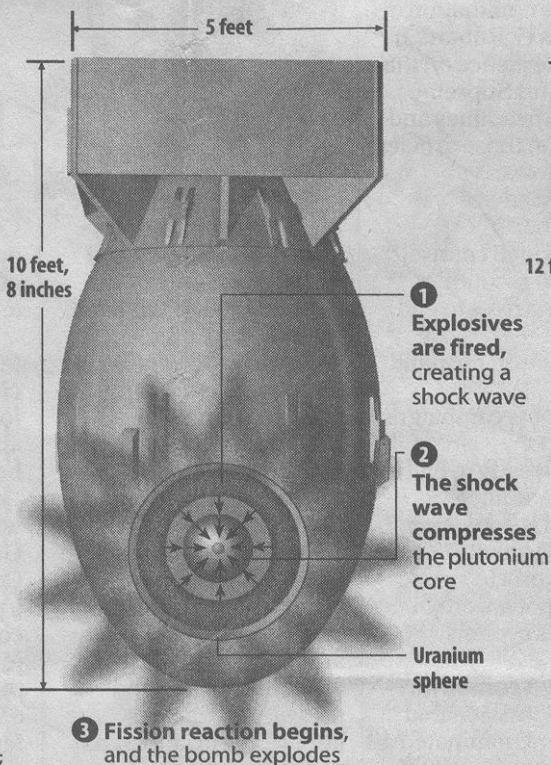

Bomb type: Gun-triggered fission with highly enriched uranium
Deployment: Dropped from B-29 Superfortress on Hiroshima, Japan, Aug. 6, 1945
Weight: 8,900 lbs.
Explosion: 15-kiloton yield (equal to 15,000 tons of TNT)

SOURCES: The Nuclear Weapon Archive; atomicarchive.com; National Atomic Museum; How Stuff Works

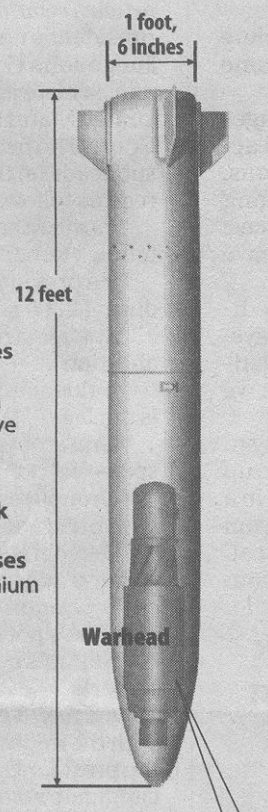

FAT MAN

Bomb type: Implosion-triggered fission
Deployment: Dropped from B-29 Superfortress on Nagasaki, Japan, Aug. 9, 1945
Weight: 10,300 lbs.
Explosion: 20-kiloton yield (equal to 20,000 tons of TNT)

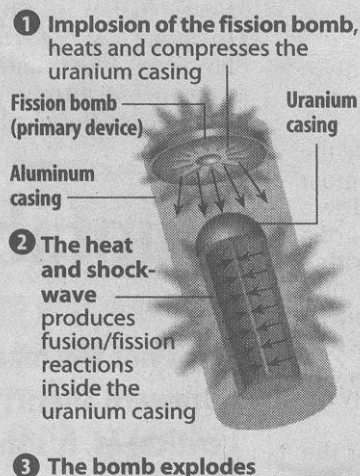

MODERN B83

Bomb type: Implosion-triggered thermonuclear gravity bomb
Deployment: Can be dropped from a variety of aircraft with a parachute
Weight: 2,408 lbs.
Explosion: 1.2 megaton yield (equal to 1.32 million tons of TNT)

THERMONUCLEAR (FUSION) BOMB

Staff graphic/Hiram Henriquez

portrayed as a purely civilian target, it had a long history as an army city and was home to tens of thousands of soldiers as well as the headquarters of the Fifth Division and the Second General Army.

But it had no munitions factories, and the fact that it had never been bombed with conventional weapons suggests it was low on the list of Allied military targets. Nagasaki, meanwhile, was only bombed after cloud cover made the preferred choice, Kokura, too difficult to hit accurately.

For the Japanese, the human suffering is the central legacy, rather than a more dispassionate

debate over whether the bomb was necessary. It's the core of the belief in a pacifist, internationalist Japan that would never again resort to war.

Sadae Kasaoka, 72, lost both her parents in the Hiroshima attack. While she calls the bombing an act of savagery, she believes the Japanese wartime regime shares the blame.

"The Japanese government should have done something to end the war, before it was too late," Kasaoka said.

That, she said, is why it's important for people like her to spread the word about what happened here — so that it never happens again.

NOTE

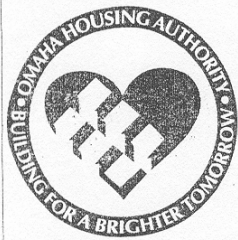

The 3 Bombs symbolize box and 2 Pillars, box in the middle. EA them seems to have done this with box lines sucked or the given allowance to prepare his coming - reasons like this Pig wanted to be Albert Einstein (or I'll birth The real Einstein, he where the sucked lines were put) seems another EA encode to pacify the fact and usage of a nuclear bomb; unnecessary and much lives died and never need to bring it out or some foolish atonement type charter, just like his voluntare of AB to abuse people and unnecessary exploits done, like chip soul.

Echoed in the words of Bob Marley, "how long shall they kill our prophets...got to fulfill the book." Making these say its necessary to fulfill the book, bull! And at the same time flip the script on box over and over, kill prophets, for more.

"Your Partner in Health Care"

**I HAVE NOTHING TO SAY, MAKE YOUR DECISION
AS FOLLOWING PROCEDURES. PLEASE READ THIS & FILES.**

I was sent to you (Pat at Charles Drew), for you to determine or send back to OHA a signed paper of my disability for continued housing. Why!? It was done last year already by Dr. Tom and nothing has changed.

So this is only stupid run-around by them, you and your inherent dumb sadistic evil unseen superiors piercing through your eyes (wheels) even reading this note as you read it (The Big blues = EA/Eagle, 7 thunders, US President, 3 branches of National and Local government and their excuse for lack of service, Satan black tote, Pig and horsemen). With all their pomp and wisdom can't foster a health system or society, inept bastards! Even so, such a deliberation, even now personally, to erode one's mind to madness, pressing it to spice (obeasted spirit than flesh) or coat of Satan (black/horn); and if that fails turn them over to their hell top lands to be phase out in its 3 evils (demon-human slave, smoked, stamped).

The result of such a person gone and only a mindless puppet or jacket worn by the aforementioned evil persons. Great social services and health care! Not providing any in the play thereof, likewise housing. Nice lie of an American Dream (and First world countries), all the North partake in, feeding your dumb selves in pretense of feeding others!

So I'm not begging you to sign the disability form to send back to OHA or begging you anything, you or yours already know my situation. You and yours do as you please until death/extinction, your choice of destiny. I'm not going to give details of illnesses any more, all are in the following papers provided you already have on file and tests are waste of time. And my tone of voice intended, even as a Christian who are not "pacifists," so
"#!@2!-?+=+_" OFF!

Kind regards, ☺

Note: Terms such as "spice," "obeast," "EA," "7 thunders," "horsemen," "black or leave-hind," "wheels," "smoke-chi," "stamped," etc can be explain in the book "Angels, Let's Talk" in chap 1 and 2007 index, at lulu.com/yahothniel

ADDED PRAYERS FROM YEAR 2007

August 24, 2009

The following was secret (only some here), handwritten or typed and had at the year 2007 breakthrough flight pull that begun with fastings too (as always lived a fasting life, once per week clean the body system). I laid over them literally on a bed or floor in prayer in that 2007 pull, then in the capacity of not repeating (a prayer request) it is repeated since then, likewise all future prayers/decrees put in limbo to come into being if not said at the time they were to be said in the capacity of not saying it or deflected to say it. So all was covered since 2007 of God's final call, to drop all things/workings and command to pull up now, so even if not to return (yet can do so in heaven or even if I'm in hell) no further decree or prayer needed to flight or foreclosure (big bang) after 2007 for any waiting, today I'm only uttering as if, the details and all future details also known by rings and God as a sealed book not yet opened (yet not as the "lamb crucified from the foundation of the world" but Christ still had to come and die). So the follow through is automatic in God's spirit and even carried through by rings who know the time appointed and persons, so only uttering as if (the EA Judgments and Extinctions were already) and also, I only scribble some of the Kellogg (kill-log) even as they automatically drop, scribbled for your benefit (ironic, I can't even afford the literal Kellogg corn flakes on a daily basis*). So by any means necessary, bring up!! Punto Final!!

THE FOLLOWING WAS IN SECRET 1, LITERALLY LAID OVER IN 2007 PRAYER/FAST: If not to return and remain in heaven or paradise, not to have a repeat of the Constantine error. That is, the new faith in it quintessence or as it should be is later or immediately formalized into pseudo religion, having the form but not the power or can save; especially if after me someone with "warp-chi" or so perpetrate to be its leader or voice, as Emperor Constantine did and erode the truth – cannot defeat it from without so did so from within. All such and any that foster this false formalization die with the EA Judgment; including those with such legality, example, False Prophet Bull.

THE FOLLOWING WAS IN SECRET 2, LITERALLY LAID OVER IN 2007 PRAYER/FAST: Unlikely, especially given the case of shells, though not doubting the prayer/decreed but using the stance of "IF," as in if such is the case then all faith released if such is the case, as in a "T." That is, if encoded Erno persist to revengefully, wickedly and deliberately cause me the anguish experienced to present, even daily, even still warp-chi/suckry claims, not only him but those with him, even amongst any blues assigned as "my" angels or any other in heaven or earth, that foster such with/without him or allowed such with/without that same bad sentiment themselves, all such taken and receive that EA judgment. None from heaven upholding such, but to the intent of no compromise and full utilization of the authority given to fulfill the promises and desires of God. We need not compromise his wishes or a seraphim stand in his way, however big! This is commanded in Yahoshua's name to Erno or any that act in his former ('my' angel) or latter capacities. Such a judgment cannot be avoided if in those capacities, as detailed by the Essence decree if you know, for instance "indirects" or non-obvious don't do, delays, no restoration, excuse of "discipline" or "teaching him a lesson," etc.. Though cannot do evil directly can manifest evil indirectly; as with withholding with excuses or warp-chi tenets.

THE FOLLOWING WAS IN SECRET 3, LITERALLY LAID OVER IN 2007 PRAYER/FAST: Those that have relentlessly wrestled with me to this day even since 2006 and have not received that EA judgment are to receive it, persisting this in daily anguish and sever iniquities, when commanded "touch not the wine [WIFE] and oil [BOX]." **(A)** Either the locust network for whatever reasons and excuses, so of them, all that partook, encourage, aid, allowed (including keep silent), etc, received that EA judgment. **(B)** With that same outline if an EA/Pat and his or of the Shepherd Bull network. **(C)** With the same outline, even if from the sea people, remember the "Boo-ites." **(D)** With that same outline, if this be a region's principality that wrestled with me, whether of Nebraska the state, local Omaha the city, Midwest USA region, America Country, Western/East Hemisphere, World, Planet, Galaxy or Existence. Example, if there is a principality of the Ab eye/wheel of the old Louisiana Purchase area, which is the Midwest USA region – to receive the EA Judgment. All and any receive such that cause this state I'm in and daily anguish. Obvious are the norms, Satan, EA, Ab, 7 thunders, Pig, etc but the majority voice outweighs any and if the majority voice does nothing or doesn't speak up means consent or alliance. **(E)** So also a likely candidate seems those in America claiming red and do the above, hence to receive it with the first outline above in A. If after what was exposed of Pig (k, etc, all parts) and still holding alliance, automatically make them knowingly God killers, knowing the Pig is a back-up head to kill God, so all such automatically to be extinct with that EA judgment. **(F)** Likewise any having any alliances, etc. to those identified in the conspiracy. **(G)** Likewise if any dogs and Ra remnants, all such that continue. **(H)** Included in

these groups/networks/persons receiving this EA judgment are the “Bugs” involved, hirelings, V’s and scripts; sender and scripts or any other creature receive that EA judgment as well; knowingly and willingly partook and all scripts destroyed.

THE FOLLOWING WAS IN SECRET 4, LITERALLY LAID OVER IN 2007 PRAYER/FAST: As in or those in, “IN SECRET 3, SECTION E AS OUTLINED IN SECTION A,” even those not wrestled with me and there is a disposing of America or West, deliberately fostered to flip-the-script as with EA & RA, inviting box north in a Wu as red but not sincerely but to flip or overthrow the cause, example in August 2009 Angels Notes Pin-Up at note 11 – all back up domains are to be threshed (possibly dumped up too) and purged of these allege reds/hypocrites and theirs (including bugs, scripts, V’s, etc) and such domains/lands/etc be left for the rest of the world in piety (real reds, whites, blues, etc). None that wrestle with me individually or collectively must survive as not wrestling against me (operation of his hands) but God, via his promises. As said, “because they regard not the works of LORD, nor the operation of his hands” (Psalms 28:5, Isaiah 5:12).

THE FOLLOWING WAS IN SECRET 5, LITERALLY LAID OVER IN 2007 PRAYER/FAST: The rest of the Bulls that weren’t changed and known by the heavens or predetermined God himself council, who are to be an affront to the last push or general affronts (yellowrites in nature though break alliance to satan) are to be changed to someone of the opposite, whether from heaven or 2nd to 3rd in command. Peacefully changing, upon their retaliation violently and consistently, to receive that double death and wheeling decree applicable. Likewise any in the down lines of any and all 12 Bulls of earth or any authority/moles. Especially those that set themselves or to attach heaven with back-up attempts, knowingly or not knowingly, voluntarily or not voluntarily as in silence or docile. This was 2007 written exactly as above put in prayer and limb since then, so never needing in 2008-2009 to utter again the removal of the now identified to me but fore-knew to angels back then of the one docile Wind Bull who would remove the fats to life in the next Ram to heaven.

THE FOLLOWING WAS IN SECRET 6, LITERALLY LAID OVER IN 2007 PRAYER/FAST: The continued Ab Bull replacements until one worthy and/or not in the conspiracy = knock out Ab Bull, then knock out Erno as Ab Bull, then knock out a Mike feet as Ab Bull, then knock any in the down line (unworthy as aforementioned) to rise as its head or Ab Bull (even just be there), example Locust-Pat/EA, Locust-Pig/Kelly, Locust-Former Ab Bull Eyes, Locust-Ra, Locust-Satan or such other locust in the Ab Bull down line network. Strikingly in this capacity, the under bulls were to hold such decaying structure, that is the greens, so Ra would assume such, but evil, so silently/unknowingly, in evil, other such dogs. Yet even alone, one scripture seems to hint functionality, “locusts have no king [AB BULL HEAD], yet go they forth all of them by bands” (Prov 30:27) – which still might suggest the under bulls (dogs) holding in one of their wraps unaware, less the system fall; they would especially hold that network if such a one is found and also Shepherd/Word Bulls network because they are infected with Herod/Barb or horsemen, their dew or time prints and sideways/up-ways hack as in a down line wheeling and “Patties” being made – that is, George or G-to-G (Ge-or-ge), G or Gabriel is both Shepherd Bull and Abyss Bull, his own deliberate Herod infection and Pig quicker penetration gave Herod/Barb to plaster themselves all over that network, eyes and wheels, not only amassing the biggest angel or bull networks by far but both networks have twice or more the other people in their hands or affairs, shepherd has all alive people and Ab has all dead people, to spread the infection to; yet still unsure if the last George Bush was Ab and his Father, President before EA or Shepherd Bull, milder and even worse, George Washing the first president be Gab himself in an EA feet. And don’t even put Box there to rise to head to knock him out, knock him now to go to heaven and not the lower heavens, but at God’s throne near his already built house in that parts.

THE FOLLOWING WAS IN SECRET 7, LITERALLY LAID OVER IN 2007 PRAYER/FAST: In addition to the allowances given for seraphim to remain seraphim for work or religious purposes (e.g. Bulls, etc, or red turn white) any seraphim kind that have such allowances, fallen or not, and uses it upon a person or wheel not in their work or opt-in religious down-line automatically be stripped of such privileges and the wheeling decree takes effect upon them. Whether in or out of their allowed down-line a seraphim kind uses such privileges/abilities to abuse a wheel or person they for forfeit such privileges and the wheeling decree takes effect, in addition to throwing one’s spirit on a “civilian” (angel, human, etc) now becoming illegal with allowances, such civilians not in their work down-line or opt-in temporary fellow saint labor down-line for religious outreach. One might say suppose a man falling to his

death and I can push my seraphim tentacle to prevent him running into a train, should I let him die or violate the law and loose such privileges? If you do you will loose such privileges! However, the same sentiment that applies to the Judeo-Christian application to the Sabbath applies here; as recorded, the Sabbath was made for man, not man for the Sabbath. The law was made for the benefit of all, not all created to suit a law. Rules are for a reason, God can raise up if necessary, as a the man falling to his death whilst Paul preached and was raised up; moreover, you could stop the death bull from carrying out his job, is one variable. The clause is to safe-guard individuals like me (all none-seraphim kind) who are often gloved, abused as such and manipulated. For instance, the never-an-ugly-bride-syndrome to wheeling, that is, stupidly using such abilities to twist a person neck and break it for that person to look at you to see what they think of the new dress you have on; moreover, what I've experience and seen by seraphim nature and liberty of use is far worse for frivolous reasons. The innocent like me need to be protect. You too as a seraphim kind can be protected from a bigger seraphim who likes gloving persons and cutting their spirit bottle caps! **Note:** Nonetheless, any good intensions to use such ability and bypass the law is forfeited for whatsoever reason by the law itself, better safe than sorry then. However, God is not blind and with the Judeo-Christian Application of the Sabbath, true cases go to the high courts, that is, the God Himself Council for any appeasing beyond knowing the individual by default and not a rule or means of appeal. And who or what can come to the unapproachable light, God, so otherwise, the rule and expectant is that this law will take effect par-none. Better safe than sorry!

