Maze Tip: The easiest way to Solve a maze is to start from the end and go to the middle, then start from the beginning and work your way to the place you left off. (This of course is called cheating but sometimes it’s the only way.)

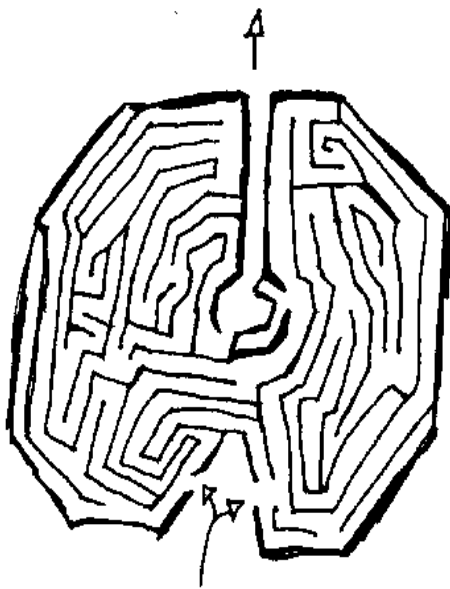

These mazes are more of a graphic art form than mazes to be solved, that’s why each one is given it’s own page.

Note: Some Mazes are oriented on their sides. For that reason, you may want to turn this booklet onto it’s side, to solve these maze problems.

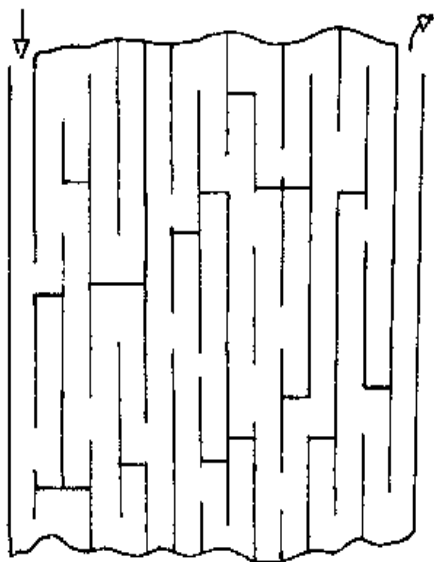

"Cat Head"

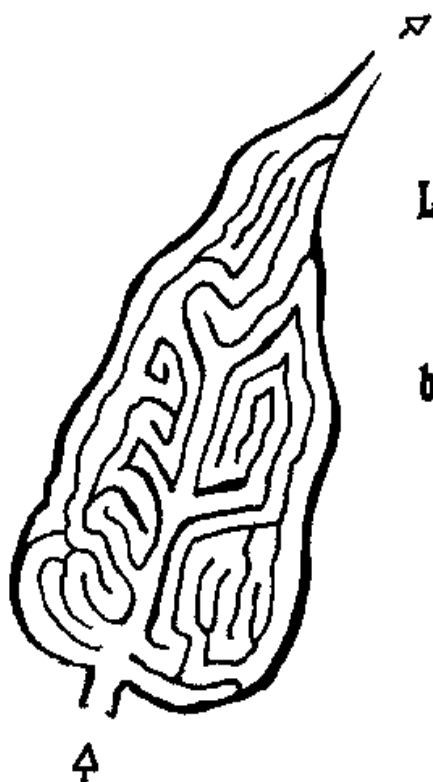

"Two to One"