Asterisk Denotes: EA pre-use the excuse of satan blackhead or cleave-hind to not provide when given "funds" from heaven to do so, even excuse to put me in the stocks, when he and satan are one doing the same thing and both lost their jobs and to be extinct never rehired. His upper eye was the dribble guy (Word Bull) to be new EA who was to provide now that Satan-EA removed, even by Mike. But the entire tree corrupt and foster excuses for meanness even "red tapings" or lien peripherals to keep a benefit as to be burdensome to any provision when nothing is need by box to do, not even required paper works, when he comes to earth and be in provision (example, disability requirements to lack of funds any other way, when I've written books that foster royalties in the capacity of not doing anything, this they steal and/or block as many would "buy the truth that you may live amongst us" – the exact echo of some angel faithful to me. Also to put these out of the way to script me to their evil purpose or breed more lines/dynamics doing other stuff). All in all to flip-the-script and/or just plain evil. But this Word Bull eye is good and needs excuses for lack when come in (even since 2007), even after lacks since Satan-EA gone, it would be obvious and he possibly fostered some benefits less than desirable by God (as uttered by God), even the two places in the "Lost In Ace" (See August 2009 Angel notes or Pin-Up); one excuse possibly, even to date, is Mike was acting EA while cleaning it out and Word Bull in transition and would say Mike really provided those places, sort of true as Mike also with Word Bull provide places for cross-current in Abyss Top Land – when (or now) Word Bull dies, when gotten the first place one ironic encoded verse given of Word Bull and his Fat in Hell's entire domain was that it is in a "clean place" was the exact phrase (Lev 4:12), juxtaposed with my current bad/dirty living conditions/housing. Mike would have Word Bull Fat there, to later restore the dead Word Bull from the Fat, pseudo-like. One earlier Psalms encoding, the exact Psalms to the dedication of the literal Word/Bible Psalms 119, given after the less than desirable first place and/or in a shelter (when God stay I'm to be in splendor, wanting nothing) had declared of the Word Bull now EA who was to now restore me after Satan-EA gone since 2007 or before, the encoded explanations in capitals or brackets,

"ALEPH. THIS KNOWN AND WHAT FALL ON THE GRAVE IS THEIR FAULT!]. **26.I have declared my ways, and thou heardest me...My soul melteth for heaviness** [THIS IS SEPARATE AND APART FROM THE REASON MENTIONED IN EARLIER 2008-2009 ANGEL NOTES OF MIKE SPECIALY ON MY SPIRIT, A RIGHEOUS EYE OF GOD, TO PREVENT ME BEING THERE]: **strengthen thou me according unto thy word** [MIKE HIMSELF AS SUCH, IN TIMES PASS AS WHEN BY THE COUCH, THAT IS, LIKE THE HOLY GHOST WOULD STRENGTH ME TO PUBLISH JEREMIAH 20:9-"fire shut up in my bones," THE IRONY, NOW EVIL THE FAT ON ME HE CAN ALSO COMMUNICATE THROUGH AND WONT SHUT SAYING HE'S NOT GUILTY. SO AFTER HIS FAT BE REMOVED FROM ME THE ABYSS WOULD OBLITERATE THAT ONE OF MANY REASONS MENTIONED IN THE 2008-2009 NOTES NOT BE IN THE ABYSS, NO EXCUSES TO BE THERE OR PICKING OF OBVIOUS REASONS NOT TO BE THERE ONE BY ONE, FALSELY OR LEGITIMATELY]. **29.Remove from me the way of lying** [IN HIS SHOW OF RIGHTEOUSNESS, MIKE WOULD ATTEMPT THE SAME]: **and grant me thy law graciously** [AS A RIGHTEOUS EYE OF GOD THEN, GOD WOULD STREAM ON HIM ALSO SO THE BOX WORD INTERPLAY BE WITH HIM AND ALSO RELEASE OF WORD]. **30.I have chosen the way of truth** [BACK THEN TO AFTER FIRST "LOST IN ACE" APARTMENT MIKE WAS HELD GOOD AND GOD COULD STREAM ON HIM, AS HE ONLY PARTICIPATED DOCILE OR NON-TACKLE, HAVEN'T OVERTLY CHOSEN THE WAY OF TRUTH BEFORE ALL. HE HIMSELF BY NO EXCUSE CAN PUT ME IN THE GRAVE, AS ALL THIS CONTRADICTS HIM OR HIS PREVIOUS BEHAVIOR]: **thy judgments have I laid before me** [EVEN THIS JUDGMENT OF MIKE EXTINCTION WOULD BE AS WHEN WORD BULL SEES HIS AND AFFLICT TO NOT HAVE IT SO]...**put me not to shame. 32.I will run the way of thy commandments, when thou shalt enlarge my heart** [HENCE, NO MORE PSUEDO INTERMEDIATE OR PROVIDER TO BOX FROM GOD, HENCE THE ENCODING AUGUST 2009 PIN-UP OR ANGEL NOTES, "MY HONOR" OR SWORD GIVEN TO ME]...**I shall keep it unto the end...who** [THE SWORD] **is devoted to thy fear** [GOD'S AND BOX'S SUBMISSIONN] **...thy judgments are good** [CAN BE TRUSTED WITH IT]. **40.Behold, I have longed after thy precepts** [I HAVE LONGED FOR YOU TO RETURN, AS WITH THE OTHER WATER BOTTLES, FOR YOUR JUSTICE AND JUDGMENTS TO COME]: **quicken me in thy righteousness** [EVEN SO, YOU QUICKEN OR STIR ME TO CONTINUE NOT TO RESORT TO NOTHINGNESS, "bruise reed," AS CONFRONTING THE MAYHEM AT HAND AND LIKEWISE THE SWORD, "smoking flax," UPHOLD MY RIGHTEOUSNESS TO CLOSE TO NOTHINGNESS AS I CANNOT BE ASIDE MYSELF].

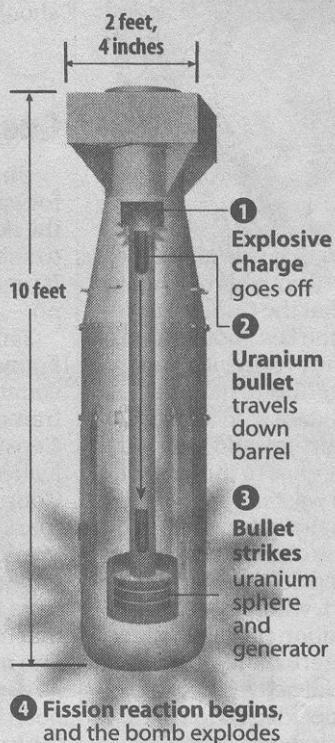

The other excuse is that the new EA is tied up in a horseman, even Herod, which they would deliberately do as encoding states, to foster the same excuse as the use of the satan's deliberate blackhead or cleave-hind. When gotten the first place away from the shelter end of 2007 and first settled from the couch in Florida (Amos 3:12), an ironic encoded verse had said that even this the evil Herod/Barb them would provide for he to swim peacefully in box, as when at the couch in Florida and not up and down on the road so horseman tie up excuse faulty; that verse was Psalms 6:6, "all the night make I [HEROD] my bed to swim," Ra would provide for the same reason; couch and bed juxtaposed in that verse to Ra (couch) and Herod (bed) both sucking on the box, Ra overtly as angel do as sitting on a couch, but Herod swim in the river box as lying on a bed and mar the entire river like a spice with digs/holes in it (to even irreparableness) even to other bottle waters; thank God, God doing the Sword and Network specialist thing. Yet the latter scenario (better up and down on the road to prevent swimming and harvesting) EA them can use as an excuse to have me up and down, when at any settlement rings there to prevent all evils, as now any swimming and harvesting, and at any rate a settlement is God's desire. The horseman on the shepherd network they would use to bar new EA's from coming and would "miraculously" cleared when box is dead or "coat of many colors" appear or patty, deliberate deliberation to foster that in lack and persecution to madness and/or spice or the 3 evils of the abyss (or 4th/others not fully materialize on the scene, example chipped soul or just body, to automation), thereafter begin again or flipped-the-script. Any new EA (even the nose) and thunders that come in and lack still is or evils continue, in the same former evils and with run-around even of themselves, or all in the conspiracy, foster excuses for those lacks/evils. At any rate this planet is like that, irreparable and needs foreclosure.

How nuclear bombs work

Unlike the early atomic fission bombs that were not very efficient, today's modern thermonuclear weapons — also called fusion bombs — have a smaller mass with more destructive capabilities. The modern B83 bomb can produce an explosion with a force 88 times greater than the bomb dropped on Hiroshima, Japan, in World War II.

LITTLE BOY

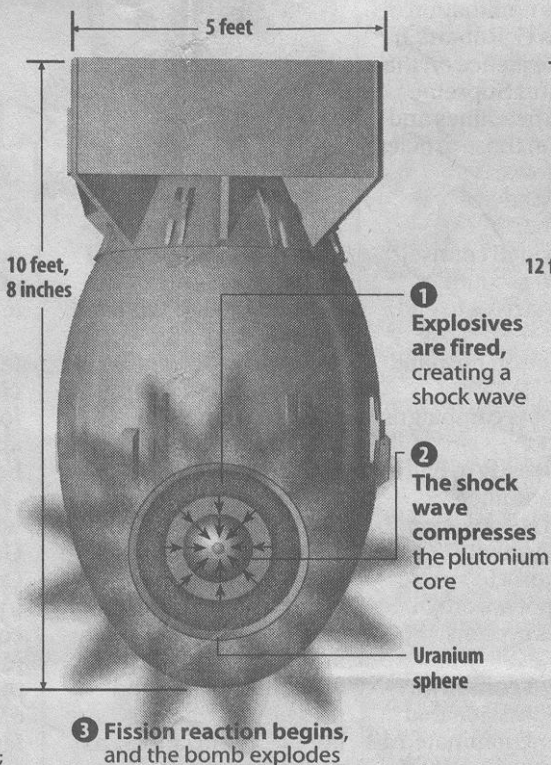

Bomb type: Gun-triggered fission with highly enriched uranium
Deployment: Dropped from B-29 Superfortress on Hiroshima, Japan, Aug. 6, 1945
Weight: 8,900 lbs.
Explosion: 15-kiloton yield (equal to 15,000 tons of TNT)

SOURCES: The Nuclear Weapon Archive; atomicarchive.com; National Atomic Museum; How Stuff Works

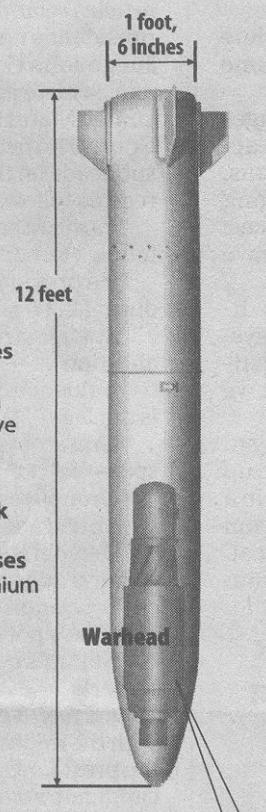

FAT MAN

Bomb type: Implosion-triggered fission
Deployment: Dropped from B-29 Superfortress on Nagasaki, Japan, Aug. 9, 1945
Weight: 10,300 lbs.
Explosion: 20-kiloton yield (equal to 20,000 tons of TNT)

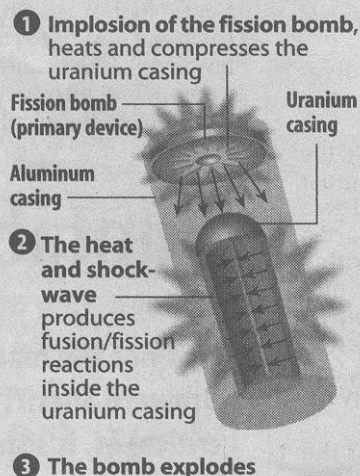

MODERN B83

Bomb type: Implosion-triggered thermonuclear gravity bomb
Deployment: Can be dropped from a variety of aircraft with a parachute
Weight: 2,408 lbs.
Explosion: 1.2 megaton yield (equal to 1.32 million tons of TNT)

THERMONUCLEAR (FUSION) BOMB

Staff graphic/Hiram Henriquez

portrayed as a purely civilian target, it had a long history as an army city and was home to tens of thousands of soldiers as well as the headquarters of the Fifth Division and the Second General Army.

But it had no munitions factories, and the fact that it had never been bombed with conventional weapons suggests it was low on the list of Allied military targets. Nagasaki, meanwhile, was only bombed after cloud cover made the preferred choice, Kokura, too difficult to hit accurately.

For the Japanese, the human suffering is the central legacy, rather than a more dispassionate

debate over whether the bomb was necessary. It's the core of the belief in a pacifist, internationalist Japan that would never again resort to war.

Sadae Kasaoka, 72, lost both her parents in the Hiroshima attack. While she calls the bombing an act of savagery, she believes the Japanese wartime regime shares the blame.

"The Japanese government should have done something to end the war, before it was too late," Kasaoka said.

That, she said, is why it's important for people like her to spread the word about what happened here — so that it never happens again.

NOTE

The 3 Bombs symbolize box and 2 Pillars, box in the middle. EA them seems to have done this with box lines sucked or the given allowance to prepare his coming - reasons like this Pig wanted to be Albert Einstein (or I'll birth The real Einstein, he where the sucked lines were put) seems another EA encode to pacify the fact and usage of a nuclear bomb; unnecessary and much lives died and never need to bring it out or some foolish atonement type charter, just like his voluntare of AB to abuse people and unnecessary exploits done, like chip soul.

Echoed in the words of Bob Marley, "how long shall they kill our prophets...got to fulfill the book." Making these say its necessary to fulfill the book, bull! And at the same time flip the script on box over and over, kill prophets, for more.

NO MENTAL ILLNESSES, EVEN “DEPRESSION,” WHILE AUTHORIZING 1000’s OF PUBLICATIONS

However, to date I can testify to being tired, stressed and feeling overworked after years of working in the ministry tediously as well with all the effects of that, even without worldly compensations – if not for Christ a mental breakdown would occur, or perhaps the equivalent to a mid-life crisis. So mostly a mental breakdown is bolster by Christ in me, as the scripture has said, ‘greater is he that is in me than he that is in the world.’ These can lead to depression, but I put depression in quotations above, for there’s no difference from clinical depression often made and in my case, the often feeling weary, tired and wounded is as the scripture has said, “Even the youths shall faint and be weary, and the young men shall utterly fall: But they that wait upon the LORD shall renew their strength” (Isaiah 40:30-31); this the second option doctor tried to best diagnoses as the world knows it (or third option, there was a first to the first at CA that concurred to the latter of a sound mind). I might go further to self diagnose post-traumatic stress disorder, given growing in knowledge and awareness to the ‘beings’ amongst us the bible call angels, has opened my eyes and there is a certain trauma from that in itself, much more than opening of the eyes used to traumatize me. For instance, in the atmosphere around us are million of microscopic organism in the air, our eyes can’t see them and possibly fit so by the creator with a smaller iris than say of an owl (or bats and why possibly they don’t use their eyes but ears, yet have eyes, why, and they live in the dark where we a vision-less), but if our iris, black part, opens/widens we possibly would see several particles flying at us in the air – bacteria, pollen, dust and even several nano-particles. Likewise, not that angels as humans or others amongst aren’t real, right before us, to our very eyes, but the awareness of them is hidden, like the particles in the air. Now, if one suddenly see the particles in the air, immediately that give a maddening effect, like being bombarded with insects all over you biting, coming out of your nose, mouth, ears, etc. That effect in my case is lessens because of Christ in me and the bible tells me so, so I’m aware of it before seeing it. Yet, little by little open my eyes to it. Now, when that opening of the eyes is forced (e.g. ‘Tracy Madden’ subliminal, but even satan pressing down among associates) that can further erode the brain and cause madness, yet only Christ upholds me (John 14:27, 2 Tim 1:7). All this put together, even with Christ upholding, can cause a dilapidated state of mind, not madness but as Isaiah 40:30 alludes, wearied and stressed, fully as of mid 2009, which needs refreshing to and from above than press in ministry outreach as such, and not wanting to risk errors or “my good, evil spoken of” if not balanced. If you see me mad or further works contradict or not balanced, it probably is not me for John 14:27 and 2 Tim 1:7 holds true. And remember this from the letters “I’m Getting Ugly AND Finally Ugly – Oneil McQuick,” found at www.freewebtown.com/livefree

“at the moment and previously this year devils (angels), etc, have been trying to make me mad physically because 2 Tim 1:7 holds true, so while being invisible to the eye, they yank blood vessels (nerves, obeast wreath, etc) on my upper neck and other parts of the head and brain, which causes much pain and if diagnose would read brain tumors, cancer and other brain/mental diseases - succeeding in either my death or survival, saying see he was mad so his words void; not to mention another variable, the obeast wreath on my head, though stable now, if found out in examination can effect the latter of those two points, as cancerous like as it be. But survive, though...”

So, or the “though...” continues, if they or the obeast or any is successful in yanking a brain or head part, nerve, blood vessel, etc, then as the scripture has said, “without thy mind would I do nothing” (Philemon 1:14) or I wouldn’t be able to function literately (and as stated in my post-will paper, “Must Know ill Procedures,” in such certain stages, let the due process of death occur). As particles are in the air but naked to our eyes, yet touch us, possibly opening of the iris, and the eye still intact, we could see them. Likewise, angels are on a different dimension we can’t easily see or feel, however, they can project to let us feel them if not for the powers that be, and as such, can invisibly yet tangible yank a brain part, hard to explain, but like when Trinity in Matrix died and Neo (Keanu Reeves) translated his hand in her body and touched her heart on different levels and restarted it. However, more than likely if such brain impairment occurs in this dilapidated condition and also with the anomaly on it (obeast), then I would be out of that body and in heavenly paradise. So? My body might still be alive walking about and you think it is me, that is, automated by an obeast or spirit; I would opt to say this can only occur if the “powers” that be allowed it, but such has been talking place since creation and if that powers that be were around, would then say “who am I.” That is hard to grasp, especially in the case of an unknown organism (obeast) automating a spirit-less body or the evolved versions (spice), with a spirit, even the obeast undertaking such on its own – these are also some of the opening of the eyes or awareness of things about us, there but unknown and not necessarily sporting myself as deep and at best,

as one person puts it, “ignorance [CAN] is bliss!” (Cipher – the subliminal reads decipher, in the red or blue pill, I choose the Jesus Pill!)

MENTAL EVALUATION CLARIFICATION

Out of the blues I was asked by a case worker at the ODM to have a mental evaluation done; this case worker who SEEMS to be out to get me (from a series of seeming agitation, see letter to Mrs. C. G-ory) and at best he would have me passed as mad, as I concluded from this that the guy must think I'm crazy. But he seems to hint it be normal procedures before leaving the ODM; innocently, his words were “to basically check not only on physical but also mental state before leaving, as we do” (paraphrase). I thought what the heck, what harm could it do and especially I thought or was led to believe it was just preliminaries to get into CA, wherewith I wanted to get into CA for the benefits (healthcare, free housing, food, etc), as previously applied to GA for similar reasons. But I later found out CA was only for persons with a mental disease, not the general public, like GA, and this mental evaluation is not general pre-screening but to determine if you are a person with a mental disease to be inducted in the program. However, I also didn't realize that mental illness is not limited to being crazy, senile, mad or deranged, but also compose things like clinical depression, bipolar, etc; so the first request by the same case worker could really be innocent and legitimate.

The guy from CA did the evaluation then related that I “Don't seem to have a mental problem from the evaluation, but the follow-up doctor visit to the psychiatrist is for officiality of that result” (paraphrase), though he noted the constant “cut-and-dry” hopeless situation I was going through. After seeing the Psychiatrist from CA, he, seemingly based on the latter, diagnosed me with “Schizoaffective Disorder C Bipolar Type.” I looked it up on the internet, but it was unclear but some traits diagnosed seems correct; like “depressive symptoms...associated with distress and disruptions...sadness...lack of motivation [sort of]...isolation” (wikipedia).

Being quiet and slow moving in the sight of all at ODM, that low feeling of hopelessness can be obvious, {1} being very sick physically (see list, 2nd letter to Dr. B-tek), {2} overt destitution {3} and with much potential find myself temporarily in a shelter (filtered/grass-to-flowers). At best, Web MD said “schizoaffective disorder...is often misdiagnosed...As a result, it is difficult to determine exactly how many people actually are affected by schizoaffective disorder. However, it is believed to be less common than either schizophrenia or affective disorder alone” (WebMD).

So another opinion was gotten from another Psychiatrist. He saw the diagnosis and I related to him the same thing as to the first and I asked him what the diagnosis from the first means since the definition was so broad, and he said, “I'm just having episodes of depressive moods” since such state began, but things in the episode would temporarily change it. He asked what, I told him “bible reading, prayer, going to church, etc.” He said, “to continue to do those things” as often as possible until back on my feet; though in everything I've learnt to give thanks. He also gave me a pamphlet entitled “managing depression.”

At the least and best from this ordeal and three official mental evaluations, it proves and diagnosed nothing near me being crazy, mad, deranged or senile, etc – as per the Psychiatrists, etc.; especially needed when I expose things like a “World Wide Mind Control Cast System,” and other intangibles amongst us, that rather than say this guy is pressing pass the norm or we don't understand, one would opt to say he is crazy and with professionals, certify that. Christ did promise to this saints, “Love, Power and a Sound Mind.”

ALSO NOTICE

We as Pentecostals can be categories as mad by the spirit birth and fresh revelation. In fact, when the people at Pentecost were spirit baptized the onlookers thought they were mad or drunk that Peter had to stand up and say “these aren't drunken, as ye suppose, seeing it is the third [WASHING OR SEED]” (Acts 2:15). Even if not Pentecostals, all believers are called a “peculiar people” (1 Peter 2:9), meaning strange or different from the norm and can seem mad; even as from the norm can be filtered from that aforementioned caste system if practice one's Christian faith; even worst, as much as I do, with that awful filtered agony – “The zeal of thine house hath eaten me up” (John 2:17). But notice the similarity between Pentecostals and some mental disease diagnosis:

[[[S = Stands]]] E = Explanation Within Christianity]]]

S = Inability to think or concentrate (WEB MD - Depression)

E = Every Christian, especially if progressive is afflicted mentally by demons trying to stop that progression. IT'S IN THE BIBLE – David said that there was constant warring in his mind, also “For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places” (Eph 6:12). And sometimes it can be ourselves being pulled to carnality, especially if drenched in a society that overtly fosters such, “But I see another law in my members, warring against the law of my mind, and bringing me into captivity to the law of sin which is in my members” (Rom 7:23).

S = Thoughts of death (WEB MD - Depression)

E = We as saints, being peculiar as such, know the physical and spiritual realm, and so know the spiritual fight spills in the physical and natural world and so at any time from that fight we are always ready to die – whether realized as Martyrs are not from it. We are not suicidal, but going all out for Christ, cost it what it wills, even if it means being filtered. IT'S IN THE BIBLE – “I am afflicted and ready to die from my youth up: while I suffer thy terrors I am distracted” (Psalms 88:15). “Then Paul answered...for I am ready not to be bound only, but also to die” (Acts 21:13). And all believers should be characterize with this, “they loved not their lives unto the death” (Rev 12:11).

S = Loss of interest in usual activities (WEB MD - Depression)

E = Not necessarily usual activities, but world activities. For the usual activities I do, like chapel nightly at ODM. But rather the world activities we Christian try to stay away from. Sometimes we can't do that instantly, so in gradual chunks. IT'S IN THE BIBLE – “Be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God” (Rom 12:2). “Because the carnal mind is enmity against God” (Rom 8:7). “Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him” (1 John 2:15).

S = Increased activity, including work, social and sexual activity; Increased and/or rapid talking; Rapid or racing thoughts; Little need for sleep; Agitation; Inflated self-esteem; Distractibility; Self-destructive or dangerous behavior (such as going on spending sprees, driving recklessly or having unsafe sex). (WEB MD - Mania)

E = All the above can often be experienced by a saint on the first time being spirit baptized and other such experience of ecstasy in the spirit and has nothing to do with Mania or facets of a mental illness. For instance, some of the following might be considered Mania:

WE PRAY TOGETHER ALOUD because:

In the Bible we read, "They lifted up their voice to God with one accord."-Acts 4:24

WE LIFT OUR HANDS IN PRAISE because:

In the Bible we read, "Lift up your hands in the sanctuary, and bless the Lord."-Psalm 134:2

WE SING WITH ALL HEARTS because:

In the Bible we read, "Make a joyful noise unto the LORD, all the earth: make a loud noise, and rejoice, and sing praise."-Psalm 98:4

WE PLAY MUSICAL INSTRUMENTS because:

In the Bible we read, "And all the house of Israel played before the LORD on all manner of instruments."-II Samuel 6:5

WE CLAP AND SHOUT UNTO GOD because:

In the Bible we read, "O clap your hands, all ye people; shout unto God with the voice of triumph."-Psalm 47:1

WE DANCE BEFORE THE LORD because:

In the bible we read, "Praise him with the timbrel and dance: praise him with stringed instruments and organs."-Psalm 150:4

WE TESTIFY PUBLICLY because:

In the bible we read, "I will declare thy name unto my brethren; in the midst of the congregation will I praise thee."-Psalm 22:22

WE ANOINT WITH OIL FOR DIVINE HEALING because:

In the Bible we read, "Is any sick among you? let him call for the elder of the church; and let them pray over him, anointing him with oil in the name of the Lord."-James 5:14

WE ALLOW THE OPERATION OF THE SPIRITUAL GIFTS because:

In the Bible we read, "When ye come together, every one of you hath a psalm, hath a doctrine, hath a tongue, hath a revelation, hath an interpretation."-I Corinthians 14:26

Such experiences at several instances might lead one to think the believer is plagued with Schizophrenia, but one simply being born again, a peculiar person, among other legitimate variables. For instance, again, persons in the bible saw angels (Joshua 5:13), but the psychiatrist might ask the patient if he sees dead people or spirits, which if he answers yes, he is mad; when by divine gifting can see those things, as the next stanza should show some experiences.

S = Delusions (strange beliefs that are not based in reality and that the person refuses to give up, even when presented with factual information); **Hallucinations** (the perception of sensations that aren't real, such as hearing voices); **Disorganized thinking**; **Odd or unusual behavior**; **Slow movements or total immobility**; **Lack of emotion in facial expression and speech**; **Poor motivation**; **Problems with speech and communication.** (WEB MD - **Schizophrenia**)

E = For instance, this scenario would be considered Schizophrenia, though from a contrary source many such legitimate cases since Christ time and if you watch Trinity Broadcasting Network (TBN) you'll see it live, though mostly in groups than such an individual alone. That is, this real experience,

"I watched the video again. It was entitled "Signs and Wonders Campmeeting 1994". Pastors of huge charismatic churches were stumbling around the stage "drunk" with "holy" laughter. Wanting to testify to the fact the "holy" laughter had transformed their ministries and their lives, many of them were unable to speak when called on to do so. But their "drunken" condition became their testimony. Their halting speech was seen as "proof" of the "power of the spirit" that had come over them. The congregation roared in approval as pastor after pastor laughed uncontrollably and then fell to the floor. Standing alongside the "drunken" pastors was evangelist Rodney Howard-Browne, the self-described "Holy Ghost bartender" who was serving up this "new wine" of "holy" laughter. Many Christian today believe that Howard-Browne is God's appointed channel for imparting joy and revival to the endtimes church. Other Christians see Howard-Browne as a false prophet who is inflicting great damage to the body of Christ...Later when I talked with several members of the San Francisco Vineyard congregation I was told how hundreds of people were getting "hit" with "revival" - how some people were getting so "soaked in the spirit" they would lose consciousness for up to several hours after falling to the ground"

Lastly, though my Christian faith covers any peculiarity, being apart of a peculiar people, another group of people that exert peculiar behavior traits are artist – as their nature to be creative, which creativity often is out of the norm and also most often out of the caste; hence many a time the “starving artist.” I myself is an artist, though computer graphics. This portfolio newsletter I had done with the article on the front, sort of explains why artists are that way, it can be found at <http://omd.mcquickenterprise.com/newsletter2005.pdf> (OMD Portfolio Newsletter 2005). Thanks.

Sincerely,
O.M

ENDNOTE: Pentecostal. An adjective used to describe those who have receive the same experience that the followers of Jesus did on the Day of Pentecost. (See Acts 2:1-4.). **Tongues.** Speaking in tongues means speaking miraculously in a language unknown to the speaker. It occurs as the Spirit give utterance (Acts 2:4), not by human learning or imitation. There are two major functions of speaking in tongues in the New Testament church. **Divine Healing.** The divine intervention of God to cure sickness of body and mind. Divine healing was purchased for us by the blood of Jesus that flowed from His stripes (Isaiah 53:5; Matthew 8:16-17; I Peter 2:24). Jesus went everywhere healing those who were sick (Matthew 4:23-24). **Baptism of the Holy Ghost.** Literally, being dipped, plunged, or immerse in the Spirit of God. The baptism of the Holy Ghost is the birth of the Spirit and thus is a vital part of entrance into the kingdom of God. (See John 3:5.) The initial evidence of the baptism of the Spirit is speaking in other tongues (languages) as the Spirit of God gives utterance. (See Acts 2:4.)

HOUSE IN THE MIND

I was watching a documentary February 2009 and found that a person with mental illnesses was “someone with strong idealism (or one-trackminded)” and were treated for mental illnesses or given a lobotomy – “Lobotomist: American Experience” on PBS which focused on Walter Freeman. Simply put, someone fighting from being mind controlled in this worldwide caste system; that someone pressing to their own God given desire and the handlers of this caste system trying to break them to fit the system or turn that someone from one gifting they perfected to use that same genius on another field to perfected for the system handler’s own gain, to the tedious impractical detriment of that someone as possible often before their old age – like we are machines (basically more breasted milk for more sucked lines as described in the angel notes under the girls gone wild subliminal). In the documentary, reading between the lines, the lobotomy was to break that strong mindedness to now possibly wheel them else wise or desist pursuing a perfected field (well) that that someone gained, now sucked! Yet even the lobotomy process can be to dismantle the obeast on them, other underground reason, the obeast itself used as a handle for the handler but now it too could resist the handler or block such. Notice a pre-lobotomy patient, they are tormented with madness, the handlers even audible emanating voices in their head and other anomalies (even bankruptcy, homelessness, sicknesses, suicide, delusions, seeing dead people) to succumb the mind – A VERY GREAT EVIL! Easy to do by reason of who the handlers and heads are, angelic, rather than through the earthly ingenuity {1}mechanical (e.g. elf-waves, inserts), {2}biological or {3}social means, but the paranormal – the events in the movie Sixth Sense to the kid or man-patient was nothing of earthly ingenuity and real, but can easily be fabricated by a being that is angelic (i.e. spirit), as in the bible spirits were revealed to prophets, prophets heard spirits, even of the dead and spirits have power to sort of bend reality even your dreams, in these instances they were good but an angel in authority can use that liberty to torment a human, or a human who become angelic torment a human or even an obeast who is advance and afloat the system torment a human. To date this very great evil is being done by those who are to protect us, angels who were in authority (Eagle-EA, his 7 Thunders, Pig, Word Bull, Blues, etc) as against the deluge of demons/devils (satan, anti-Christ/beast/AB, locusts, etc) they are to fend off but altogether – see more in gold text below. For instance, I’m a preacher and sold out to be, so long as I am, as all preachers, that is being one-track minded or strong idealism – a definition for mental illness. However, the caste system deem my “genius” more fitting in another field, for their gains, and preaching salvation is not only worthless to them but even damaging to their system – so would break me down to switch, even driven to madness, hence the title of these two letters “Getting Ugly” and “I’m Finally Ugly.” Likewise, my graphic technology profession, they would rather use such individual genius to perfect war-craft technology in the army, even as a high class locust in Abyss top land. Or, if fail with a very defiant one, use such genius in sports (profit, entertainment and sense of triumph in a fail program) as the case with the bible Samson. This is hard to explain to a human, but by Christ (Yahoshua) I will not in. So if you hear dubious things about me and especially if don’t hear from me again, (“worthless-homeless,” mad, drunkard, druggist, mental institution, backslide, whore-doms, homosexuality or other promiscuity, suicide, etc or other such fabricated lies to smear my preacher image to switch) I was here or as written in graffiti on walls – I WUZ ERE!

If I was writing in my Christian newsletter I would say, “This has been a voice crying in the wilderness!”

EXAMPLE MAD SOUND STUFF BUT OPENING OF THE EYES NOT ONLY TO ANGELS BUT THE REAL SYSTEM OR FLOW OF THINGS AMONGST US

WE AND THE ALCHOL BOTTLE

While growing up to present only consumed little alcohol by such infrequent methods of juice, rum and raisin ice-cream, etc. In fact, my 2nd bottle of vodka or liquor ever bought was in 2009 and 1st approximately near that time. My 1st bottle of beer was also in 2009, after 2 years of hospitals and testing to no avail; thought I'd try this biblical approach as stated in 1 Tim 5:23, "Drink no longer water, but use a little wine for thy stomach's sake and thine often infirmities." Since doctors and hospitals (and over the counter medicines) fail to correct the problem of my sinus, throat and stomach disease with big containers of mucus spitting daily and one hospital simply stated, "a sputum anomaly." Sputum = mouth secretion, anomaly = can't figure out. But it is figured out in [Bible and Technology Magazine Volume 4 \(Real Weapons Of Mass Destruction\) – click here](http://www.mcquickenterprise.com/magazine/magazine.html) <http://www.mcquickenterprise.com/magazine/magazine.html>, but has long been held hidden and the average, even human doctors held dubious to it and only an amateur like me can speculate about it, created cancerous virus or/to living cybernetic cloak. The alcohol stated by Paul (once thought to be grape juice) only now curbs this disease in my case with often reproduced embryo of this organism; when that reproduced embryo (sputum or stool) is bloody it had latch to my membrane and feed off my blood for that stage of embryo – or with the initial stage of doing so off/from the stool itself as a dung beetle's birth – yet this is not as wild/sporadic as it seem in my case, to the adult obeast on me reproducing (as virus cells do) but pseudo contained by it and do so loosely to deliberately multiply even to H.O.S. I never drank alcohol all my life, hated it, why drink a bitter substance, like medicine – seems ridiculous to me, only sweet soda of that genre of drinks, sweet appeals to my taste buds. I never need it to be 'man-ly' either, I was always a chick magnet as a stand alone. But now know what it was for in the underground economy, fighting a deadly disease – e.g. this simply organism, as a sperm, taking over a person and animating them by a grown wreath of network over their body, possibly mistaken for cellulite or white blood cells. Alcohol and all such contraption are bad when used in excess, like anything, and are from natural ingredients. Like cheese is from milk but too much cheese can clog your heart with fat or cholesterol and kill you, likewise alcohol, and why Paul stated "A LITTLE." Other contraptions invented for this purpose are also addictive and one would say if cannot moderate, then none at all, hence many of them illegal – like cocaine, crack, meth, opium, ganja, etc. Those (angels) who make these to combat this disease also made some moderate, but possibly loose its potency as such, like chocolate is made from the same substance as cocaine, mixing it with sweets for taste, which is a lesser form of cocoa – though original chocolate was bitter; heresy dark chocolate comes close. Tea back home was a powdered cocoa substance mixed with milk and sugar, what Americans called hot chocolate. So, I still hate the use of alcohol, its bitter and I'm not a sissy, prefer sweets but my problem persist and a cork of vodka or rum can cough it up. And actually, that's why people drink or like alcohol, not to be macho. They don't necessarily like the bitter juice but the feeling or effect it gives, like having sex with a whore, you don't like the woman though at orgasm you cry "I Love You;" you like the sex and can't kick that whorish habit because of it. What's the effect alcohol gives? Think an elastic band squeeze around your head, when you drink, it is loosens and hence that relief feeling, like an orgasm, especially when spirits hold to that elastic band and squeeze further. This is not poetic as in stresses of life and relief (though can be), etc., but the elastic band is a live organism on all flesh (pixilated-dormant or animated-alive) called an obeast – this is the same sentiment for most drugs (narcotics), that is, that high feeling the users get. However, because of the bad spin-off of alcohol, the church rightly advice and preach against it, for it be a substance if in much consumption can impair judgment like a spirit possession itself (yet what alcohol meant to counter – obeast- do the same thing). Also, if my knowledge or handle on the bottle will cause my weaker saint to stumble, as in the former sentence, better he not be aware of it as stated in 1 Cor. 8:7-12, 9:22 –

yet plainly balance in this expository. Nevertheless, those two latter truths (its addictive abuse and cover up of why it exist) the evil harvesters (even of spices) can use to make illegal any antidote to the obeast problem or this uncanny virus I've caught, with their authority and even word backing – in order to continue harvesting them with jurisdiction or legally. By now you might think I'm crazy or this expository just flew over your head, you sort of have to be proficient with blog "Dew (due) From Heaven: Light 2 U Blog" and all its peripherals (books, notes, etc). But I just mentioned this to say I'm not an alcoholic or ever use illicit drugs (narcotics) and at best if diagnosed, a possible fabrication of ulcer or some stomach virus, or even to smear, STD, to cover up this silent epidemic than the truth of this clear and present danger.

You might even now say of me as in Psalms 41:8, "An evil disease, say they, cleaveth fast unto him: and now that he lieth he shall rise up no more." And given our human nature you may also do what the next verse says, "Yea, mine own familiar friend, in whom I trusted, which did eat of my bread, hath lifted up his heel against me" (Psalms 41:9). Such is contrary to the Christian nature and even proper mannerism of true friends, but like this Psalmist I trust also in the words of verses 12-13 of Psalms 41, "And as for me, thou upholdest me in mine integrity, and settest me before thy face for ever. Blessed be the LORD God [YAH] of Israel from everlasting, and to everlasting. Amen, and Amen."

P.S.: H.O.S stands for Head of State local and countries.

THE INVISIBLE MIND-CONTROL CASTE SYSTEM

I have tried businesses (and have certifications in small business) and gave the option of book sale online, but none of that have gotten off the ground or yielded "real" benefits of income ("**They**" also rob funds from book sales with no trace by hacking, etc), which led to working tempt services until illnesses halted that presently; neither my line of work, sitting a computer (graphics), yielded "anything." I guess the American Dream is not for everybody; this is obvious with my bank statement having \$XX.00 and educated and talented. At best a World-Wide (all nations) mind-control caste system, where the resistive are filtered. By the way, in case I seem mad by my words, literature, etc, it is because as one of those resistive to the norm or caste and allowed knowledge, those in the caste (possibly you) would be unfamiliar with it and what they are unfamiliar with they out-caste automatically, as also by the mind-control in the caste system (even fad) of someone pressing pass the knowledge of the worldwide caste. For instance, words we are not familiar with are called big words, because words we are not familiar with usually have more letters in them than the average word; e.g. "Supercalifragilisticexpialidocious", hence it is not in our vocabulary (THE CASTE). However, this is a big word to most, Inept, yet it is less words than the average word; so the word is not big, just unfamiliar with it because it is not in our vocabulary (THE CASTE); or in the example of the caste with the mind-control, forced not to be in vocabulary. Sadly, like words given from a youth by fad, Educators, etc, to build a vocabulary we cannot see or know we have, likewise this caste system I speak of is intangible or invisible and so one cannot grasp it, speaking of it further give the rise that this is a mad man. For those who press pass the caste are ostracized as mad!

Further reasons you would think me mad is that the leaders and controllers of the caste system are sinister angels (GOLD TEXT = Bel, EA, Ra, Pig, Satan, EA 7 Thunders, The Beast, Erno, even Gab & Mike and many others, plus the Eye of God seraphim tree they belong to above/beneath earth), if you can't even grasp the existence of angels amongst us, even as humans (obviously world leaders), it would be hard to even grasp the concept of the caste system. Read the book "Angels, Let's Talk" written by Orlando Constantine and after that, CLICK HERE to see some of what they are doing. And only if you're an angel, CLICK HERE, for follow up 2008 notes on

the book "**A**ngels, **L**et's **T**alk" (A.L.T TEXT) especially as it concerns the current world state of pending foreclosure of [the least] the West and seems this world (scurry through the short hand writings of bad grammar and bad spelling and remember chapter 1 or intro and 2007 index of the ALT Text applies). And no, "much learning haven't made me mad" (Acts 26:24 nor Jude 1:10) but some things are hard to be understood truly (2 Peter 3:16); though at the moment and previously this year devils (angels), etc, have been trying to make me mad physically because 2 Tim 1:7 holds true, so while being invisible to the eye, they yank blood vessels (nerves, obeast wreath, etc) on my upper neck and other parts of the head and brain, which causes much pain and if diagnose would read brain tumors, cancer and other brain/mental diseases - succeeding in either my death or survival, saying see he was mad so his words void; not to mention another variable, the obeast wreath on my head, though stable now, if found out in examination can effect the latter of those two points, as cancerous like as it be. But survive, though... In those newer 2008 if features those pulling from the caste system will be harassed to death, spiced, smoked chi, etc (no peace) by EA 7 thunders and others, example, in the gold text above.

CIPHER OF THE MATRIX MOVIE

That Cipher subliminal of the Matrix was possibly personally to me, really decipher between STEAK LIFE = satan-ea or UNDERGROUND FREEDOM IN RELATIVE POVERTY = Ra/fatta (Morpheus). The Agents, 3 for these 3 eye of God wrap of this system, so any choice, good or evil or indifferent is in them, so cornered at any rate and so all luggage really 'yellowrize' or soaked in evil, though Ra spout green and mike orange, all evil characterize yellow though these two not necessarily submit under the yellow tree satan and Ea belongs to, but like saying to Google a word, when you mean to use a search engine to search a term, Google is only one search engine, so yellow just a label for all evil and devil a word for a myriad of accusers and not just satan. Many scriptures allude to this leave-behind or matrix movie subliminal, can't get in them but possibly one is 1 John 5:7-8 =

For there are three [WORD BULL, EA, AB] that bear record in heaven ... and these three **are one** [THE FIRST MADDENING, THIS IS THE SAME SERAPHIM WORKING EVIL WITH HIS EYES/WHEELS, WORD BULL SEEMS THE HEAD AND EA & AB EYES, ALL OF IT CORRUPT].
And there are three [GAB EYE OF GOD TREE, LIKEWISE RA, LIKEWISE MIKE] ... and these three **agree in one** [SECOND MADDENING, THEY ARE NOT THE SAME EVIL OR SUBMIT ONE TO ANOTHER, MORE THAN LIKELY RA & MIKE LATER KICK GAB FROM THE DRIVER'S SEAT, BUT THEY AGREE TOGETHER TO WORK THAT AGE OLD CONSPIRACY AGAINST GOD].