**Looking like a
"Stop Sing"
there are two
ways in, but
only one out.**

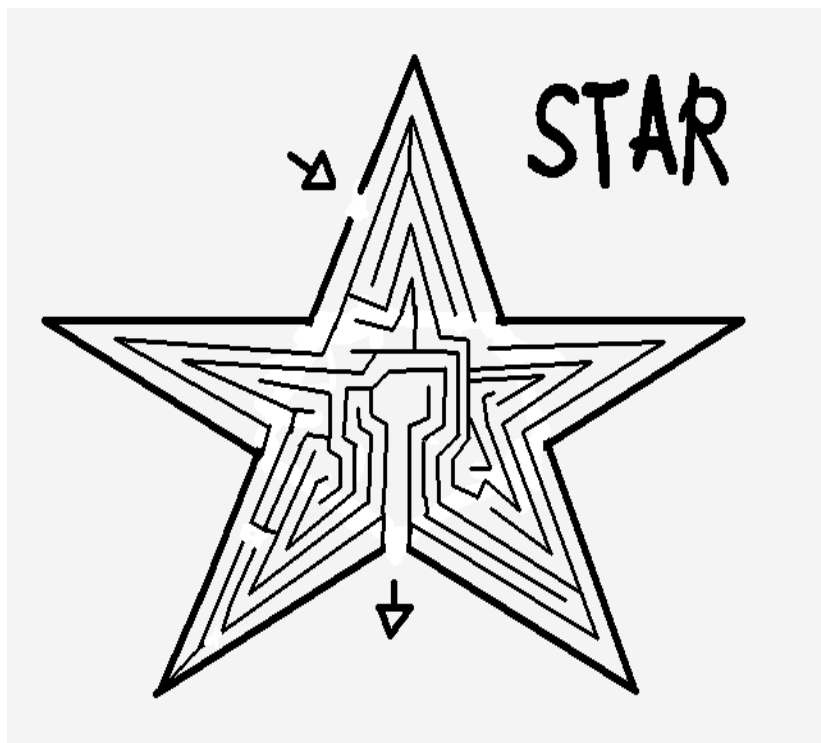

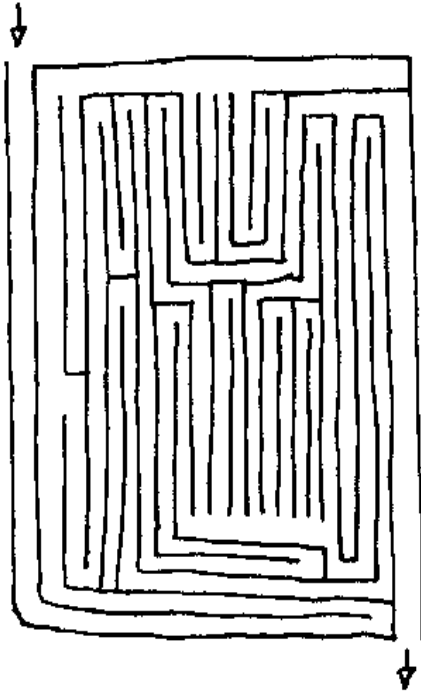

"Drape"
Like the wrinkles
on an endless
curtain,
it's so easy to
get lost in the
folds.

“Leaf”

**Like a droplet of water
being pulled
down to earth
by the force of gravity.
Even the smallest
parts of nature,
can present
an enigma.**

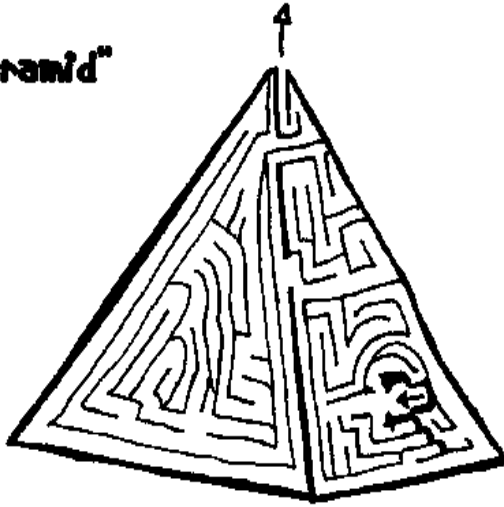

"Block Maze"

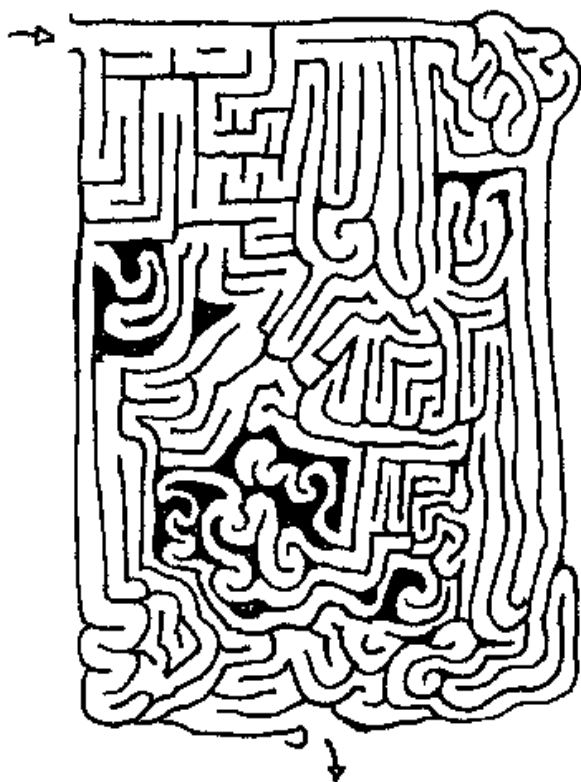

**Some squares are
"Lane",
but this one is cool.**

"Pyramid"