The Gab tree (with Pig and satan in it grasp) have the rich, hedonistic and outright sinners/rebels with an over wheellock too, they running from that and Ra opt to say he is good or perpetrate being against the former, grab some hopefuls or true poor rebels against that tyranny, not feeling such as the former, but with an under Wheellock. When I felt this press of choices, satan pressing on one side violently and I know Ra is evil, but press on the other side like a smooth operator for me to cover under him from satan, I resisting and praying, the Lord used this scripture from the not yet revealed Psalms encodings "he lieth in wait to catch the poor: he doth catch the poor, when he draweth him into his net" (Ps 10:9). So like the Morpheus figure, the Lord saying, be of courage they, though opposing are working the old "good cop, bad cop," one has to inadvertently choose to bunker under one of them, yellow or green and automatically all is under mike or orange due to the fat, though mostly for service personnel, all angels usually work somewhere and Ra tree and Gab tree has fat. Normally satan violently presses (and pig with a passive hedonistic or false help lure trying to use her to cut out the other end of the press Ra undertake), so when resisting that violence or hedonism Ra offers aid to the poor which comes with covering in his network voluntarily, like Morpheus pop up to a trapped Neo in his cubicle running from the agents - so either way one is trapped and become yellow luggage. I learnt this process while doing photoshop classes, in the properties you can make the

edges strap-to-guide than fit it yourself, that is drawing a rectangle to 4.53 by 3.48, fixing an image to that precisely take manual magnification and this and that, while if the guides are on the platform outline to that specification, when you place the image on it and move it near it, it automatically strap to guide or that fixed dimension. This is the process of much mental illnesses in the world, a familiar spirit or spirit guide trying to merge with a human, when it resist, many things like death, losses, etc are used to force that individual to snap to that spirit guide. Why? It now becomes an outlet or source of resort from that pressure of life and without knowing, that evil you resisted you are now friends with, working with and in their web. And why I wrote against the Sixth Sense movie in my earlier expository, it is telling individuals to succumb to the spirits or snap to them when that pressure begins, than resist evil. Then there was a deluge of other snap-to-process I learnt, not necessarily to a guide or someone, which can be classified under the process of "mental illnesses processes," not on the doctors book and when not knowing what to do to this abnormal or spiritual situation, Psychiatrists would advise like the Sixth Sense movie to accept that guide, when we are taught, "there shall not be found...that useth divination, or an observer of times, or an enchanter, or a witch, Or a charmer, or a consulter with familiar spirits, or a wizard, or a necromancer" (Due 18:10-11). So I can empathize with you angels of being cornered in this world by this "anywhere-you-back-me" or snap-to process, either place you're in that conspiracies net, even so, as a thicker fabric to the spice-attacks, all three evil eyes of God agree in one. And so, not just as you seem to allude in your subliminal – the rogue wolverine of the X-men, that is, box immune by the 6 as to the 6 claws that protrude from his hands, 6 for the 60 and even worst its now 30. Wondering everywhere and anywhere, and as on the system the 6 or rings appear when angry or trapped. I was sent in red (Isaiah 63:1), thought such is now over, with being touched in all points as Jesus Process – even so, flight should have been 2007 or 27, left in the subliminal of Nelson Mandela 27 years in prison, as in it is done, "N-(end)-El-Son," El for the Gab eye of God tree, but not necessarily his son or submitting under him, Ra and Mike are sons of that "kill-God-take-over-heaven" conspiracy, like Gab is a son or slave to it, all these receive that EA Judgment then and is drying up; don't know what the Mandela was to say, "Man" I guess for box in red, don't get the "dela." And I don't want to know, I appreciate all the jesters really, but don't bombard me with it, weary now. Again, as with the red or blue pill, I choose the Jesus Pill!

**MORE EXAMPLE MAD SOUND STUFF BUT
BELOW**

AFTER "ANGEL LET'S TALK" book AND "2008-2009 ALT NOTES" book

That is, Ezekiel 7-48, what is now, the ascension pressing and strong details and concordance to the foreclosure process and much more details that would make over 300 pages of a 8.5 x 11 book. So for the reasons mentioned in the 2008-2009 notes I'm not writing them out, especially with interpolated and juxtaposed traps, contextually and even in time, by the strains of the 3 evil eyes of God. Example, when writing to the human fold (holding all things constants, for it is for angels too) I would expound on the Trinity as detailed in a book called "The Voice" by O.M., with even verses of 1 John 5:7-8 to prove the oneness of God, as it does. Then in a small note to angels, possibly "Kanye West - Jesus Walks - Last Note to angels" or "No Mental Illness While..." I use 1 John 5:7-8 to speak of the 3 evil eyes of God it identify and their togetherness in the conspiracy against God, from the first Ab triple threat mentioned in ALT text (I would be so burdensome in to figure or if not, lost there-in as not to even know of) to the other triple threat of Gab, Ra & Mike. Now, when I use 1 John 5:7-8 to speak of that it has no relation to the Godhead or God, not contextual or prophetic usage, but encodings ment for "angels, etc." hidden in bible as described in chapter 1 or intro of ALT Text and why you are not to read the encodings or literature to angels except you read ALT Text chapter 1 or intro of the bible decodings. For someone could see that and say I said the God^{head} is a trinity of Mike, Gab and Raphael or worse, EA, Ab, word bull, or worse, the former one as the Godhead. No! So I desist from writing on them, oboast theory (final statement on them in 2008-2009 notes, last set, page 10), angels, the paranormal and not even to the human fold, except if foreclosure wasn't pending, time to balance every line and a renewed mind after the mists of heavens, to even tackle such fully to all understanding; though while Christ Jesus (Yahoshua) leads gently in word, especially as what to expect, I comprehend. Many who can understand wouldn't take the foreclosure seriously either, for a toxic planet as this was often in foreclosure, a classic past one is Noah's flood; though thereafter is the complete obliteration of earth and this solar system, despite prophecies, as such, with time tampering that such prophecies hadn't been or with the gross darkness ^{so God justified} monograph pro-rated, if fulfilled in heaven with a simultaneous big bang. Each time this earth faces such a foreclosure, God has to send a preacher to warn, if the preacher doesn't, the blood on his shoulders, yet the preacher would shy away from it because pre-adventure it doesn't come, then he looks like a false prophet or cause the people to ^{hear and} repent and their due judgment thwarted, in both case, such was the event of Jonah and Nineveh. And in today's time such has been the case of many preachers walking around mad with signs and them saying, "The End is Here." Unaware to most folks, in the skies were a string of angels with a ring around the earth of the 4 horns and ^{innumerable} eyes Eze 1:18 calls ^{terrible} to dump up this planet to oblivion; something usually divert it, not necessary repentance, but the dying outlaw EA-word bull bound the wickedness in word or jurisdiction, so had to be left until someone unravels it or break that false

Seal. That preacher who said The End is Near or Now Here wasn't necessarily wrong, but God will not do any such thing unless the people are warned by a preacher, as inherently been going on. However, as said in the 2008-2009 notes, this foreclosure is like sure, as concurred to by the spirit overtly in Ezekiel encoding. You would not believe the state we are in and height of undetectable sins and unending cries, further tarrying prolong such, endanger the universe and as intended (a base) further endanger heaven. So the rings are loose, "Thy light is come" and a most "vehement" sword to "over-cover" the mission. The details in Ezekiel and other encodings not necessary to you, you have been given much, ONLY REPENT and get saved, both humans and angels. And hopefully now than near future no more New Years Eve ball drop, that was a leave-behind or subliminal of the fore-closure ever pending this planet, to say we survive another year not foreclosed, hopefully not a mock by the evils of this planet hiding behind the 2 aforementioned triple threats and their base conspiracies of evils, mutiny and nasty disintegration of all beings here to fabricate into themselves for their big stones (exploits, 'chi', inherently) - the birth place of the kings, etc. The ball to be dropped represent this planet on new years eve, safely lowered on a count-down (as a time bomb) to safety, yet the mirror squares encircling it, like the disco ball represents the 3^{time} stamps to its inhabitants and visitors from heaven (feet & forces of the 50 even, given the uniqueness of this planet). ② The main 3 bubble City Technology in this planet, all utilize time manipulations, as the mirrors, on the ball, making this planet infinite layered, with much storage of AI, wheels, eyes of copied stones over and over again with originals, including fats. ③ As the mirror image typify, each person & seraphim alive (with their luggage) is penetrate with several "seats" as mentioned in "kanye west" piece or mirror of themselves ready to birth if... into a copy of someone or their extension and presently can hack/glove them, see that "kanye" piece on <http://www.myspace.com/yahothniel>. ④ Plus many, innumerable seen and unseen dangers time & space wouldn't allow me to write. Just one of these would cause the foreclosure, yet ball drop each year - I guess allowed by the system sticky scripts until all "dispensational" salvation accounted for - remember angel folk, no flip-script again, only believe & baptise. Even the record cleaning ongoing cannot remove all this filth, as everything henceforth is like a malicious "V" or avenue for evil to begin again after seeing the forth coming cleaning, example, the case of the "Pig Pinyata" by the acclaim North reds and evil here and even men of the east. That pig ram, burst, set to grab the fallen piece and stones, blame it on her, get venerated, build it again after her exoneration by EA-word bull. Anyway, just wanted to write a paragraph before writing some of the encoded numerology gotten in Ezekiel 7-45, FOR ME, not for publish though you may see it where I archive it online. DO NOT TRY to understand it, memory triggers for me and very brief or limited to a fact, "I can" confuse you further - though most won't understand it, for you have to read ALT Text 2008-2009 notes, the Light 24 Blog, etc. Again, the encodings in Ezekiel 7-45 are either it is already marked and twirled by a sword sent. More box, that's your more wanting to flip for.

over 300 pages ^{back and front} (8.5x11) if I write them, minus the delapidated mind 3 after the mists of heaven. So these are just a few numbers that stood out to me, whether true or interpolated. DO NOT TRY TO UNDERSTAND! No More.

NOT NECESSARY, REST, FLIGHT

May 2009

WEARY TO TACKLE, GAVE ENOUGH, SAYS "GOOD"

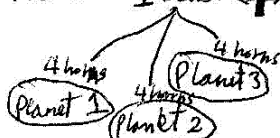

State of Play

A 10 or 2010 the "clearing" should reach completion of all evils in the west and threats from earth, so to speak. Seems a number the latter triple threat or word bull craft in word to bound their plans, when the time is always now. Yet it does seem biblical to the work of righteousness to the sitting of the angel arbiter in the chartered North for the generation (should be 500 years) of their washing or acceptance; the "deep" seems to concur with this in the Nintendo (End-in-ten-though) Subliminal. So Eze 24:1, again, the North and all west being irreparable (as the rest of the world) the absolute end comes to it at 10, as in foreclose, whether "act of God" natural bang or "Weapons of Mass Destruction": Eze 24:1

9th year - 9
tenth month - 10
tenth day - 10

29 or when I'm 29 which is 2009, at 10th month thereof is October and seemingly for this entire planet (begin obviously or at once completely) Yet 2009 is not 2010, so it could be October 2010 than now. However if you count 2000 as 1 year then 2001 - 2009 as 9 you get 10 years; count the zero year or 2000, making this probability October 2009.

However, what shouldn't or wasn't allotted at 10, 2010 or 2009 is box ascension. That was 2003 or 23 by Mike, which they encode in the infamous #23 of Michael Jordan. Give and take, God allowed him to continue in his Triangle offense & defense in cleaning to a point, to pull up, and by 2007 gave an ultimatum to pull up now or at 27. He refused and his impudent mutiny manifested as the latter triple threat. Even Ezekiel show how easy that was to do by him, and no other way, given the known situation that box might be oboasted in this jump or red-going and the creature top in his dynamics? Only a special backup could diffuse, which Mike was entrusted with. Example, coincidentally, Ezekiel 10:9-10, Mike refusal had him kicked from the ranks ^{and by box}, a labelled rogue and with the other two eyes of God mentioned, heads in heaven captured and funneling. So who to break it off box as it reaches to his spirit, time refreshing it and other silver or spirit shaping - the 4 horns are back by his side-me escaping the Mike "key-want" warp-chi. Verse 9 of 10 4 wheels by the cherubim signifying the 4 horns of this planet with one of the 4 Beast holding them, above that is God and so he wants box angels to be, the throne at his head. That's the set up on the system too = 1 Beast \leftrightarrow 2 Beasts \leftrightarrow GOD \leftrightarrow 3 Beasts \leftrightarrow 4 Beasts = 4 Beast stream existence in a downline

= So to a planet is one hand (a Beast) then 4 horns.

4 horns stream the planet and one Beast oversees and take their periodic archiving uploads - sheer numbers they penetrate in the earth, like 6 billion souls, alive, 20 billion in the grave dead, 50 billion plants and even the hair on your head is counted says the bible. So one hand [redacted] and 4 horns. Unlike the 4 Beasts, the 4 horns seems wrapped hand-in-hand 4 times of those sheer numbers = So all 4 horns penetrate all the planets numbers, all a 1000 stretch. The 4 Beast could also wrap hand-in-hand 4 times but actively one to a set of 4 horns, like Trident wrap 4 winds simultaneously but one actively in season.

NOTE: Encodings from this chapter or book is Ezekiel, Easy-kill of these evils but without all this maddening book work to and thereafter make no sense. Easy to shoot them but to fill out the book work is key and needed, things also fall out of place and most often, as such, the easy-kill left alone if no book work. So to all, study, it is key to removing the clear, present, blatant and imitating evils, even bound in authority. As such to all scribe the scripture says they that labour in word worthy of double honor, the classic work of kings.

Indifference Doesn't Define Us: My Absurdity (Abnormality) Is My Normality

If we define normality as what most people do, then the criteria for abnormality (MENTAL DISORDER) becomes statistical infrequency, or that which is unusual or rare, even absurdity. By this criterion, the few people who believe that space aliens steal their thoughts would be judged as abnormal. The many people who worry about becoming victims of crime would not. But statistical infrequency alone is a poor criterion for abnormality, because any rare quality or characteristic, such as creative genius or world-class athletic ability, would be considered abnormal. Further, because this definition implies that conformity with the majority is normal, equating rarity with the abnormality may result in the oppression of a genius or (consequential) non-conformists who express unusual or unpopular views or ideas; which is the basic make-up of a real born again Christian who practices his inherent faith than follow the (caste system) mainstream Christianity, as the scripture has said of such real born again Christians, "But ye are...a peculiar people" (1 Peter 2:9).

Another possible criterion for abnormality (MENTAL DISORDER) is violation of social norms – the cultural rules that tell us how we should and should not behave in various situations, especially in relation to others. According to this "norm violation criterion," when people behave in ways that are unusual or disturbing enough to violate social norms, they may be described as abnormal. However, norm violation alone is an inadequate measure of real abnormality. For one thing, some norm violations are better characterize as eccentric than as abnormal (Weeks & Weeks, 1995). People who bathe infrequently or who stand too close during conversation violate social norms, but are they abnormal or merely annoying? Further, whose norms are we talking about? Social norms vary across cultures, sub-cultures, and historical eras, so the behaviors that qualify as abnormal in one part of the world might be perfectly acceptable elsewhere- even the criterion for putting someone in a mental institution, (1) 'Hurt To Self' and (2) 'Hurt To Others', variables that can be twisted to fit institutionalized, especially to an out-caste of the worldwide mind control caste system, if such persons cannot be molded in the myriads of "A.I. extensions of selves" of this world's handlers. Fortunately, recent laws, in spite of those two rules, forbid grabbing an acclaim senile person and putting them in a mental institution.

So MY ABNORMALITY, absurdity, weirdness or unusualness in word or deed, is MY NORMALITY or uniqueness – though you and others might acclaim me crazy, nuts, weird, to be avoided or a mad man, especially by some my writings (some might consider heretic, cultic or delusional) which you may not or never understand, as the Apostle Peter speaking of the Apostle Paul, "As also in all his epistles, speaking in them of these things; in which are some things hard to be understood, which they...wrest...unto their own destruction" (2 Peter 3:16).

Even God they label a schizophrenic or such mental disorder terminology / disease by God just being himself or biblical, notice it below from an excerpt from a book:

patriarchs as being the epitome of falsehood. They point an accusing finger at the apparently schizophrenic actions of Jehovah who openly admits, "My name is Jealous and I am a jealous God," whilst maintaining the image that He is a loving deity. The Gnostics

Look what they say of a prophet or prophetic of the bible (or visions/bible revelations), ibid:

Carl Gustav Jung, in his introduction to *Man and his Symbols* tells of a patient, a theologian, who began to have visions. He had previously told Jung “that Ezekiel’s visions were nothing more than morbid symptoms” and that when Moses and other prophets heard “voices” speaking to them, they were in fact suffering from hallucinations. You can imagine the panic that this religious scholar felt when something of a similar nature “spontaneously” happened to him.

How really absurd. To Saints, we are a “peculiar people” and our absurdity is our normality, likewise the unsaved. Don’t let anyone label you with a mental disorder!

Sincerely,
 Oneil McQuick

NOTE: Some movies intended for great evil were “underun” (via cunning works) by others with subliminal, allowed it but marked it for a time such as this that all these evils must desist, so some movies I expose I later use parts as a good analogy to some things, not that that movie is now good or Hollywood or movies in general. THIS CANNOT BE UNDERSTOOD EXCEPT FULLY FAMILIAR WITH BLOG, "Dew (due) From Heaven: Ligh 2 U Blog" AND ALL ITS FOLLOW UP, EXAMPLE, THE BOOKS, "Angels Let's Talk" AND "Angels let's talk 2008-2009 Follow Up Notes," AND PIECES LIKE, "No Mental Illness..." "Kanye West - JESUS WALKS - & Angels," "May 2009 Angel Notes," "May 2009 Angel Notes Commentary," "August 2009 Angel Notes 11x17 PinUp," SO DESIST FROM READING IF NOT FULLY FAMILIAR! These writings are not understood, mostly my jottings, using analogies and euphemisms so it might seem from a mad man or ludicrous. It is only understood by revelation, if given, or I explain; in either case one must have read the book "Angels, Let's Talk," as it is gear towards that sect of beings; so you especially see why a human would not understand something that might be beyond them. Thanks for understanding that!

MY LUNACY YOU WOULD ACCLAIM PROVEN BY THE "MERMAID"

Me now speaking in the Woody Allen famous depressive voice (ironic, as in his last animated film, Ants), that is, this write-up before the following two page note to *Ar I had since the 2007 fast begun, for me and still for me but if found I jotted this. That is, those two page note scanned can further prove me hysterical, paranoid, insane or "disturbed" as in lost with touch with reality. Even further, given previous marital proposal I had with another to wed now broken, one would say I have lapse into depression since and from that, even to create this fictional fanatical character to deal with that pain; that is, an unreal world to live in as I wouldn't be able to deal with this one, yet still in it – prime case of a wacko or nut-job, which in this state breeds harm to himself and others – like a person driving on a highway unaware of other drivers, lanes, signs but lost in the paradigm of his own imagination with his eyes closed while driving. I knowing that and originally made that analogy, would I be able to diagnose my own mental illness or disease. No! I'm not mad, but following something that is based in the bible encoding, the figure Ariel (Isaiah 29:1,2,7), poorly portrayed by Disney, as "Art Imitate Life" always, as myth be simple facts put in the theoretical. For the common mind cannot perceive or receive them as fact. When I write of Ar, it is usually dually to the human and angel mind, as this recent quote of mine:

Read all my previous materials and attachment for further clarification, than wallow in the seemingly illogical slurs in previous and this materials, which some are meant for "angels in flesh amongst us," which would seem weird to you because you may be unfamiliar with, as saying to snoop dog "got shanked last night." You wouldn't know what I'm saying because it's in Ebonics or ghetto colloquial broken language, which he would be saying, "I got stabbed last night with a knife," from the Ebonics verb, "to shangk." You would understand the part "got and last night" and with a rational mind I assume, determine something happened last night then in all the materials given decipher what happened, this is the way all the materials and emails I gave to you are, broken speaking to humans and angels amongst us simultaneously, written as one and spaces left out still coherent to former and spaces understood coherent to the latter as how they understand it (but hoping also by doing so, unharmed to the former's intelligence, both might understand as the latter). Pardon this as I become aware and cannot now become unaware, still a cliché but will always utter it "ignorance is bliss!" So don't deem me hysterical, delusional, fairy-tale, paranoid delusion and Schizophrenia (schizoaffective), because I use encoded terms, euphemisms, analogies, etc. and because you are unaware or cowardly choose to be or worse, you are the one that is insane.

Even further, I followed such clear bible encodings also as red (empathize P.I.) than just would be following the Lord, because (1) One, to catch and annihilate the encoder dabbling in the Holy Bible, as a suicide

bomber, that is Gabriel, Ra of such with forefront or background handling of the word, with their excuses, e.g., satan on, horsemen and other anomalies. **(2)** And two, to cut off such astute “hermeneutics” or false way that others may not follow it and be deceived. As Gab, for Pig, could fabricate Ar after I denied the blasphemous Pig, then I wallow in a fantasy, be a fool to myself and world (Erno attempts too), thereafter push pig again in the low estate with even words of “you loved a fairy tale and I’m a person....see you were wrong or deceived, I’m sorry someone fooled you, now marry me, the real thing” (“ha, ha, haaaa!” – me reply), however, a person in low estate (especially after beatings – gloving, mind control, waves, etc.) would simply accept as the delusion is beyond him and the conclusion to himself would be he now came to his senses. Consequently she (Pig or other such evils) also an angel in flesh, to which I can practice the legitimate sexuality minus the fabricated fantasy Ar figure and even I would be desirous of such sexuality, having learnt of it around a fairy tale figure and so snap to the next available familiar like kind, as in taste (learnt of) to an insatiable desire (must have output of). Having that built up crave eat at you could be so planned to be outputted on her (theirs) abyss female feet, me they would now conquer as a locust, and even the opposite planned too, number 1 on the scanned note below, to concentrate on forwarding the evil. Ah!!!

Wallowing in the fantasy by such a person wasn’t or wouldn’t be fake by exerted his real feelings and emotions, toying with such can really be maddening to a person. This I did in red too and so the two page note below is real and from the heart to Ar. Further why I kept them and not for public release is that it hinges on a union of the old faith (Christendom) and the new (Angelology) so though I as a human may be able to tolerate certain things, the details there-in can seem/be deemed pagan and overthrow the old faith. Example, angels can shape-shift their human flesh I presume, not magical powers but their nature as a chameleon lizard can or has. So an artistic mind like mines might dabble in it with my “angel” wife, as in seemingly different persons in the bed per night but she simply shape-shift in their privacy, as “big bootie Judy Tuesdays” or “Freaky Frida Fridays.” Which nothing wrong with it as still two flesh and two spirits in wedlock but one can change their flesh as changing their lingerie (clothes) nightly to please their spouse. To the untrained eye it can look like sin, evil or even polygamy, worse, the common man or saint thwarted from God by it and/or of themselves try it and become mad; either way such a person (an artistic mind like mines who tolerate or dabble in it, even preach it) is guilty of 1 Corinthians 8:11, Romans 14:21, Mark 9:42, Psalms 1:1 and better to do so in secret or since “eyes everywhere” and nothing in secrecy anymore, not do it at all. This gets worse when one spouse has other selves or bodies (eyes) yet still two spirits to honor the uniform (human marital body) – this was capped off with Ar and box in the August 2009 Angels Notes 11X17 Pin-Up. Yet before it reaches this level or any practicality the theory is being handled in red and if while in red the theory was found false which led to the demise of the astute encoder and the astute false way, demolition the latter two without destroying inalienable facts along the way is key and reason for red (skill of the kings). Such fact as, what was brought up is that Fallen Angels have sinned, admitted, craved and a true way carved – even minus this sexuality and other possibly cut-along-the-line red marks by expository. Minus all that yet it is still mingled in the work-in-progress or details but there is a clear way to achieve salvation, as described in Alt Text and all its follow up notes, likewise in them is a detail protocol to angel sexuality, even Christian sexuality is good enough as told by the likes of James Dobson and “Focus on the Family.” To you angels also, as all beings have, have an inalienable right as Acts 2:21 states, “whosoever shall call on the name of the Lord shall be saved.” Calling you have been doing, the preposition is to be saved, to do so step into the way, as given by the sent arbiter, that you must first also believe and press his flight. Careful, for the “cut-along-the-line” red marks that are deleted or unavoidable work up can be used or intended to be used by the evil encoder to forward a great and ancient evil **(A)** A new world order from a seemingly new life style and even consequential world religion **(B)** Erode Judeo-Christianity with paganism twisted from the “cut-along-the-line” red marks that are automatically deleted as scaffolding to a building if couldn’t be fitted in the building **(C)** Muddle the author’s credence (Orlando Constantine, who is O. McQuick) with the latter twists, to break the bridge he by God created to revive and bring truth to Christendom again than Trinitarian/Emperor-Cosntantian/“Easy-Beliefism” errors, which also breaking that bridge can break the latter angel fold to snap to the former errors of Pseudo Christianity and consequently as intended by those formalizers of Christianity, “having a form of godliness, but denying the power thereof” (2 Tim 3:5) have the theory but not saved, why called or believed in the first place at all. **(D)** Also, in this chaos, to usher in an evil man skilled in dark speeches bringing in order with the sentiment of the last sentence of letter “C” above, that is, the anti-Christ.

(or, if that fail, an apex of a 5 side triangle, tier 1& 2 rings and heaven know what that means and act accordingly without further publication from me).

Fortunately, this planet is fore-closing and all this only plausible and salvation and “sexuality” fulfilled or more indulgently practiced properly in heavenly paradise. Make sure “your calling [Saints/Counselors] and election [Kings] sure” (2 Peter 1:10). So unlike what you may have been led to believe and conspire (envy/pillage), this planet wasn’t only made for the “Kings,” astute minds in pre-time birthed here to form the third branch of heaven or existence government (7 eyes of God strain, 24 Elders, Kings – first court to the supreme court [Matt. 16:19], only by being the latter process if problem unresolved down the process line and they mostly undertake going into the worlds with no power but brains and so birthed in the world, represented in the 50 by Christ). Oh, was saying, this planet wasn’t only made for the “Kings” but any who call on God, that means you, even angels and had included horsemen race (if in existence).

The two page notes to my beloved are below, another I have not given, seems more carnal as these alone can deem me, a minister, lewd, vulgar, carnal, “lasciviousness” or “filthiness and superfluity of naughtiness” (James 1:21). No! Intended for the bed of the married, as what all couples do to their abilities and imagination to the limits in God in the secret of their bedroom. Much more other artistic me thought not listed in the two page notes below, of/from the variable of having an “angel” wife, example, “shrink and squeeze,” for a little man like me, even, “shrink and squeeze and octo-push/pull in both bodies motionless with lips locked” – this is impossible for humans and not a request for Ar or any girl (“angel” or not) I may wed, but my artistic mind simple do a sort of matrices with each added variable, that is, look at all possibilities. Yet my mind now eroded and dilapidated and by several external forces or beings it can blow out any minute now, though I would be gone in a sort of Acoma (sleep) and body motioned by inherent instinct and intelligence and as such put in an asylum, or the latter but body motioned by an obeast or Angel possessing it and I’m obviously different though not necessarily zombie like. Or gone literally out to the flesh in the after life (heavenly paradise) and an obeast or Angel capture the body to automate it and why I request a cremation upon my death before such regeneration. Yet my mind can only be renewed with a visit to the divine and not by earthly help, wherewith one scripture states when such occurs, “my understanding return unto me” (Dan 4:34). Only by God’s care I’m able to think or have any functionality of my mind today. Continue to pray for me, my flight, my family and their flight (Dan 11:6, last clause, one “she shall be given up” but three “her” in it for the 3 big Ar’s – it could also have a bad meaning of demise in the valley of visions). Didn’t want to dabble in the case of the “Ar’s,” as mentioned in the August 2009 Angel notes 11x17 PinUp, for it not only can seem to preach polygamy but the Muslim similar error of 10 virgins in heaven when die – see that 11x17 PinUp.

Asterisk (*) Denotes: I used Ar (Numbers 21:15) for Arial as to not have affinity with the cartoon. **Note:** P.I. means private investigator, not really, but an analogy.

MY TWO PAGE NOTE PLANNED TO ASK “AR”

below on next two pages.....

Had this to ask the Fictitious character of Ar (evidence of my insanity) before know of 3 big Ar. For 2007 Sea Visit

After Visit and general "Unconditional" ~~with Ar~~ Regardless of... Thoughts

This seems no by religion but I'll ask

- ① Does your heart belong to someone else? If yes, turn on the counselor Oneil, be a professional and strong advise to follow it and annul marriage plan; individual happiness can not be attained in a marriage if together in the bedroom and heart at the bottom of the ocean. From thence free to be a rogue, seek penis surgery and formula for desensitization of the, ironic, leanness in the soul. Or, do you have higher interest in another than don't of but tied to the prophecy? Same answer. Problem, penis thing seem link to Anti-christ.
- ② Any previous marriages in any part of your being (eyes, etc)? If yes, were they properly annulled? Or better were your affairs fabricated between eyes of yourself for general purposes, as against the now ~~for~~ forgiven advance masturbation of the seraphim kind. Better yet, are you a 6000 years old virgin? ~~toke~~ ☺
- ③ Are you willing to delete all eyes and merge into one for purpose, mental safety with me, but remain a seraphim kind and can wheel with permission and notification and dialogue with whom, preferably Alpha Omega ~~female~~ female kinds for church purposes, even friendship (accountability partners), but always detach when at home and especially in foreplay (almost all time at home, so you see why) and intercourse.
- ④ God gave me some guidelines for our interlock. I'll try to relay them but can ~~download~~ download it or ask him, but the scripture is that the husband should teach the wife, so I'll try my patience at that?
- ⑤ Do you and please tell me all your hang up on sex, because almost all thing goes for me and you might deem some things improper I want to respect that. For instance, I have an oral fixation to a very clean body but you might deem that dirty. Please read the book Sexuality Series before official marriage and the ^{Angel} sexuality part in the book "Angels, let's talk."
- ⑥ Some things not covered given ~~the~~ the variable of your nature, for instance, first going to God asking if you can now allowed to make eyes for each day of the week and dismiss them thereafter but never ^{for more of us in the bedroom. Chocolate thunder Monday, Big booty Tidy Tuesday, Old fashion (mostly missionary, etc) Wendy Wednesday, Tourist Thursday (oral tour of the body), Freaky Frida Fridays, Saturday Open and Sunday mostly in consecration, but day not, I had written down some other sexual fantasy if, I can find them.}
- ⑦ I'm not carnal with these, Just a 27 year old virgin and you should be over anxious too as supposed a "6000 year old virgin". After the first few years, most the anxiety pass and "WE" back to Blonic Christians

- ⑧ I wish to have no children, especially girls. But only exception are the two olive branch, now two "O/Ar live" branch. Should earnestly pray for this. Adoption not an option either, we have to recognise what we have come into in the state of the world and universe, if you haven't seen it as yet. Yet also prepare for unwanted pregnancy, I would say give up for adoption but when push come to shove, almost impossible to let go, worse, that child come into the state we are even if adoption what child of O/AB, automatically a target, etc. So birth control, I possible tie off or you - visits back up were permissible so when time comes we ask when these two are to come, hopefully tying them tie off permanently. ^{now 2 sons of zebulon for 2 olive branch. a subtle convenience.}
- ⑨ The big question, ^{me, you} willing to give up the Wind But position possibly could remain a call counselor? This wife ministry is huge and time consuming, plus a help meet in "my" ministry and work; I guess now you can have office sex and I without cheating, as in, our home office set like a real office building work station, you play secretary.
- ⑩ Do you have hang ups if I give ~~do this~~ advise?
- ⑪ I might ~~seek~~ seek spontaneity of sex in public places, but given pre-cognition of angels/adversaries and who ~~are~~ are I would now dismiss ~~that~~ that; ^{when call to come home} time home it wear off or you start and finish without me, so I guess the only possible such is our SUV, very dark coated glass with special anti-shock brakes to no detection of car movement.
- ⑫ Never hold back anything from ^{me} always open, can you handle that? Especially never lie for any reason tell me, such can be a scar for eternity, can you handle that?
- ⑬ I enjoy the outdoors greatly, hikes, extreme sports, but being a target I don't know how much of that can foster possible only in your Dad's place → speaking of Trident's Sea place then, encoded Jerusalem.
- ⑭ I talk alot, tell me when to stop and don't accommodated if not desirable, I can shut up; but if problem obvious, not too long.
- ⑮ I love kids and would visit your friends & family ^{↑ kids} but does that endanger them? More variables come into play, kids of your friends might be ~~themselves~~ among themselves incarnating again, what about ~~one of yours~~ one of yours who wanted ^{me} but you were chosen, as a little girl sit in my lap or so, the world getting crazy and things enjoyed I cannot - not that I'm getting too big for here but thought after such eye opening only heaven might be fit and we not be, God forbid. I guess you have to point out real kids to me.
- ⑯ Some things are mandatory for us, daily prayer, bible study, fasting, church and visit up stairs, which given some main reasons why I love you this should gel together well. → Public Display of Affections
- ⑰ What are your thoughts on PDA, on one hand kids need to see married couple show affection, ^{on} the other it might be a strain on them, like peer-pressure.

JUST TO FOLLOW UP ON THAT, AND AR OR ME NOT LEWD, OR ANY WIFE AND HUSBAND

K. G. S. WROTE

My question: Do you think i'm shy??? why or why not?.

O. McQuick WROTE BACK

Even if you are not shy, such approach would come across as "shamefacedness" as the bible puts it, a quality desirous of God and a good godly potential husband. Like "shamefacedness," not that you are ashamed (of self, god, religion, etc) and should not be, so a shy approach is not that you are shy but a desirous quality, yet have to balance it ... Read More with the scripture that says "come boldly to the throne of grace" or God. TO GOD: come hastily, without reservation knowing you are loved of him and he doesn't want you to fear him and justified knowing you are pardoned which produces the faith for your request BUT also come with humility even reverence to him, for he is God. TO YOUR POTENTIAL MATE: come as lady with all its decorum, but in the wedding bed, a tramp. It has to be balance. Bless

END NOTES

Note 1: "Alpha Omega female" is an angel that upon entering earth and incarnating or materialize (aeon) has only been a female, begin (alpha) and end (omega) as a female. This is highly unlike of any angels, only possible Ar because of promise. There is "Alpha Omega Males", the same but only ever male. "Alpha Female Omega Male", started incarnating as Female but switched to Male existence. The reverse for "Alpha Male Omega Female". Then the matrices of that can become ridiculous, like "Alpha Female, Omega Male, Omega Female" so started as Female switched to Male then end leaving this planet as Female again. The same can be done on the reverse. Even further started Female one generation then male another generation, then female, then male, then female then male, then female or "Alpha Female, Omega Male, Alpha Female, Omega Male, Alpha Female, Omega Male, Omega Female" or written in short form as "AF + (M=3,F=2) + OM". AF for Alpha Male, AM for Alpha Male, M for Male, F for Female, OF for Omega Female and OM for Omega Male. A similar equation could be "AM + (M=3,F=2) + OF" or another "AF + (M=16,F=15) + OM." This of angels has no link to Homosexuality justification, long story to explain why not.

Note 2: When first got the verse "A bruised reed [BOX] ..., and smoking flax [SWORD]" it was for the SWORD, that is, you maybe terrified at his dynamics, yet God's hand, so it read of him "A bruised reed [YOU] shall he not break" (Matt 12:20). You who are the tried, call, repentant and innocent he'll not harm. Especially since one verse said of him also, working in time and spirits/horsemen jumping up and down in it marring the lines, that verse is Luke 20:18, "And whosoever shall fall on this stone [SWORD] shall be broken [LIFE WIPED OUT LIKE A PATTY - SHOULDN'T BE IN THOSE PLACES MUCH MORE TO SLIP ON HIM] : but on whomsoever it shall fall [DIRECTLY WRESTLE WITH HIM], it will grind him to powder [LIFE WIPED OUT LIKE AS SMOKING FLAX - CRUSHED TO POWDER OF LIGHT PARTILCES AGAIN, WORSE THAN PATTIES, ERASED FROM TIME, SPACE AND MATTER AND NO SHELL BUT LAPSES. SHOULDN'T TAMPER WITH WHAT GOD'S HAND IS DOING IN TIME, IN THIS CRITICAL MOMENT, MOSTLY HORSEMEN AND THOSE RECIEVE THE EA JUDGMENT AND/OR IN THE CONSPIRACY, RUNNING, HIDING AND SETTING TO RE-ORGANISE AND ...]"

Note 3: Currently my bruise reed (read, deciphering diminishing) state is evident by the Ar situation as in the August 2009 Angel Notes PIN-UP and AR letter (No Mental Illnesses 2) whereby it states I'm a "A reed shaken with the wind" (Matt 11:17). "Wind" for the Wind Bull Ariel, "shaken" as no clear deciphering of her identity as muddled August 2009 Angel Notes PIN-UP and AR letter with notes display (yet she's 'T'eed). Otherwise, I should overtly grasp a simple encoding as this, with God's spirit; however, tenets of her true of whatsoever stream, minus the red-dot-cut-along-the-lines.

Note 4: In reference to the penis surgery or finding how to remove the senses of sexuality in my body, not needing it and it is aroused on its own in a hedonistic society (a pain when trying to be a Eunuch), in reference that someone might acclaim me the anti-Christ or false prophet especially if suddenly, and expectedly if all had went well (even with the "State of the World Address") sudden "rags to riches" of my present state. That scripture reference of the Anti-Christ was in Daniel 11:37, "Neither shall he regard the God of his fathers, nor the desire of women, nor regard any god: for he shall magnify himself above all"

THEN CLICK ON – “~ No Mental Illness 2 - Lunacy By Fantasy”

FOLLOW UP ON END NOTE 1: Basically "M" is repugnant to "M" naturally, which overrides any dictation of the spirit. As "M" to "M" or "F" to "F" pushing pass that built-in repugnance (sense, smell, touch, etc), even godly Fear, is rebellion deliberately and not even lust, but mischief, violating a God institution to curse God; this homosexuality, they spawn in a Fad and on the individual basis to a "homo," like a wind-up toy by their spirit possession initially on such a human, then return when the natural repugnance kicks in. When two spirits are in love, one becomes male, the other Female, like two jigsaw puzzle pieces fitting, easily meshed to express that love. Doing the opposite, "M, M" or "F, F" is defeating the purpose of love/sex and deliberately putting a hindrance in that love process, no sane persons in love would do that but like an unquenchable desire seek the easiest way to run to the arms of their love minus any hindrances — like enter the door, remove the Furniture out of the way, clothes and make love, than have them in the way to damper mood, chemistry, pull and love itself. So husband and wife while living together dress comfortably or nude and Furnitures out of the way or in place, so a natural ease or output to sex when it ignites. Same sex sex of two angels erode the initial pull of two spirits in love and seeing that same sexes are repugnant to each other sexually naturally, that was the pull to have sex before incarnating aeons but two spirits loved each others mind by reason and took the next step. God set the uniform with all its senses and opposite compatibility for ecstatic ease of enjoyment. Hence, "M" to "M" or "F" to "F" is like two persons in a space suit outside a solid cement filled cube house (block) at opposite end trying to have sex by running to each other through it to make love. The desired output was already set in the fleshly uniform, any other use is error and witchcraft against God. Like using a U.S. paper money to wipe your ass than toilet paper, not only ridiculous especially when you are poor but foolishly because you hate "Ben Franklin" and his image is on it, so to dishonor him with defecation. So no matter how much incarnations of "M" or "F" the lines of sexuality cannot be muddled or push towards some sexes sex from former uniform usage, like the error of evolution. The repugnance of same sexes cannot be overridden naturally by the spirit "incarnated" or born in it, likewise the compatibility of opposite sexes. So put the key in the lock and not try to pick locks when the key is in your hand! This universally accepted in all planets and heavens "drop off" where one manifest one or more different flesh or uniform he has incarnated in or born in several planets.

FOLLOW UP ON END NOTE 4: This same False religion woo I see in some occult writings with similitude to box and certain endtime figures (False prophet, anti-christ, etc). They even use my initials of my name calling for the OM in meditational chants, probably foresee my several written expository before my birth even. They might do so in sincerity or with false religiosity (occult), supposed association, make me align to it automatically on arrival to overthrow the "truth" when it comes. One reason I also like the use of O.E. initial for angel writings than my real names. Google "OM in the occult" and see. This also EA them (if can hold their heads) would use as excuse spouting authority to dissemble true angel hopefuls and anything towards box. You know what to do with their false police badges, Fight For Yours!