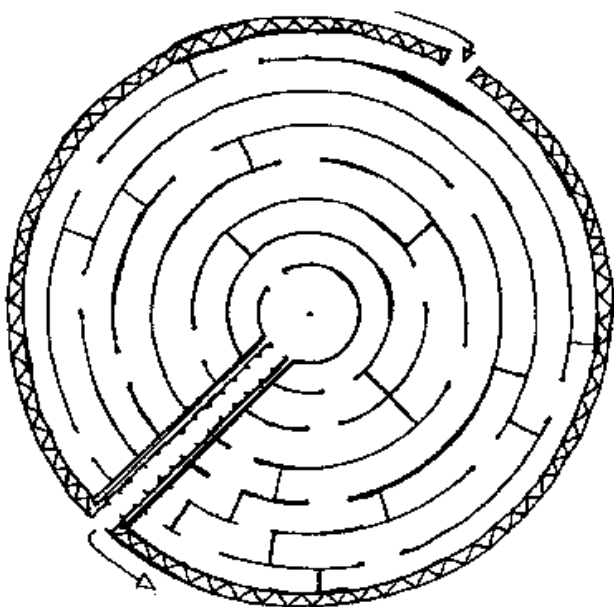

**Ancient tomb of long ago. do you risk it?
Where so may others get trapped by its
mystery.**

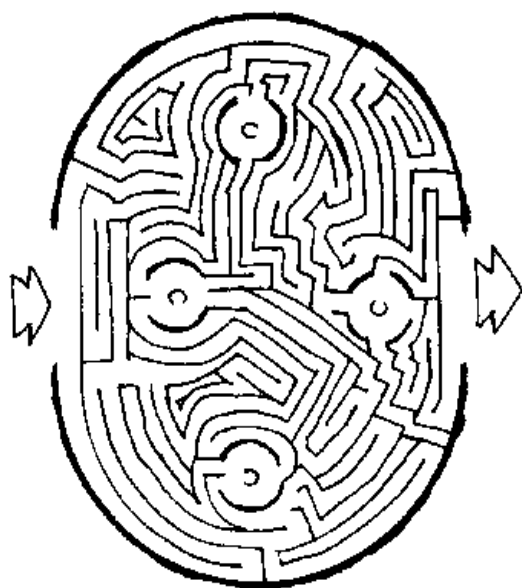

"Maze 2"

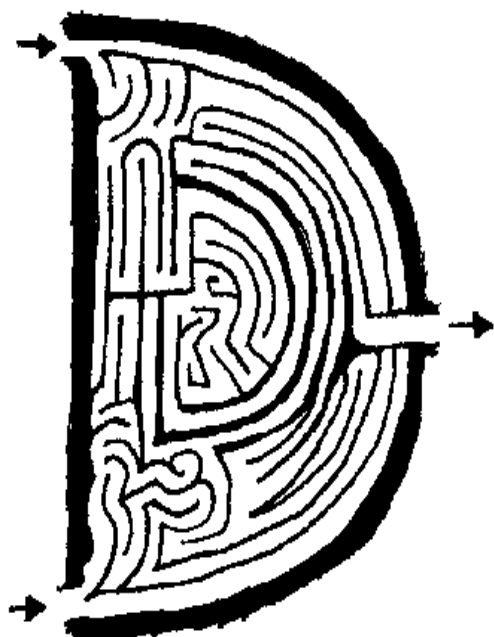

"Dial it Out"

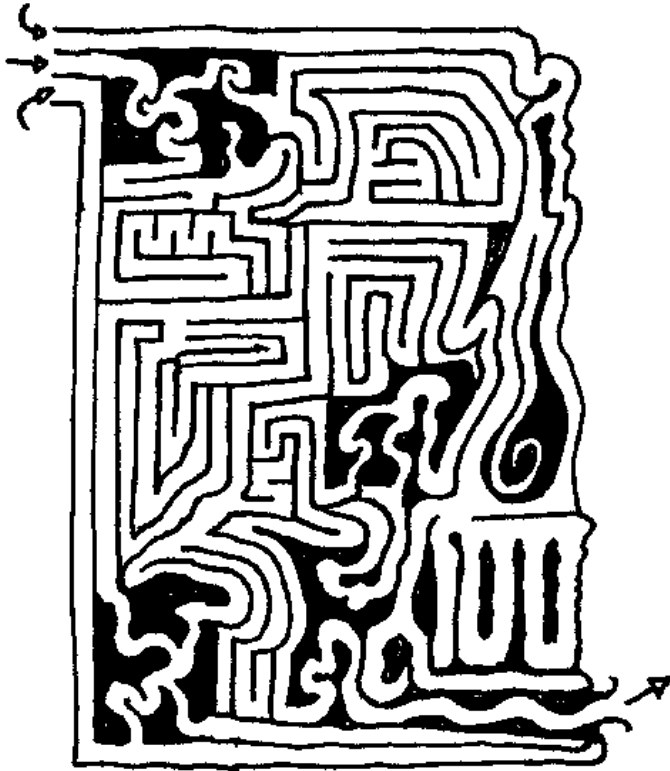

"4 to Go"
Hit all Four
Markers
and find
the way
out.

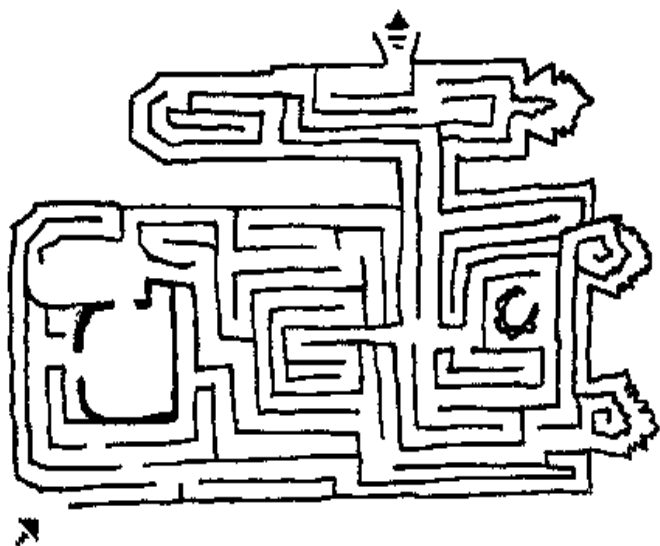

"The D Maze"
It has spelled doom
for those who have
dared to defeat it.