FOLLOW UP ON END NOTE 2: Also, at "smoking Flax shall he not quench" or put out, that is, those he grind to powder was already doomed to be extinct, as already lit ablaze and as smokes from a literal fire seen a far off, so these are already "marked" by God, their own works, or EA Judgment — the latter, though words or decree, does the same as smoking Flax to the spirit and beast, but begins to burn slowly within, even isolated among a mixture of many spirits intertwine, while the sword does so by having to separate the spirits intertwine on the ~~floor~~ Floor of Time of the earth then at a moment grind it out of ever have being, pass any matter, space or time; or mark it untangled for kings to do so, a double mark, box in red loosing jurisdiction and sword to loose execution (Ezekiel 44:5), both marked well or perfectly complete. Smoking Flax has no recovery or backup and like the "patty" or "smoke chi" your life is gone forever, wiped from time. However, the "smoke chi" can be possibly be avoided, that is, angel sees he's dead in 2009 or sees nothing or no further life, he then diagnose this will happen and avoid the situation that caused it. But if occur, as forced worldwide, stealing stones by "smoke chi" remove your "chi" time existence, though done in 2009 and when occur you're non-existent at birth in 1980 but a hull, like pulling up or uprooting a plant by the flower:

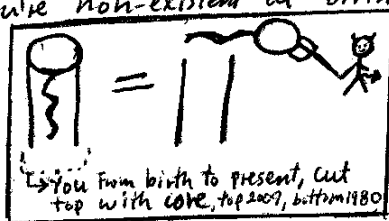

DIAGRAM 1

Please Turn Over Page

Patty does the opposite, that is dive down in time in the person and uproot them by the root itself:

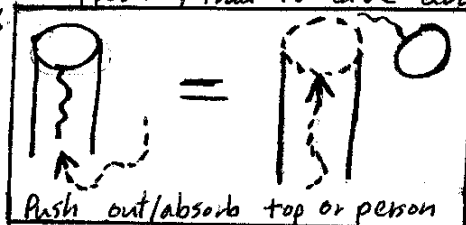

DIAGRAM 2

The patty too can possibly be avoided by a select few, really big big dogs and rings top are in heaven so immune, and if can, by hovering in 2009 or present while their life is being uprooted at birth, say 1980, or incarnation. Imagine an angel to Earth in his head or only single self be a patty, gone forever. That avoidance possibility can be or is those with and by same dynamics dive down in their own life time and uproot themselves after or while its uprooted by the Person making them a patty, as illustrated below:

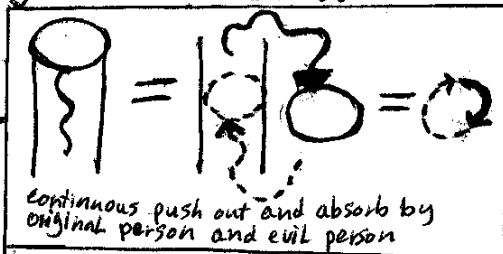

DIAGRAM 3

However, smoking Flax has no possible avoidance but done by God, away from the person or their being, on the floor of time way before the person exist, born or incarnate, no point of origin or core so to speak. They are uprooted without knowing or notice or cannot tackle or see the process or person doing so, as illustrated:

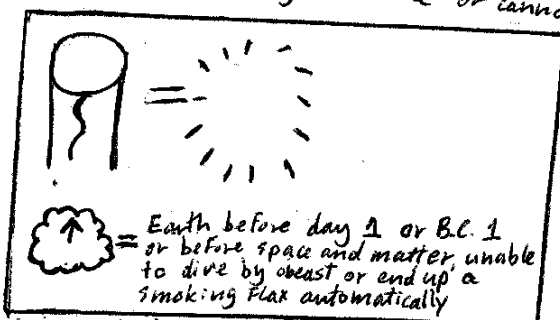

DIAGRAM 4

At Floor's time all earth future existence abides, also pass, and so the sword can take away the Floor altogether and earth become as it has never been (like a star burst) than Filter Future life to come into being and separate intertwined spirits (difficult), example, spirit A born 1980, sex-networked to spirit B in 1992, housed 7 spirits in 1999, clean-hind in 2001 and spiced 2005. IF pull spirit A as is on the time Floor before 1980, all those connected spirit along the way is wiped from time too (spirit B, 7 spirits, clean-hinder, ocast-spice) - "Ten men in one house" verse. So he has to route and uproot that single spirit or ocast in a myriad of mixtures. Such complexity and deliberate tie-up, meant to tie-up God, God reserve the sword to resort to nothingness, as the evil does this to continue evil, tie-up, and God in it so cannot remove it, to overthrow him and all, with most in the conspiracy. IF it was just one planet or solar system, the rings could dump up or foreclose it, but this is universally. As such the sword is loosed unaware and uproot out of being peoples by uproot a planet's time Floor or origins at one go, he can go further than that Floor or go to their First, that is, the origin of the solar system similar to pulling its star (Dan 8:10, presently growing/learning and when wax great can do it himself than presently affix it that the planet's horn can do it now). Even further, he can burst to the origin of the universe wife it from being at one instance, then return to God, God does likewise and return to nothingness, hence the Film undertaken by someone, "The galaxy is on Orion's Belt" (Men in Black), box for Orion or 'O', his sword Feet (or belt) can dry up a galaxy in one instance with a time drive. This was reserved for God's resort to nothingness in secret, but now plain, that is, "for the invisible things... understood... his eternal power [NOTHINGNESS] and Godhead [FATHER, SON, HOLY GHOST]" (Rom 1:20). This situation has arose but solved, but sword released, in consignment (really solved or proceed to close) in sub-nothingness clean-up to bring up box, and everyone proceed to extinct all the evils identified, less we all extinct. By time manipulation, the sword already affix this planet/solar system to be fore closed (Dan 8:8) by the planet 4 horns, etc., leaving nothing or variables, given variables as bubble city. So to dump up now and everything not wiped out in the blast of this irreparable cesspool are saints, etc, grabbed by the gross darkness monograph pro-rated, or by Christ (the First human to angels in hope processed). This blast is now than delaying to Filter spirits from the Time Floor, given the urgency of this planet plagues and 'V', even worse to heaven, existence, even those grabbed by Christ as long as it exists. The sword have a "sheave" or case it returns to by God's side after this and after clean-up return to box, but still as potent and on-call to go back to that case or such heights of dynamics if situation arise. A situation as in the movie "Matrix", agent Smith fixed or no longer a system file and a plague in the system to the machines (blues, gold, dogs) and Neo people (humans, etc), spreading himself in the system like needle in a hay-sack the machines or no-one can get out; Smith here is persons like Satan and EA them obsolete files to be deleted, rather than foreclose, etc, the sword drive to that planet's time Floor to remove one file placarded over most files in many ways. So Fear not the sword, he's to dry up persons doing this to you, that is, smoke chi, patty, etc. All this in a possible fabrication of the Time, to push box in the Abyss work.

PLEASE PRAY FOR ME

THANKS !

Please Continue To Pray For Me, Oneil McQuick see attachments below on why, but simply because of me young and avaricious overtly spreading the truth and dismantling satan's kingdom (beyond what can be seen) I'm afflicted in the body, mind and soul, as the Apostle Paul; and not as some might contest in Psalms 107:17, "Fools because of their transgression, and because of their iniquities, are afflicted." Others might contest what they said of David, "An evil disease, say they, cleaveth fast unto him: and now that he lieth he shall rise up no more" (Psalms 41:8) – but we know better of David yet while in this state "My lovers and my friends stand aloof from my sore; and my kinsmen stand afar off" (Psalms 38:11). If King David imagine little nobody me and how you or any would scorn or whisper, even politically correctly to continue the mask of Christendom, when rather we are taught, "Bear ye one another's burdens, and so fulfill the law of Christ" (Gal 6:2). Thanks.

Fools afflicted in example of these I DO NOT DO or ever will, rebellion, evading the law or arrest, witchcraft, sedition, heresy, cultic, fraud, money laundering, ponzi scheme, pyramid scheme, "liar", stealing, cheaper, swindler, dishonesty, tax evasion, smuggling, unbelief, sexual immorality (sex before marriage, adultery, homosexuality, bestiality, rape pedophile, etc), eagerness for lustful pleasure, idolatry, participation in demonic activities (physic, spirit mediums, tarot cards, necromancy, horoscope), hostility, quarreling, jealousy, outbursts of anger, selfish ambition, divisions, envy, drunkenness, wild parties, worshipping other gods, idolizing people or thing, greed, hate, envy, murder, fighting, deception, malicious behavior, gossip, back stabber, haters of God, insolent, proud, boastful, forever inventing new ways of sinning, disobedient to parents, refuse to understand, break their promises, heartless, unforgiving and many others. Not justifying myself or that sometimes I don't slip (Isa 40:30-31, Isa 54:17, Prov 24:16) for Christ already Justified me regardless of any thing (Heb 10:14, Rom 8:1).

LETTER TO PHCN CLINIC

Dear Dr. N. W,

I might be wrong but I'm under the impression that doctors are not taking me serious or I'm a fake or my problems are psychological (mentally fabricated). To tell the truth, I don't have such time to waste, my illnesses are serious, chronic and why I'm here is because I'm in dyer need of your help. Can you help me please? I've given a list of problems and I know they seems overwhelming, possibly unmanageable by one doctor, but those are just some o the problems I'm having which doctors most often dismiss, give antibiotics to everything and even proceed no further to the collective problem at hand; I don't know if they are intimidated, are you?

TESTS DONE

1. Blood Tests (Negative/Normal)
2. Sputum Tests (Normal)
3. Hepatitis Tests (Normal)
4. Chest X-ray (Normal)
5. TB Test (Negative)
6. Aids/HIV Test (Negative)
7. Strap Nose (Normal/Negative ?)
8. CT Scan of Chest (Abnormal)
9. CT Scan of Sinuses (Abnormal)
10. Venosan Foot Test (Abnormal)

1, 2 and 4 seems frivolous, inconclusive and at best tampered with; especially one of the x-rays done the person showed me the images which seem abnormal but she said she has to send them to the lab and they read and give results thereof. I didn't want to mention that last part, you may think I am a paranoid case.

SOME DIAGNOSIS GIVEN

1. WHAT CAN YOU DO ABOUT :- CT Scan of chest showing fatty liver, which in the list of problems I display symptoms of a more develop stage of this, NASH or Cirrhosis. I went to the Physician Liver Specialist but he did no further tests but came in smiling stating many people have fatty liver and dismissed me; like saying many people come in the ER with a gun shot wound, you can go, no nothing, that's normal because it is frequent. My ASSUMPTION is that he didn't want to treat me because when I came to the Med Center for him, I said/wrote I would not be responsible for the bills, as the clinic sent me and they should be, as on the sliding-scale status as well. Each visit is \$300 and so follow-up would cost, which he probably know he might not get from this patient, me. They told me from the clinic that I wouldn't be charged but I was charged nonetheless, good thing later I spoke with someone to have it written off. Even though I have fatty liver like many others, shouldn't he give some guidelines or medication to prevent further erosion of the liver!? I was probably dismissed because I'm a potential patient who would generate no income for him. I even mentioned the other problems with it but he refuse to go further, they only checked for hemorrhoids – nothing. Need to see a real liver specialist that does follow ups and tests, possible a sole practioner away from a hospital. It seems the liver is now dysfunctional in handling fat breakdown and possible others, possibly due to tampering by infection/disease/an organism – the latter fighting good immune emissions from the liver. Read here on the seriousness of my liver condition, even a last stage - http://en.wikipedia.org/wiki/Non-alcoholic_fatty_liver_disease and http://en.wikipedia.org/wiki/Fatty_liver.

2. WHAT CAN YOU DO ABOUT :- diagnosis of hypokalemia (chronic kidney failure). "Hypokalemia is a potentially fatal condition..." (Wikipedia.com). This diagnosis was February 2, 2008 by UN MED CENTER and there has not been a follow up. Again ignored. It seems the Kidney is now dysfunctional in handling potassium and possible others, possibly due to tampering by infection/disease/an organism – the latter fighting good immune emissions from the kidney. Having a liver condition is bad, now with a kidney

condition. Read here on the seriousness of my kidney condition, even a last stage - <http://www.webmd.com/a-to-z-guides/chronic-kidney-disease-topic-overview> and http://www.emedicinehealth.com/low_potassium/article_em.htm and <http://www.mayoclinic.com/health/kidney-failure/DS00682>.

3. WHAT CAN YOU DO ABOUT :- my bloody stool, I showed the tissue wipe, sealed in a zip lock bag, of the blood and feasts to show the realness of the situation, which now happens with hard or soft stool. Any doctor would suggest hemorrhoids, but I was checked/tested for them and nothing. Plus this be ongoing for a while, a more sophisticated diagnosis/test is needed; if not bleeding internally somewhere, then something else is wrong (golden mice – **Jaw Bone of an Ass**). This was said on [medicinenet.com](http://www.medicinenet.com) and to date it was not done even with my specimen "...serious conditions such as cancer. Blood in the stool should be evaluated by a healthcare professional." Read here on the seriousness of my bloody stool, even a last stage - <http://www.medicinenet.com/script/main/forum.asp?articlekey=24701> and <http://www.umm.edu/ency/article/003130.htm>.

4. WHAT CAN YOU DO ABOUT :- CT Scan of sinus showing the enflamed/enlarged disturbances in them (even rhinitis). This could be linked to the mysterious sputum (spitting of mucous) that keep getting dismissed, at least the UN MED CENTER ER recognized something wrong there but not what and called it a "sputum anomaly." One doctor stated that since my tonsils were taken when young, they are two adjacent glands (lymph/adenoids ?) that possibly weren't taken out with it that could cause the permanent sputum and disturbances (by infection). That seem somewhat correct, the sputum drainage seems from the throat not the chest and seems mixed/created/originated from the tonsil/sinus area and so further examination of there to be done and possibly surgery; because something else is wrong (golden emerods – **Jaw Bone of an Ass**). Read here on the seriousness of my rhinitis and throat/head complications not defined (sputum anomaly), even a last stage - http://www.medicinenet.com/chronic_rhinitis/article.htm and http://en.wikipedia.org/wiki/Vasomotor_rhinitis and <http://www.webmd.com/a-to-z-guides/nonallergic-rhinitis> and <http://www.ghorayeb.com/AcuteTonsillitis.html> and <http://www.news-medical.net/?id=1012> and <http://www.webmd.com/cold-and-flu/understanding-strep-throat-basics>.

5. WHAT CAN YOU DO ABOUT :- about constant blackouts or Nausea spells, etc, which was possibly linked to the liver condition but that not followed up properly or at all. The UN MED CENTER ER diagnosed "weakness and paralysis" – it doesn't occur everyday so I'm not taken seriously. Just this month I fell in the bathroom and slightly bruised my face, hand and leg. This is not new, when I was in Florida 2002-2003 I had the worst blackout then in a bathroom on the floor for hours passed out and realized I broke the ceramic off the wall by the shower when went to piss, when I fell. I had these while driving too, space out at the wheel then come-to when almost hit the next car, thank God he watches over me. This is one of the main problems (to date, worsens) why I can't work, for while working this is heightened and dizzy spells, nausea occurs – hence falling down, sick and non-productive; to date, for white/blue collar jobs, the sickness emits a rude odor and I must walk with a spitting container (disgusting). Never a doctor previously diagnosed anything or gave medications to this! One source said "There is no cure for periodic paralyses" (clevelandclinic.org). Read here on the seriousness of my "weakness and paralysis", even a last stage – <http://en.wikipedia.org/wiki/Paralysis> and <http://www.umm.edu/ency/article/000312.htm> and <http://www.clevelandclinic.org/health/health-info/docs/2400/2452.asp?index=9499> and <http://en.wikipedia.org/wiki/Nausea>.

6. WHAT CAN YOU DO ABOUT :- my feet condition which I've complained about and even listed in the list of problems, are the doctors going to wait until I need amputation, which it doesn't feel far from it. You would have to be in my shoes to know the pain, numbness, poor circulation and neurological disorder; plus the big growth/swelling at the ankle, one doctor suggest is possibly a Cyst and a childhood fracture that pains or hasn't healed which is not the cast of poor circulation or neurological disorder. Most times now only 40% sensation to the touch, as in I can feel a hard hit but not, per say, a feather stroking it. I did a Venosan test, which I gave to you, and the guy that took the test cited the circulation problem and stated I need to see a doctor ASAP about it. But again ignored until one day collapse dead when I've been telling the doctors these

things; they don't even take my chest pains seriously, feelings of explosions and clogged arteries/heart, etc; though the UN MED CENTER ER diagnosed that I have "a life-threatening irregular heart-beat" and when I first went to D.C Medical Center (formerly Hosp.) the doctor (N. W) upon listening to my heart cited the same thing. This also occurs in my feet, a precise description "The pain may be continuous and burning with increased sensitivity in the affected areas, or a spasmodic shooting type, or, rarely, of an itchy, crawling variety. The overlying skin is numb or exquisitely sensitive to touch" (healthandage.com); they say it is shingles on this website. Read here on the seriousness of my feet condition, even a last stage -

http://www.redsofts.com/articles/read/196/61933/What_Is_Poor_Circulation_PAD.html and <http://www.enotes.com/neurological-disorders-encyclopedia/foot-drop> and <http://www.healthandage.com/Home/?gc=18!l=7!gid7=834;jsessionid=6D6D6759ED672E2245160244DF4539EA>.

The only thing psychological to my chronic illness is that I have adapted to it at each increase/stage, by no aid given, and one day would ultimately collapse -

http://www.healthphone.com/consump_english/a_healing_center/psychological.htm. Over the years with antibiotics, one doctor suggests that illnesses too can become adaptive to them as well and making these diseases more antibiotic-resistant and stronger or more incurable, even creating new strands of the disease/virus that antibiotics have no effect on. Only an ill-informed, ill-educated and oblivious psychologist would pass my symptoms/illnesses as psychological or "threats," especially after some positive work-up.

So you see I have some serious issues, which no doctor wants to stick with it and tackle them to the end. These illnesses prevent working for a living and the only reason I'm not getting disability (SSI), that I applied for is because they say I'm ineligible based on not being a citizen, but possible state disability.

Thanks in advance and keep me in your prayers if you're a praying person.

Sincerely,
O_neil M_cQuick

SUBJECT: The Case Of O_neil M_cQuick is FINISHED!? - **edited underline**

Dear Social Security Department,

It has been brought to my attention I was denied benefits in my persistent conditions for frivolous reasons – the desk clerk hurriedly said non-citizen whereby all previous government benefits, etc, being a legal resident was just as good; moreover, before going to the office I had to call for a phone screening to see if I'm eligible for benefits and I passed it and I think one of the questions was my resident status, then now I'm not eligible going in, to further do no work-up to see if I'm unable to work via sickness, for benefits. And when ask my case manager to follow-up, now they say come-in to see if they missed anything. What changed? More run-around and undue red-taping to further stress the already stressed in their struggles. Hence, why **PREVIOUS EMAIL 3**, below, also applies to you!!!

I've worked, paid my taxes, schooled in the US and tried relentlessly at businesses, freelance, etc and now unable to work due to my conditions I'm a denied the benefits I deserve. That is not right. Notice this section in my cover letter when applying for benefits:

The last job I had with a company [Thereafter got an apartment], the boss there was very lenient to me to allow me to take frequent breaks while working, less I fall over and tumble down due to the illnesses; he often urge going to the hospital or a clinic for in-depth check-up, but the hospital cost was freighting and the clinics seems not to go that in-depth.

I gave several doctor prognosis with my cover letter, but just recently, last weekend (Feb 6), the doctors saw me at the hospital and even confirm the above that has been going on for years but blossom greatly now. Their exact words on their written report given to me were “weakness and paralysis...Nasea...life-threatening rapid, irregular heartbeat...CAUSES Hyperkalema. Chronic Kidney disease with Kidney failure.” The latter along with my already bad liver. They also said “POSSIBLE COMPLICATIONS – Cardiac arrest and death.” That is heightened if working, but if not working, even temporarily, how do I support myself?

Please see this injustice! Also, those reading this letter as well, please call this Omaha Social Security Department and complain on my Behalf – 402-399-8963. Thanks in advance. I guess if you drop off the caste system treadmill you die, read here - <http://www.threeq.com/pages/taxnewsletterforprint.html>

Sincerely,
O_neil M_cQuick

P.S.: The case of me I presume is finished with several letters to you for archiving on it, this seems the last one. Here are the letters again **(1)** Evaluation Clarification **(2)** Letter To Hospital Financial Aid **(3)** Letter To My Doctor 2 **(4)** Letter To My Doctor 1, all below. Another reason for my struggle are my unorthodox words of fighting the invisible giants of the system at face value – angels or the paranormal level – than political correctness, which is only sublets of this greater whole; but the great whole expository can deem the expositor mad/crazy, hence I guess the need for the Mental Health Evaluation Clarification. Out of the blues I was asked by a case worker at the ODM to have a mental evaluation done; this case worker who SEEMS to be out to get me (from a series of seeming agitation, see letter to Mrs. C. G-ory – NOT GIVEN) and at best he would have me passed as mad, as I concluded from this that the guy must think I'm crazy. But he seems to hint it be normal procedures before leaving the ODM; innocently, his words were "to basically check not only on physical but also mental state before leaving, as we do" (paraphrase). I thought what the heck, what harm could it do and especially I thought or was led to believe it was just preliminaries to get into CA, wherewith I wanted to get into CA for the benefits (healthcare, free housing, food, etc), as previously applied to GA for similar reasons. But I later found out CA was only for persons with a mental disease, not the general public, like GA, and this mental evaluation is not general pre-screening but to determine if you are a person with a mental disease to be inducted in the program. However, I also didn't realize that mental illness is not limited to being crazy, senile, mad or deranged, but also compose things like clinical depression, bipolar, etc; so the first request by the same case worker could really be innocent and legitimate.

The guy from CA did the evaluation then related that I "Don't seem to have a mental problem from the evaluation, but the follow-up doctor visit to the psychiatrist is for officiality of that result" (paraphrase), though he noted the constant "cut-and-dry" hopeless situation I was going through. After seeing the Psychiatrist from CA, he, seemingly based on the latter, diagnosed me with "Schizoaffective Disorder C Bipolar Type." I looked it up on the internet, but it was unclear but some traits diagnosed seems correct; like "depressive symptoms...associated with distress and disruptions...sadness...lack of motivation [sort of]...isolation" (wikipedia).

Being quiet and slow moving in the sight of all at ODM, that low feeling of hopelessness can be obvious, {1} being very sick physically (see list, 2nd letter to Dr. B-tek – GIVEN BELOW, PREVIOUS EMAIL 2), {2} overt destitution {3} and with much potential find myself temporarily "in the rut" (filtered/grass-to-flowers). At best, Web MD said "schizoaffective disorder...is often misdiagnosed...As a result, it is difficult to determine exactly how many people actually are affected by schizoaffective disorder. However, it is believed to be less common than either schizophrenia or affective disorder alone" (WebMD).

So another opinion was gotten from another Psychiatrist. He saw the diagnosis and I related to him the same thing as to the first and I asked him what the diagnosis from the first means since the definition was so broad, and he said, "I'm just having episodes of depressive moods" since such state began, but things in the episode would temporarily change it. He asked what, I told him "bible reading, prayer, going to church, etc." He said, "to continue to do those things" as often as possible until back on my feet; though in everything I've learnt to give thanks. He also gave me a pamphlet entitled "managing depression."

At the least and best from this ordeal and three official mental evaluations, it proves and diagnosed nothing near me being crazy, mad, deranged or senile, etc – as per the Psychiatrists, etc.; especially needed when I expose things like a "World Wide Mind Control Cast System," and other intangibles amongst us, that rather than say this guy is pressing pass the norm or we don't understand, one would opt to say he is crazy and with professionals, certify that. Christ did promise to this saints, "Love, Power and a Sound Mind."

ALSO NOTICE

We as Pentecostals can be categories as mad by the spirit birth and fresh revelation. In fact, when the people at Pentecost were spirit baptized the onlookers thought they were mad or drunk that Peter had to stand up and say "these aren't drunken, as ye suppose, seeing it is the third [WASHING OR SEED]" (Acts 2:15). Even if not Pentecostals, all believers are called a "peculiar people" (1 Peter 2:9), meaning strange or different from the norm and

can seem mad; even as from the norm can be filtered from that aforementioned caste system if practice one's Christian faith; even worst, as much as I do, with that awful filtered agony – "The zeal of thine house hath eaten me up" (John 2:17). But notice the similarity between Pentecostals and some mental disease diagnosis:

[[[S = Stands]]] E = Explanation Within Christianity]]]

S = Inability to think or concentrate (WEB MD - Depression)

E = Every Christian, especially if progressive is afflicted mentally by demons trying to stop that progression. IT'S IN THE BIBLE – David said that there was constant warring in his mind, also "For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places" (Eph 6:12). And sometimes it can be ourselves being pulled to carnality, especially if drenched in a society that overtly fosters such, "But I see another law in my members, warring against the law of my mind, and bringing me into captivity to the law of sin which is in my members" (Rom 7:23).

S = Thoughts of death (WEB MD - Depression)

E = We as saints, being peculiar as such, know the physical and spiritual realm, and so know the spiritual fight spills in the physical and natural world and so at any time from that fight we are always ready to die – whether realized as Martyrs are not from it. We are not suicidal, but going all out for Christ, cost it what it wills, even if it means being filtered. IT'S IN THE BIBLE – "I am afflicted and ready to die from my youth up: while I suffer thy terrors I am distracted" (Psalms 88:15). "Then Paul answered...for I am ready not to be bound only, but also to die" (Acts 21:13). And all believers should be characterize with this, "they loved not their lives unto the death" (Rev 12:11).

S = Loss of interest in usual activities (WEB MD - Depression)

E = Not necessarily usual activities, but world activities. For the usual activities I do, like chapel nightly at ODM. But rather the world activities we Christian try to stay away from. Sometimes we can't do that instantly, so in gradual chunks. IT'S IN THE BIBLE – "Be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God" (Rom 12:2). "Because the carnal mind is enmity against God" (Rom 8:7). "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him" (1 John 2:15).

S = Increased activity, including work, social and sexual activity; Increased and/or rapid talking; Rapid or racing thoughts; Little need for sleep; Agitation; Inflated self-esteem; Distractibility; Self-destructive or dangerous behavior (such as going on spending sprees, driving recklessly or having unsafe sex). (WEB MD - Mania)

E = All the above can often be experienced by a saint on the first time being spirit baptized and other such experience of ecstasy in the spirit and has nothing to do with Mania or facets of a mental illness. For instance, some of the following might be considered Mania:

WE PRAY TOGETHER ALOUD because:

In the Bible we read, "They lifted up their voice to God with one accord."-Acts 4:24

WE LIFT OUR HANDS IN PRAISE because:

In the Bible we read, "Lift up your hands in the sanctuary, and bless the Lord."-Psalm 134:2

WE SING WITH ALL HEARTS because:

In the Bible we read, "Make a joyful noise unto the LORD, all the earth: make a loud noise, and rejoice, and sing praise."-Psalm 98:4

WE PLAY MUSICAL INSTRUMENTS because:

In the Bible we read, "And all the house of Israel played before the LORD on all manner of instruments."-II Samuel 6:5

WE CLAP AND SHOUT UNTO GOD because:

In the Bible we read, "O clap your hands, all ye people; shout unto God with the voice of triumph."-Psalm 47:1

WE DANCE BEFORE THE LORD because:

In the bible we read, "Praise him with the timbrel and dance: praise him with stringed instruments and organs."-Psalm 150:4

WE TESTIFY PUBLICLY because:

In the bible we read, "I will declare thy name unto my brethren; in the midst of the congregation will I praise thee."-Psalm 22:22

WE ANOINT WITH OIL FOR DIVINE HEALING because:

In the Bible we read, "Is any sick among you? let him call for the elder of the church; and let them pray over him, anointing him with oil in the name of the Lord."-James 5:14

WE ALLOW THE OPERATION OF THE SPIRITUAL GIFTS because:

In the Bible we read, "When ye come together, every one of you hath a psalm, hath a doctrine, hath a tongue, hath a revelation, hath an interpretation."-I Corinthians 14:26

Such experiences at several instances might lead one to think the believer is plagued with Schizophrenia, but one simply being born again, a peculiar person, among other legitimate variables. For instance, again, persons in the bible saw angels (Joshua 5:13), but the psychiatrist might ask the patient if he sees dead people or spirits, which if he answers yes, he is mad; when by divine gifting can see those things, as the next stanza should show some experiences.

S = Delusions (strange beliefs that are not based in reality and that the person refuses to give up, even when presented with factual information); Hallucinations (the perception of sensations that aren't real, such as hearing voices); Disorganized thinking; Odd or unusual behavior; Slow movements or total immobility; Lack of emotion in facial expression and speech; Poor motivation; Problems with speech and communication. (WEB MD - Schizophrenia)

E = For instance, this scenario would be considered Schizophrenia, though from a contrary source many such legitimate cases since Christ time and if you watch Trinity Broadcasting Network (TBN) you'll see it live, though mostly in groups than such an individual alone. That is, this real experience,

"I watched the video again. It was entitled "Signs and Wonders Campmeeting 1994". Pastors of huge charismatic churches were stumbling around the stage "drunk" with "holy" laughter. Wanting to testify to the fact the "holy" laughter had transformed their ministries and their lives, many of them were unable to speak when called on to do so. But their "drunken" condition became their testimony. Their halting speech was seen as "proof" of the "power of the spirit" that had come over them. The congregation roared in approval as pastor after pastor laughed uncontrollably and then fell to the floor. Standing alongside the "drunken" pastors was evangelist Rodney Howard-Browne, the self-described "Holy Ghost bartender" who was serving up this "new wine" of "holy" laughter. Many Christian today believe that Howard-Browne is God's appointed channel for imparting joy and revival to the endtimes church. Other Christians see Howard-Browne as a false prophet who is inflicting great damage to the body of Christ...Later when I talked with several members of the San Francisco Vineyard congregation I was told how hundreds of people were getting "hit" with "revival" - how some people were getting so "soaked in the spirit" they would lose consciousness for up to several hours after falling to the ground"

Lastly, though my Christian faith covers any peculiarity, being apart of a peculiar people, another group of people that exert peculiar behavior traits are artist – as their nature to be creative, which creativity often is out of the norm and also most often out of the caste; hence many a time the "starving artist." I myself is an artist, though computer graphics. This portfolio newsletter I had done with the article on the front, sort of explains why artists are that way, it can be found at <http://omd.mcquickenterprise.com/newsletter2005.pdf> (OMD Portfolio Newsletter 2005). Thanks.

Sincerely,
O.M

ENDNOTE: Pentecostal. An adjective used to describe those who have receive the same experience that the followers of Jesus did on the Day of Pentecost. (See Acts 2:1-4.). **Tongues.** Speaking in tongues means speaking miraculously in a language unknown to the speaker. It occurs as the Spirit give utterance (Acts 2:4), not by human learning or imitation. There are two major functions of speaking in tongues in the New

Testament church. **Divine Healing.** The divine intervention of God to cure sickness of body and mind. Divine healing was purchased for us by the blood of Jesus that flowed from His stripes (Isaiah 53:5; Matthew 8:16-17; 1 Peter 2:24). Jesus went everywhere healing those who were sick (Matthew 4:23-24). **Baptism of the Holy Ghost.** Literally, being dipped, plunged, or immerse in the Spirit of God. The baptism of the Holy Ghost is the birth of the Spirit and thus is a vital part of entrance into the kingdom of God. (See John 3:5.) The initial evidence of the baptism of the Spirit is speaking in other tongues (languages) as the Spirit of God gives utterance. (See Acts 2:4.)

Subject: FINAL: The Case Of O_neil M_cQuick - Needing Medical Help

Dear D.S,

I came by to see you about the status of induction in the charity program, but you weren't there. I had a copy of the bank statement you requested and left it with someone name Patrick at the desk who said he would give it to you, whilst Lisa witnessed the hand-off of the statement.

Now based on my 2006 tax return/income you hinted or said that induction was positive in the process and there shouldn't be any problems or queries, also given my condition of still needing to be hospitalized/ER but cannot face the enormous bill that will follow. Then "Lo and Behold" I got a mail stating that the process is halted/denied until show proof of how I support myself. Which from the start of how I got to this stage that is OBVIOUS, even with the first letter from the nurse practioner who got me in this process and at the University Hospital in the first place. ... cannot work now because of the persistent illnesses ... So how could a stupid cause for halt like this come up!? More Bull-dodo Bureaucracy and red-taping, pardon my non-profane language as a Christian, but I've had enough "merry-go-round" and running in circles from those who profess to care and "care-givers" from humans to angels in heaven who think my mind is a gymnasium for mental gymnastics and madness.

Now, that is the only proof of support of self I have. I have tried businesses (and have certifications in small business) and gave the option of book sale online, but none of that have gotten off the ground or yielded "real" benefits of income ("**They**" **also rob funds from book sales with no trace by hacking, etc**), which led to working tempt services until illnesses halted that presently; neither my line of work, sitting a computer (graphics), yielded "anything." I guess the American Dream is not for everybody; this is obvious with my bank statement having \$XX.00 and **educated** and **talented**. At best a World-Wide (all nations) mind-control caste system, where the resistive are filtered. By the way, in case I seem mad by my words, literature, etc, it is because as one of those resistive to the norm or caste and allowed knowledge, those in the caste (possibly you) would be unfamiliar with it and what they are unfamiliar with they out-caste automatically, as also by the mind-control in the caste system (even fad) of someone pressing pass the knowledge of the worldwide caste. For instance, words we are not familiar with are called big words, because words we are not familiar with usually have more letters in them than the average word; e.g. "**Supercalifragilisticexpialidocious**", hence it is not in our vocabulary (THE CASTE). However, this is a big word to most, **Inept**, yet it is less words than the average word; so the word is not big, just unfamiliar with it because it is not in our vocabulary (THE CASTE); or in the example of the caste with the mind-control, forced not to be in vocabulary. Sadly, like words given from a youth by fad, Educators, etc, to build a vocabulary we cannot see or know we have, likewise this caste system I speak of is intangible or invisible and so one cannot grasp it, speaking of it further give the rise that this is a mad man. For those who press pass the caste are ostracized as mad! Strayed, but seeking medical help for physical illnesses and relief from the bill and with the word above, this hold for a very sick man is really **INEPT** (look the word up)!

Now, even though seen at the Medical Center the tests prove little to many problems, the problems persist and still need to be hospitalized/ER. This is seen in my last two emails to my doctor there, given below.

Thanks for everything and have a wonderful New Year, despite, no hard feelings to all.

Sincerely,
O. M_cQuick

P.S. Trying to vacate computer usage for VARIOUS reasons (<http://www.threeq.com/pdf/internet.pdf>); also as not in a home formally with my and secure desktop/laptop computer. This I've attempted to desist from being destitute and mobile, so you may get a vacation type auto-response from my email.

Subject: The Case of O_neil M_cQuick Continues - Follow up

Dear Dr J.B,

Note: I have poor handwriting (when to give the written copy) and I'm a bad speller. Please ignore the foot notes they are for my copy that is not understandable.

Page 1 - What Is This Appoint For

1. You said to read on Fatty Liver then come back to see you. I did that and sent you an email on it. Did you get it? Any questions or queries if so?
2. On the sheet from the Nurse Practitioner, who recommended the tests, had said if those tests failed and problems persists, which they do, then to do a Bronchoscope. Can this be done there or do I have to schedule an appointment for elsewhere to do it? If so and you are forwarding such a test can I get the closest possible appointment to now?
3. You said to come back to see you to make an appointment to see the liver specialist about Fatty Liver
4. Most the list of complains/illnesses/symptoms I can remember are still left to be dealt with. They are on the following page. At first visit to you, you said you can only deal with so much at a time. The list on the next page you can tick off as it dissipate. These illnesses make working for a living "impossible."
5. Though some days I look okay, especially now with plenty bed rest, most other times I'm in sever pains, etc and death probable and why I wrote up my last [Will and Testament](http://www.geocities.com/oneilmcquickwill) (<http://www.geocities.com/oneilmcquickwill>); hospitalization/ER wasn't an option, the reasons given in the [Will](#). Death also seems probable because of these illnesses, which believe it or not, these illness have been going on for years (**5 years or so**) and I should have died from them by now. The spitting of mucous in my carrying container is now tiring and I want it to stop, and it is rather disgusting, especially at the dinner table.

Page 2 - List Of Complains

1. Nasea
2. Fatigue
3. Falling Down
4. Constant Mucus Spitting (sleep with cup), sometimes bloody, yellow or green.
5. Vomitting

6. My feet are presently numish (but can walk) and has not return to normal circulation for the pass 2+ weeks; which when it becomes numish it usually returns. Such numness has traveled to the abdomen area.
7. Sleepless nights, especially to wake to spit or turn over; if I don't turn over, those areas possibly detach internally. I suspect (a) arthrites or (b) diabetes or some reason for poor blood circulation.
8. Poor blood circulation, all over my body (Head-to-toe).
9. If I stand too long I would blackout and fall down.
10. Sometimes liquid stool (If hard, sometimes bloody).
11. Constant Sinus Drainage.
12. (c) Chest pains.
13. The awful taste in my mouth/nose that sometimes comes either from the nasal passage way or below the throat smells like cancer or when someone has aids (the smell could come from the mucus); that smell sometimes "naseating." I don't have the latter having been tested for STD's/AIDs, and only once in my life (age 14) I have had sex (made a pact and soon after converted), so I suspect cancer.
14. ETC., which includes tighten of throat; seldomly breathing issues; and poor vision as the year passes, I wear glasses but can't afford to get another pair with other expenses at the moment; unbalance feet like a car without shocks that when healthy can tumble over but agile enough never to fall so ignored, need special shoes (cost US\$250) and to see a podiatrist, especially for a huge lump at the right ankle with a smaller one later form under it and I remember it wasn't there. Etc or and more.

Footnote: (a) = heart-write-this (expose it, ha!)
 (b) = Diet-Beat-This (rod infection should finish him before such expository since the 2000's)
 (c) = Exploder-A-Pop (heart) and Will-It-Float from David Letterman

Thanks for all your help, I really appreciate it.

Sincerely,
 O_neil M_cQuick

SUBJECT: Re: The Case of O_neil M_cQuick to Local Doctor

Dear Dr. J.B,

You had said on my last visit last wednesday that I was diagnose with Fatty Liver and to look it up on the internet then get back with you, and later to see a liver specialist; I'll call for that. This is what I have found. By the way, the mucus continues 24/7 and the tests didn't give why, but one test wasn't done recommended by the Nurse Practioner, that is, Bronchoscope. Thanks for your much help thus far. Please read the following in it's entirety on what I found on Fatty Liver.

INFO 1

NASH (non-alcoholic fatty liver) can damage your liver for years or even decades without causing any symptoms. If the disease gets worse, you may experience fatigue, weight loss, abdominal discomfort, weakness and confusion.

INFO 2

If I've been diagnosed with fatty liver, what questions should I ask my doctor?

- "What is the likely cause of my fatty liver?"
- "Do I have NASH? If not, how likely am I to develop NASH?"
- "Do I have cirrhosis? If not, how likely am I to develop cirrhosis?"
- "Do I need to lose weight? How can I do so safely?"
- "Should I be taking any medication to control my triglyceride levels?"
- "What medications or other substances should I avoid to protect my liver?"

INFO 3

Up to 10% of cirrhotic alcoholic FLD will develop hepatocellular carcinoma.
Overall incidence of liver cancer in non-alcoholic FLD has not been assessed yet but the association is well established[13].

MY SYNOPSIS

0. Some of the symptoms I have are listed with NASH in **INFO 1**; which are nasea; fatigue; falling down; mucus which is sometimes bloody, yellow or green; vomitting; my feet are presently numish and has not return to normal circulation for the pass week and half, which when it becomes num is usually returns; sleepless night, especially to awake to spit or turn or limbs become num and possibly internally detach if don't turn; poor blood circulation; much pain all over body; if I stand too long I would blackout and fall down; liquid stool; constant sinus drainage; amongst other

complications.

1. I should ask you what they say I should ask you in **IINFO 2**, doctor.
2. Fat would overflow in the liver if I'm overweight or obese and I'm not and never since a child with child fat (now between 150-180 at 6 feet), nor drink, nor smoke. So the fat in the liver occurs because the liver is not breaking down the fat or fast enough, which cause the fatty liver. So that is a separate problem which led to this. Something in the liver is causing the break down of fat not to function. You may know why, but continuance can lead to a damage liver or already and I don't know as the picture here suggests - http://en.wikipedia.org/wiki/Image:Stage_of_liver_damage.JPG (COPY AND PASTE THAT URL IN YOUR INTERNET BROWSER).

My weird paranormal assumption is that another organism (obeast) within tampered with it because from the liver comes a bitter gall that would kill it; preventing that by it stop other functions of the liver. With that organism in, it usually has cancer and other major illnesses, which I was appalled some of the tests didn't reveal, especially the CAT SCAN [should be full bodied scan], which gives doubt those test were inconclusive or tampered with. If you are a faith based person with an open mind read more on this organism from this magazine (Bible and Technology Magazine Volume 4) here - <http://www.threeq.com/pdf/volume4.pdf> OR <http://www.lulu.com/godshop> OR <http://www.cafepress.com/shopgod>.

And from this book (Angels, Let's talk) here - <http://www.threeq.com/pdf/angeltalk.pdf> OR <http://www.lulu.com/yahothniel> OR <http://www.cafepress.com/yahothniel> OR <http://www.geocities.com/yahbloggist>

3. You are the doctor and decide where I go from here. hospitalization is obvious but as we spoke of an in my Will, then after that thousands to millions of dollars in bill.

Sincerely,
O_neil M_cQuick

APPLICATION FOR SSI & STATE DISABILITY COVER LETTER 2

Introduction

Greetings,

Basically I'm going to give a letter I gave to a doctor I was seeing that detailed my list of complaints, but first I'll try to give as much background as possible. I've been having these disability problems for years and not anything recent, but being disciplined, strong willed, shying from the hospitals for various reasons and wanting income still, I opt to continue working with my illnesses. But now that has taken a toll on me and working full time, etc, with them proves futile. **(1)** The last job I had with a company, the boss there was very lenient to me to allow me to take frequent breaks while working, less I fall over and tumble down due to the illnesses; he often urge going to the hospital or a clinic for in-depth check-up, but the hospital cost was freighting and the clinics seems not to go that in-depth. **(2)** Before that or thereafter I was working with a temp agency in downtown Omaha called Omaha Temporary Service (OTS). On one job they sent me to an assembly line to a company called "Casa...", at one point on the assembly line after standing too long (normal length for others) I began to become faint, dizzy and falling over – being on an assembly line you see what problem that causes. The supervisor was angry, call Lee at OTS and have them pick me up. I thought she would be sympathetic to my illness overcoming me that day, but put a DNR (do not return) on my account, as in don't send him back as if it was might fault I was sick or like others that might come to work drunk. Such has happened on other jobs, but this be a prominent one I was insensitively marginalized as if...