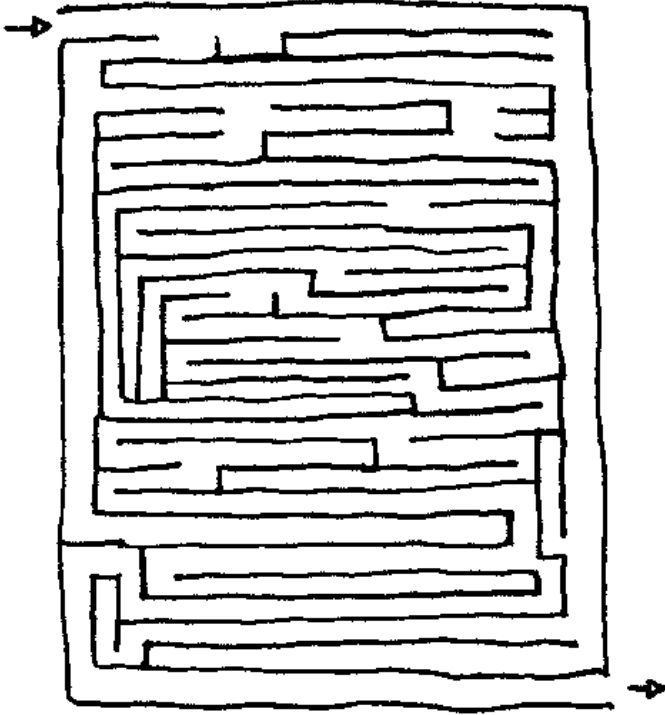

"3 way in, 1 way out."

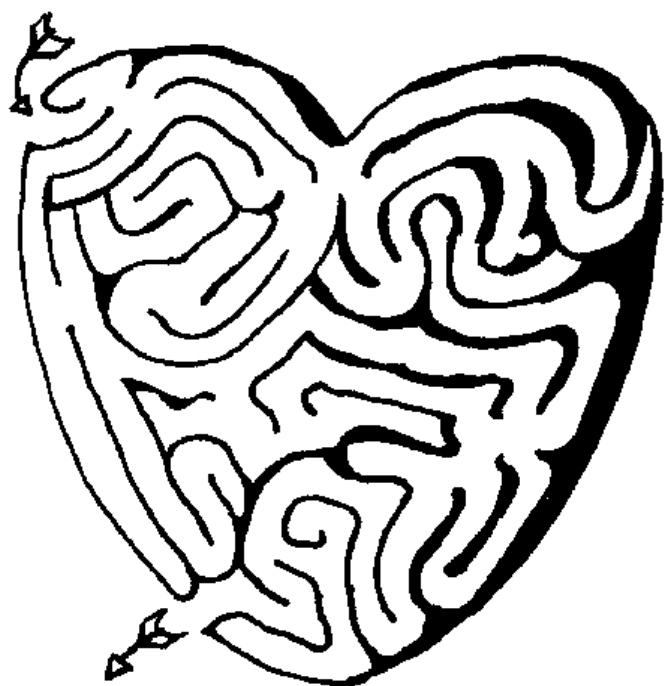

"SPACESHIP"

**THE DREAM, TO TRAVEL OUT BEYOND THE STARS,
AND EXPLORE; WHAT ADVENTURES MIGHT YOU FIND?**

"Block Maze 2"

'Heart'

*Will love make it? Or will it miss its mark?
Only you can know for sure.*

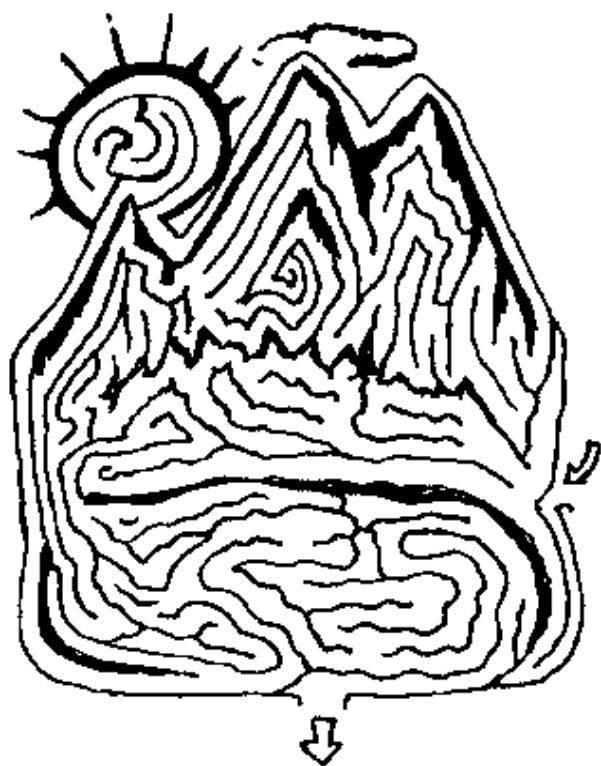

"Hot Coffee"

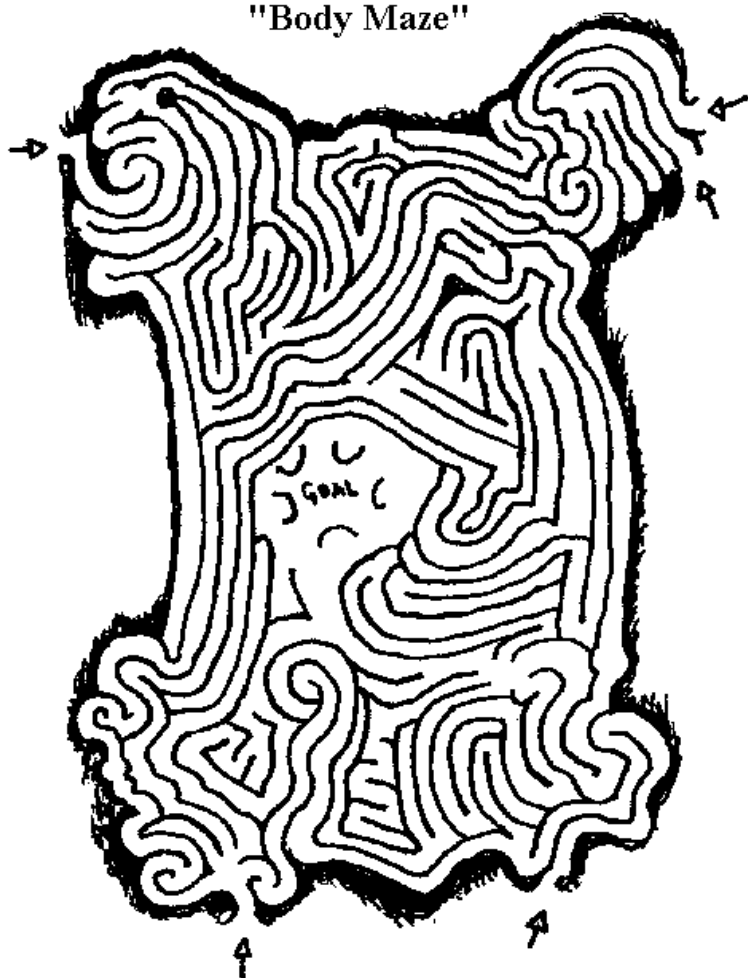

Like a sugar cube
being dissolved
in a cup of hot
coffee.

This caffeine
inspired
maze is
equally as
delightful.

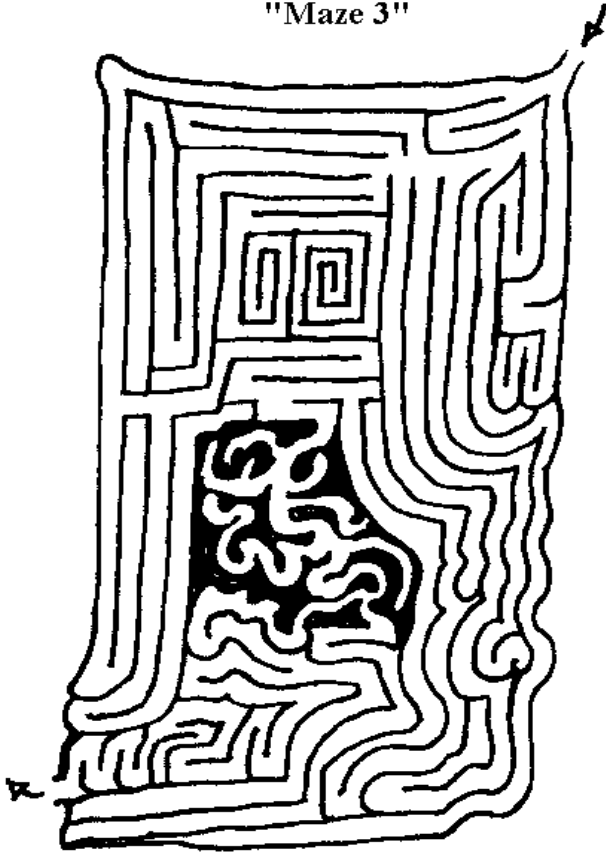

"Hills and Lake"

"Body Maze"