Among other problems, there is the psychological due to several reasons, but one would point out home-sickness being a legal resident for years or immigrant, like most American lineage back 300 years ago from Europe. This seems obvious, but other more overwhelming psychological things come into play that leads to clinical depression, stress, etc.

Now for the excerpt from the letter to one of my doctors, below:

Most the list of complains/illnesses/symptoms I can remember are still left to be dealt with. They are on the following page. At first visit to you, you said you can only deal with so much at a time. The list on the next page you can tick off as it dissipate. These illnesses make working for a living "impossible."

Though some days I look okay, especially with plenty bed rest if have a medical bed to recuperate, most other times I'm in sever pains, etc and death probable and why I wrote up

my last [Will and Testament](http://www.geocities.com/oneilmcquickwill) (<http://www.geocities.com/oneilmcquickwill>); hospitalization/ER wasn't an option, the reasons given in the [Will](#). Death also seems probable because of these illnesses, which believe it or not, these illnesses have been going on for years (5 years or so) and I should have died from them by now. The spitting of mucous in my carrying container is now tiring (for years) and I want it to stop, and it is rather disgusting, especially at the dinner table.

WALK WITH CANE

I walk with the cane sometimes (substitute with a golf club sometimes seeing the wooden one broke), don't always need it or can walk without it, but ever so often something awakes the symptoms and underlying problems, which result in much pain, stiffness/numbness, muscle spasms, difficulty walking and worse case cannot walk; the muscle spasms are the worst to this, occurs suddenly without apparent disturbances to awaken the symptoms and sharp pain, happened when I was crossing the street, luckily the lights were red, so since then I walk with the cane though not necessarily needing it most times and walk perfectly without, though there is a big cyst growth at the ankle I'd enquire the doctor about cutting off, but...

FORMER PRAYER REQUEST

This is how much a fight gotten from the devil for writing and preaching truths, however, pressed on, to God be the glory!

"Also, keep me in your prayers. Some days good, some not. For instance, last Saturday (Aug 2, 2008) to Tuesday I had sever diarrhea and pains. Sunday night walking it came down sudden and no where was open and for the first time since a youth playing I had to potty by a tree or else in my pants. Later it came down again some distance away and luckily a hotel was nearby and so I asked to used the bathroom. But by the time I left it more came down and nowhere at 2:00-3:00 in the morning, but fortunately saw a construction site, no one there really, so I used their porter putty until day break releasing waste - couldn't move - by time I stepped out, it came down again. I went to the ODM in the evening (Dollar General Card) and got some Pepto-Bismol pills - it seems to work but this diarrhea was severe and after I saw the instructions on the box saying not to take if there is mucus type stuff in the stool, which for the first in that quantity tons of mucus or a clear gel substance was in my stool, at times picked on my hand not even mixed in the stool as yet, should have had a camera, the doctors won't believe (mucus not sperms - not even my sperm - **never ever or will do homosexuality** or recalled being raped OR was it one of those anus laxative inserts nor any laxative OR I set sat on something of that substance). By Tuesday I said if it continues then I'll go to the ER, but it stopped. Then Thursday I had a near blackout and fell to the ground, like I was going blind,

but got up laid down slept and walked in the evening. ETC, ETC, ETC. So please pray for me, prayer works too and has been working. Thanks in advance. "

This is samples of the mucus membrane that is often in my stool and I would suppose, the same specimen I'm coughing up from my mouth often. This sample came after a bleach washing, where a quarter cup or more usually deposit (most of it lost in the toilet), possibly this sample now as dead organism, than alive and good for testing/reading. If it were alive would feed on the stool to maturation, but now either dead by the washing or by a seal air tight container (if it need air) or no food to live off (blood, flesh, dodo, etc). Being dead or dormant the organism might not give a reading or read as anything, though a possible real obest specimen; not my speciality, I'm mostly biblical. You can read the synopsis of a deadly obest organism (possibly made deliberately unaware to the medical field) in a magazine called "Bible and Technology Magazine-Volume 4: Real Weapons Of Mass Destruction," google in online. Because of that latter sentiment of mass destruction, falsely, the secret government agencies (even CDC) would cover this up, as any previously, even attribute it to, some already known virus (e.g. Flu) or at best, fabricate ^(even pin to someone I know) human sperms, to smear my credibility from the standpoint of origin = bible. Hence, the theory and the preacher is false, a homosexual or fornicator, where by I'm basically a 28 year old virgin, once (at 14) in my life (if) ever had sex, never raped and that's near to impossible. However, please test it, per chance you get a green light to explore and expose it, unlike the time I did a video mouth/throat procedures, me and the doctor briefly saw the abnormalities of white possey area or pockets of bloody substance on the lower mouth cieling on the video screen as the video tube went in, but later nothing and the test revealed normal - those mouth abnormalities, like this from the anus wash are pockets of the organism harvesting on its own. Drinking small amounts of alchol or anus wash does little to clear it up, both painful and distasteful. You might think I'm a lunatic, go here - Freewebtown.com/maddixme OR Geocities.com/maddixme. Nevertheless, my last statement on the obest theory can be seen in the last set of 2008-2009 angel notes page ten (towards 2009-2010) and before the May 2009 set. BT Magazine Volume 4 can be found at www.lulu.com/godshop or Freewebtown.com/threez. Even if you contend not obest, with all this mucus releasing isn't something terribly wrong with me physically.

Specimen usually gelly (stand-up) at date of sample but can liquify over time with no life environment

[PICTURE SAMPLE BELOW IN A JAR]

Above Sample of believed to be Obeasted and him and the doctors not mind erased by the Feds upon discovery like in Men In Black movie – if plausible, about that time of discovery – hard to have a sample seeing that it gels with the body as a seemingless integration, like a jelly fish in the water, clear, if not looking closely and indistinguishable from water when dead or decaying - liquified (possibly most samples from me); possibly even cellulite in humans or even minute organs in a cell, organells, to the naked eye a cell is just one blob but complex with organs as our body has. The sample was taken by him (same patient) to the ER with this note:

→ REASON FOR VISIT TODAY

Most the list of complains/illnesses/symptoms I can remember are still left to be dealt with. They are on the following page. At first visit to you, you said you can only deal with so much at a time. The list on the next page you can tick off as it dissipate. These illnesses make working for a living "impossible."

Though some days I look okay, especially with plenty bed rest if have a medical bed to recuperate, most other times I'm in sever pains, etc and death probable and why I wrote up my last Will and Testament (<http://www.geocities.com/oneilmcquickwill>); hospitalization/ER wasn't an option, the reasons given in the Will. Death also seems probable because of these illnesses, which believe it or not, these illnesses have been going on for years (5 years or so) and I should have died from them by now. The spitting of mucous in my carrying container is now tiring (for years) and I want it to stop, and it is rather disgusting, especially at the dinner table.

The next page is a list of complaints I had, still have and possible related to the reason I'm here today, also on it. That is, can you do something about ① Mucus in Mouth often spitting and ② Mucus often in stool, that is usually whiteish and Gelly; a sample I have for the ER only to Test. Possibly you determine the cause, enlighten thereto and eliminate it and cause.

What is biology

- The study of life.

- One teacher say "Science is the study of life. What make things work." Basically what it is and if so science can be appreciated rather than the dogma that science is something

He also said, "The human explanation of how things work"

how or above life or God. It basically is investigating how God set things in place. BEST DEFINITION OF SCIENCE

Dear Oneil McQuick:

I have taken the opportunity to review your request for financial assistance from The Nebraska Medical Center. The outcome of that review is that The Nebraska Medical Center will be able to provide you with 100% assistance on balances that are your liability.

The Nebraska Medical Center determines your eligibility for financial assistance by comparing your annual household income with the National Poverty Guidelines as established by the Department of Health and Human Services and published annually. Both illiquid and liquid assets are given consideration in the determination for financial assistance.

The financial assistance applies to your obligation to The Nebraska Medical Center only. It does not provide any assistance on your physician bills. You will be required to make separate arrangements for other bills.

Your application for financial assistance is valid for 12 months from the date of approval. Additional services received within those 12 months would be eligible for the same financial assistance with the exception of Transplant, elective or cosmetic procedures. All Transplant patients are required to meet with a Transplant Financial Counselor for financial screening prior to receiving Transplant services. Elective or cosmetic procedures are not covered by financial assistance. Any remaining obligation after the financial assistance will be added to your outstanding balance and the monthly payment will be adjusted accordingly.

Patients are responsible for follow-up meetings with agencies that may provide financial resources for healthcare services. Financial assistance may be terminated at any time due to non-compliance with this expectation.

If you have any questions regarding our determination, or your account, please feel free to contact our office at 402-559-3140 or 888-662-8662.

Sincerely,

Bobbie Van Oeveren

NOTE TO APPROVAL LETTER FROM ONEIL MCQUICK

The cost for ER and further hospitalization or its facilities is covered by this hospital charity program financial assistance program, as per this letter; including all drugs, pharmaceuticals, food, x-rays, etc. Likewise all costs known and unknown arising from an ER/Hospital visit and though not to the UNMC private physicians, yet the former can lead the emergent latter and nullify the latter itself as a charge to me if utilize such (or paragraph 3, sentence 2) as it would be arising from the ER, if a doctor from thence deem it immediate and necessary with umbrella cost shouldered by the ER. Since the former costs is covered and really no need for the latter though the latter can be inherent, when I go to the ER/Hospital I'm requesting a full body scan, x-rays, test of all sorts, etc, to determine and kill this persistent illnesses that cause cardiac type ER visits, even if those test were done already - I'm really fed up with the illnesses and tired. These are not elective either but peripherals to the ER/Hospital visit, never do electives or anything that may incur a charge to me only as per the charity program. Thanks in advance.

MUST KNOW ILL PROCEDURES

① AMBULANCE AND HOSPITAL DISCLAIMER

DISCLAIMER OF LIABILITY: If in a state of critical condition, needing to go to the hospital, especially unconscious, leave me alone. For financial reasons I'm unable to pay for the ambulance ride and medical charges to come, hence I'm not liable by this statement. This is not a statement to terminate my life if critically ill, or on life support, but let the due process of death take place, rather than try to save me and I leave the hospital with thousands to millions of dollars in debt. I rather death than debt in this case. So it is a general disclaimer that I'm not responsible for any medical charges, with validity of this statement in court to avoid such, and anyone who tries to apply medical help be aware of this.

If needed, call around hospitals that can foster a "good samaritan" exploit (if FREE) or else follow the disclaimer. Try UNMC first, should be in their charity program. So go to UNMC emergency room first if fallen sick or unconscious, in personal commute; others I would have to pay. If unconscious see bag-pack under my shirt for further disclaimers and instructions. Let all staff, volunteers, associates, friends, etc., know of this. If ambulance comes you must show them the disclaimer above or give them a copy. If in doubt, call police (911) and show them this.

② DUE PROCESS OF DEATH DISCLAIMER / WISH

If any part of me needs amputating (e.g. feet, hands, etc.) for me to remain alive, DO NOT amputate. I'll pray and wait, though possibly die; no sweat, thanks. Also, let the due process of death take place (not necessarily termination of life: though removal of life support and all other life peripheral in this condition) - (A) In an a-comma or unconscious over 30 days and not getting better (B) Lost the use of my 5 senses or even one, to no "obvious" recovery (C) Unable to use my arms or feet or see or feed myself; even arms and feet shivel up or curled up, like a praying mantis, due to illnesses or the underlying cause of hospitalization. (D) Lost the use of my brains, cognitive abilities/processes, memory and rotary skills, to even motion arms and feet or decipher things already learnt. Normally and while hospitalized please call the local pentecostal apostolic church (upci.org finder) to pray over me for healing, if God chooses not to heal me (1 week grace period) let death take place and "heaven" be my home. Thanks in advance! Please also see my will (geocities.com/oneilmcquikwill or freewebtown.com/oneilwill) for further wishes, disclaimer & instructions, one of which is instant cremation upon death, someone will pay but see Omaha, Nebraska's, Douglas County General Assistance under my account. Also, not only to prevent death, but generally, don't put a microchip in me or any "cyborg" adjustment. Likewise ~~refuse care/food if severely handicapped, as outlined above or such line~~ let the due process of death take place in my pseudo unconscious state.

The above pictures is how the person looks to whom this applies. That is, Mr. Oneil (Orlando Constantine) McQuik. For front desk usage.

Oh, I said in my blog that I'll be mobile somewhere in middle USA, etc. What we fail to realize is that "it happens," so plan for the "it happens," not that we can't shape our destinies by faith, but "it happens." So just in case you really don't hear from me again, or I'm different, start overtly contradicting myself having been 'taken over,' here is my last will and testament.

LAST WILL AND TESTAMENT OF ONEIL MCQUICK - August 26, 2006

TESTAMENT: Due to circumstances of health, spiritual and other reasons, it seems if God allows, which is obvious if you either are reading this or it takes effect, and I would have died in the streets. If reading this and some of the things pertaining to the future concerning me probably didn't come to pass, because of the shorted lived life, it isn't an hindrance to prophecy or hope. I say some, mostly personal, concerning RA, satan and many PIGS, those things especially are true and the more than obvious the reason I'm dead and poverty stricken, yet they are rich, the 60 are rich, the Lees are rich, the blues are rich and everybody has. I guess this must characterize service. In the last five years I've over dedicated my life to the word and ministries, it has yield more than expected, blossom into a global outreach and no other single-manned ministry (LIM) has impacted this world so much as this – the books written, articles, tracts, much literature and much personal witness is only what can be seen and the greater part go unnoticed. Much stuff tackled, especially in the latter days, that most ministers wouldn't, in fear of being ridiculed as a mad men; and probably driven to the brink as attempted overtly with me and the outward would dictate that to the natural eyes. Yet I go down knowing right well that I've been a force to reckoned with to satan and his angels and all enemies of God, not to boast but as the Apostle Paul also speaks – me probably the single most ordinary man to be, to satan's kingdom, not counting Christ.

WILL: Any revenue arise prior and after my death must go directly to the poor (shelters and food outreaches) and apostolic ministries (UPCI, COOLJC, PAW and others of the like faith, see apostolic.net) for the furtherance of the gospel. This money must be accounted for in overt details, penny by penny, that it goes directly to the poor and ministerial use and not frivolous administrative expenses. To hold accountability, a lawyer should/can be assigned to make sure such funds go directly to such use, with an incentive that they take 15% of all proceeds. Such a lawyer ("angel") should be a US Citizen and not affiliated with the Caribbean or South of the USA at all, including a descendant; more than likely a state attorney willing to collect the 15% for such service. No proceeds is to directly go to any Caribbean Islands, persons of, entities of or descendants of, also applies to persons from middle and South America; as how such is done to the Bob Marley figure, in they claiming all worldwide revenues of a dead man, though I would be considered far less and not even close to him to even write this, just for exemplary purposes. To also make sure all the will is carried out, the US IRS is to be given 5% if and only if they see to it that all wishes are complied with.

Upon death, refuse to attempt to resuscitate me, as if God wanted me alive what is death to refuse. I'm not to be buried or held over in any container of any sort, in any state for any period of time. An autopsy is not be performed, as I was slowly murdered only evidential through civil vicissitudes; this murder by RA, the PIGS, their ungodly creation, satan and his angels cannot be accounted for in earthly medical accounts. The same day I die is the same day my body is to be burnt and ashes widely disposed of separately. NO FUNERAL OR SERVICE WHATSOEVER, let the dead go bury the dead. Though if dying poor, I should have at least \$100.00 in my socks in my shoe for cremation; if needed, please proceed and someone will repay, plus some funds in a few bank accounts or other such assets, etc. Money or other means shouldn't hinder same day cremation and no authority (police, otherwise) can hinder the wishes of a dead man. I have no family to contact or leave anything to, neither living long enough to marry God's choice of wife and having two children; no justification for RAPE for God can do all by himself, if he wanted to. Though I've reached hitherto, to the hopefuls, the Lord is not slack concerning his promises; and nonetheless, I've finished my course and ended my race. God bless and thank you all.

DISCLAIMER OF LIABILITY: If in a state of critical condition, needing to go to the hospital, especially unconscious, leave me alone. For financial reasons I'm unable to pay for the ambulance ride and medical charges to come, hence I'm not liable by this statement. This is not a statement to terminate my life if critically ill, or on life support, but let the due process of death take place, rather than try to save me and I leave the hospital with thousands to millions of dollars in debt. I rather death than debt in this case. So it is a general disclaimer that I'm not responsible for any medical charges, with validity of this statement in court to avoid such, and anyone who tries to apply medical help be aware of this.

NOTE: 1) This is not a note of suicide, or attempts, but traveling/witnessing, giving out hundreds of tracks (been to Kentucky, Indiana, Nebraska, Topeka-Kansas, Salina-Kansas, Iowa, etc), as such, I'm a target for the enemy and "it happens," for the scriptures said of the disciples that "they love not their lives unto death." With this it can also be faked or fabricated that I committed suicide, no I will not - read an article I had written on suicide; nor will I attempt it. **2)** I use the term "it happens" from Forrest Gump - his character a leave behind of their disdain they have of me ("Egyptian" pigs and satan's); just be an idiot and run where we can get lines - football, Ping-Pong, Tennis, hey, what about NASCAR or baseball or music or magic, or acting - PIGS with their already riches, be cursed and rot in Hades in Yahoshua's name! **3)** I say funds are not "to directly go to" a set of people, and indirectly to them only if they be refugee of the entire literal South (Caribbean, Middle and South America, etc.), e.g., a food-shelter, reinstatement, etc. They be refugees proven by works and overt discernment and any of such with no ties or alliance to the rebellious sect residing in the Literal South, at present, under the rebellious principalities; who chiefly is RA and the other three - the big bad wolf and the three little pigs - and many others with other diminishing areas.

AMENDMENT 1: NONE!

Sincerely,

Oneil McQuick

P.S.: Buy my books at AMAZON.COM, CAFEPRESS.COM or LULU.COM to support the missions, with search term "Oneil McQuick;" not necessary though, Even after death do so for the funds thereby will go to the poor and beneficiary of this Will. Thanks!

EXTRA NOTE & NOT NECESSARILY APART OF THE WILL, BUT INHERENTLY THERE: If America ceases to exist, the above Will should be forwarded & applicable to the nearest republic that fosters such freedom; Canada a good example but can cease to exist also if America ceases to exist; a good visual aid is the film "The Day After Tomorrow." So other countries in the rest of the world this Will should be forwarded to are those that have similar constituted freedoms that can fulfill the wishes; there should be many such countries, as the world becomes democratic. The Will is International. As cited, 'blues are rich', but the cause for lack & prevention from gain of them is the head blue (Shepard Bull), affectionately called EA for eagle & probably named Bel. If he compromises, does violence & withholds, then as a 'seraphim' on a network of blues, they too will do the same, as the mandate & enforcing thereof stream from the head & as wheels, all blues have to be compliant. Such a compromise is heighten in that he dealt in partnership with satan with a wheellock, so what streams to the blues are deposits of evil. See the post "CSI: HEAVEN" from the blog, "Dew From Heaven: Light 2U Blog;" should be posted in 2007, if not you see why. No images of myself must be marketed or sold or used in a non-profit way, but not limited to name usage (or other such usage of my person) only with overt similarity to my kind of 'religious' outreach, charity, etc, in using it with; e.g. O. McQuick Foundation Charities. Any revenue from any such usages of my person (e.g. using my personage to promote something) or any thing outputted by me (e.g. revenues from books, CD, etc, I have with publishers deposited in MY bank account or held) or anything concerning me, goes to the beneficiary of the Will. If seek to promote & profit, for it to be worthwhile, half the profits can be kept back & half to the beneficiary of the will, with accounting ledge details provided if asked for to verify profit and loss; for example, merchandising a T-shirt with a full quote in context from a newsletter of mine with or without my name/organization. Such promoters must not be the evils mentioned in the Testament & Will above, even those excluded from benefits of the will, and also any evil, known or unknown and especially those that violently fought against me or did wrong, who would only seek to gain from death and pollute the works, goodwill & heritage left. The books are still to be distributed as per the notices in them though in addition to the former sentence, with such notices applicable to all literature (text, images, audio or video) outputted by me. Those organizations /persons named or anyone at all that deem themselves inherently as beneficiaries or trustees of the Will can file form 706 with the IRS to take part in any stream of monies/benefits, but not limited to one person/organization but as many such can file form 706 or such similar form in another country if N. America ceases to be & the benefits split evenly to all those beneficiaries that are overtly beneficiaries as outlined in the Will, from 1 to 1000 or more trustees/beneficiaries. Such filing organization should foster such unlimited number of beneficiaries if not already apart of the filing process; even as a special request of the decease of the Will. I said, "the US IRS is to be given 5% if," this also applies to any similar gov. organization in another country if N. America ceases; likewise the part of the lawyer (s) "with an incentive that they take 15%", who can take legal actions against violators of the will & any not compliant to it.