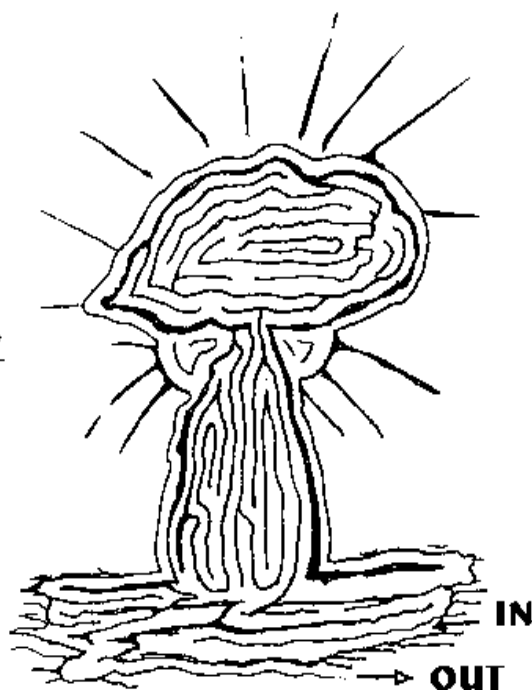

"Maze 3"

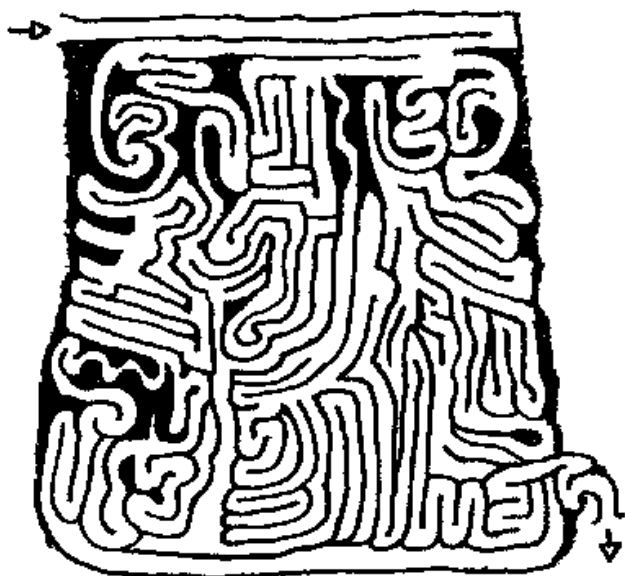

'THE BOMB'

**LOOMING OVER
THE LANDSCAPE
LIKE SOME KIND
OF DARK
HOVERING
PILLAR.
CAN YOU ESCAPE,
OR WILL YOU GET
TRAPPED BY
THE BLAST?**

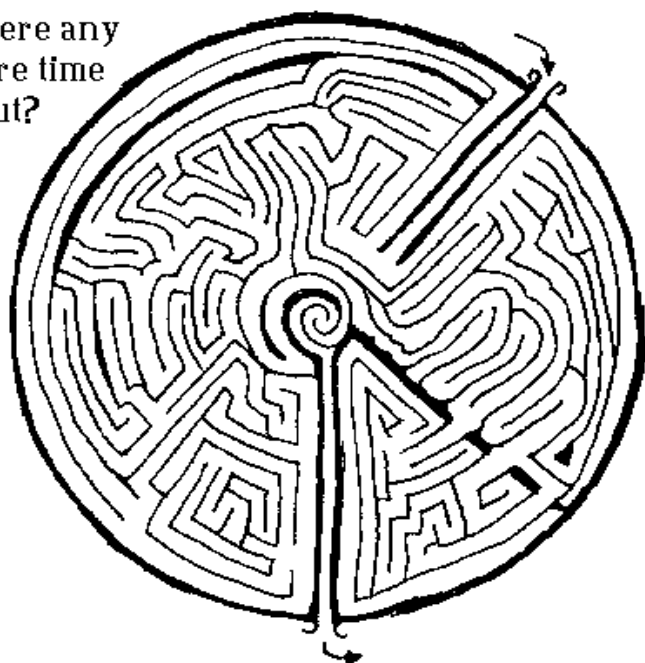

'Bag'

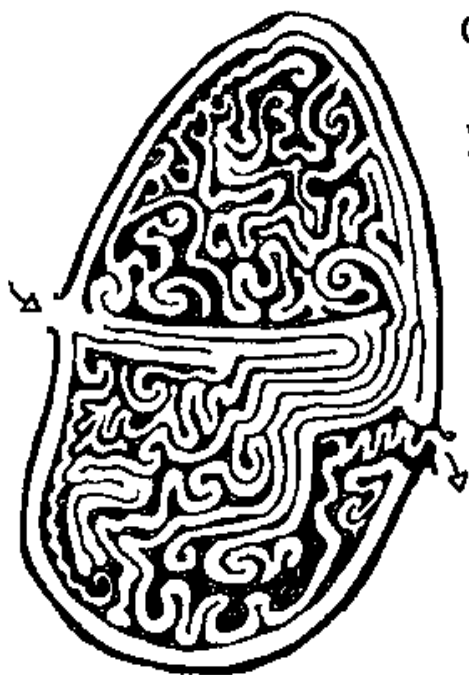

Shaped like a bag, once you
get sacked it may not be so
easy to brake loose.

"Clock Face"

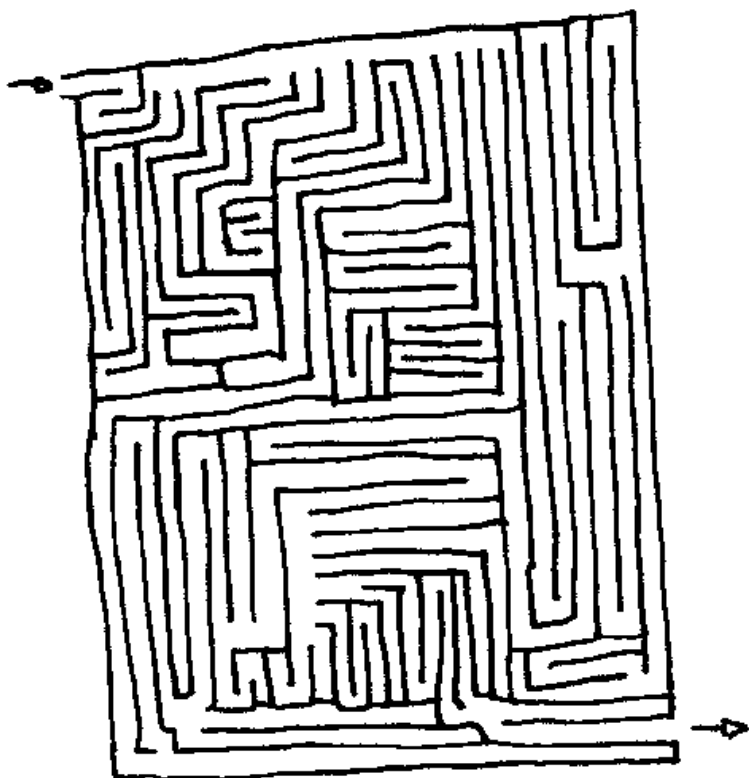

Like the hands on
a clock, is there any
escape before time
runs out?

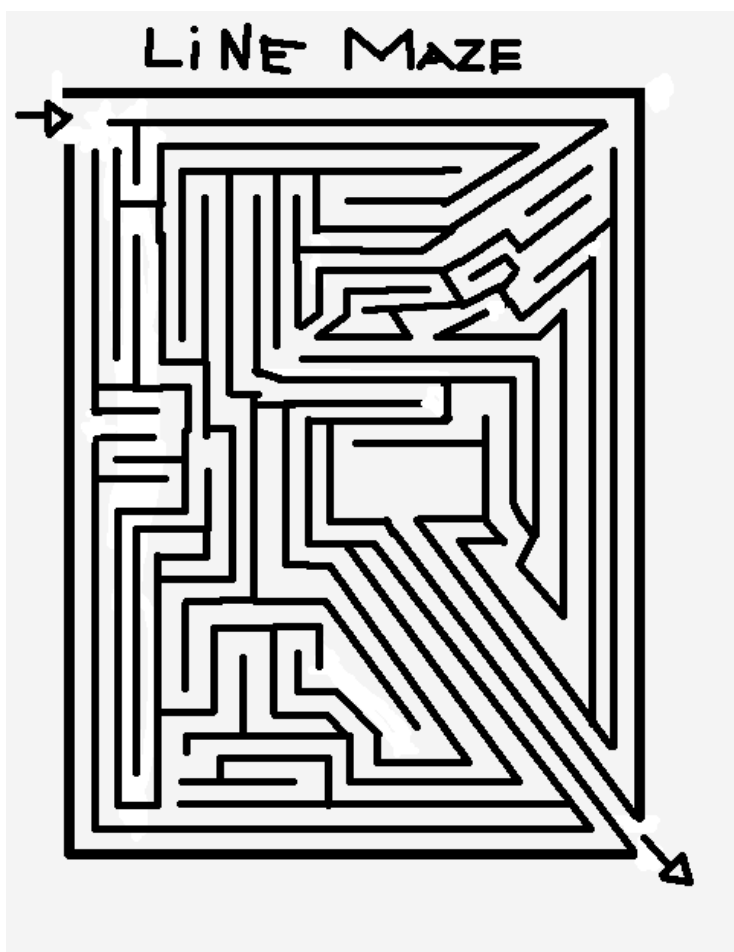

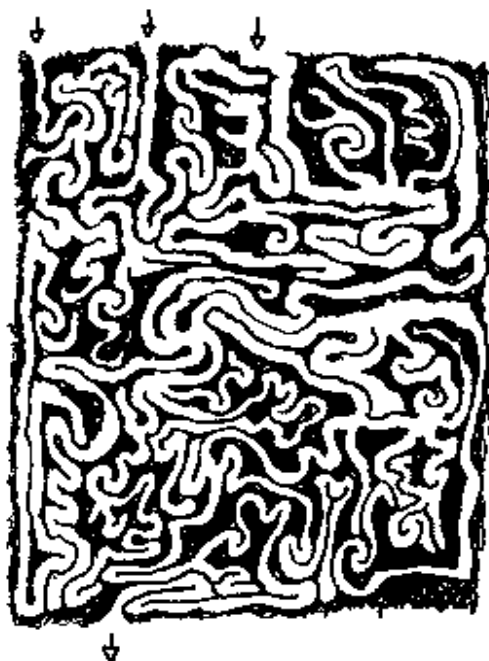

"Germ"
Once this bug infects
your system,
you'll have no choice
but to find the
solution.

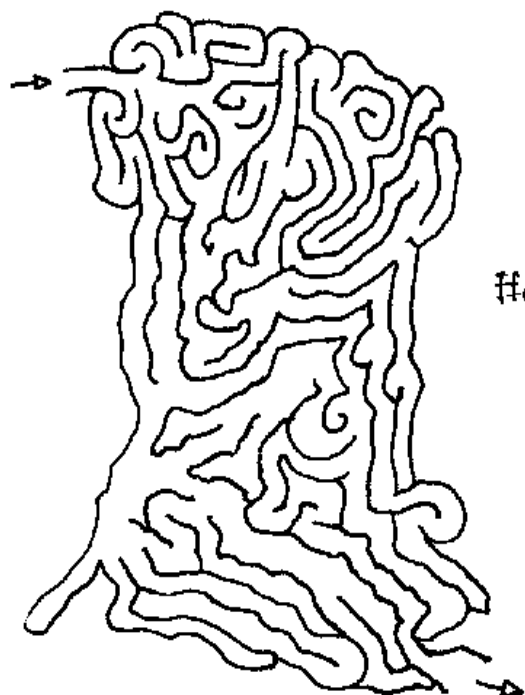

"Block Maze 3"

"caverns"
Dug in deep underground,
which way leads to the
"underground kingdom".

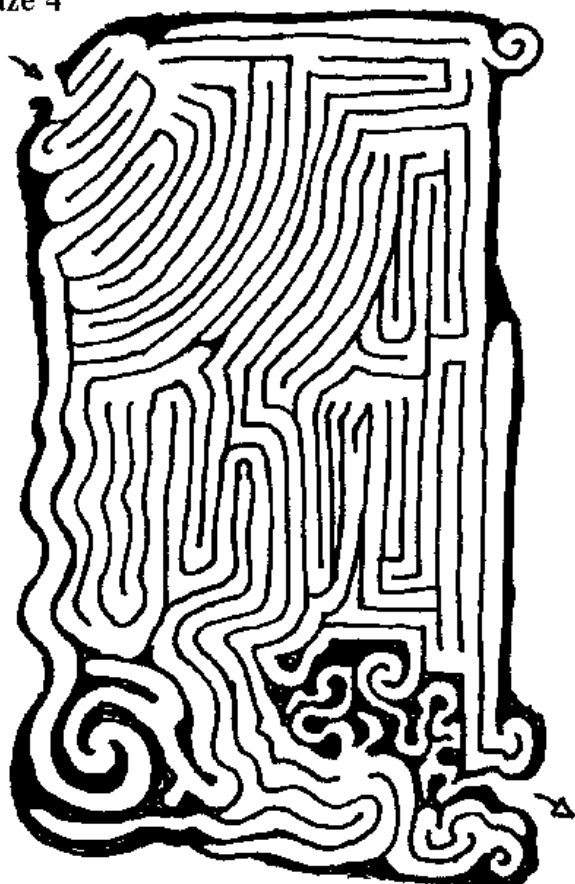

"Trunk"

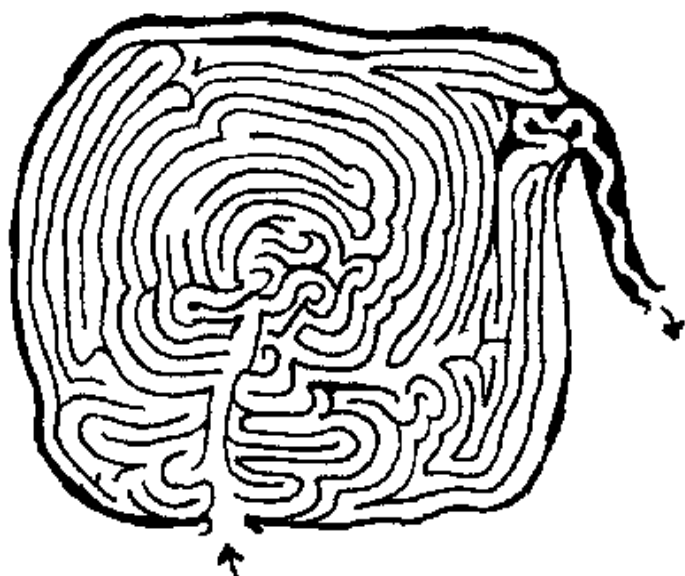

The old tree stump
rooted deep in
the earth.

Home to small animals,
it has seen deep
into the past,
and will not
give up its secrets
so easily.

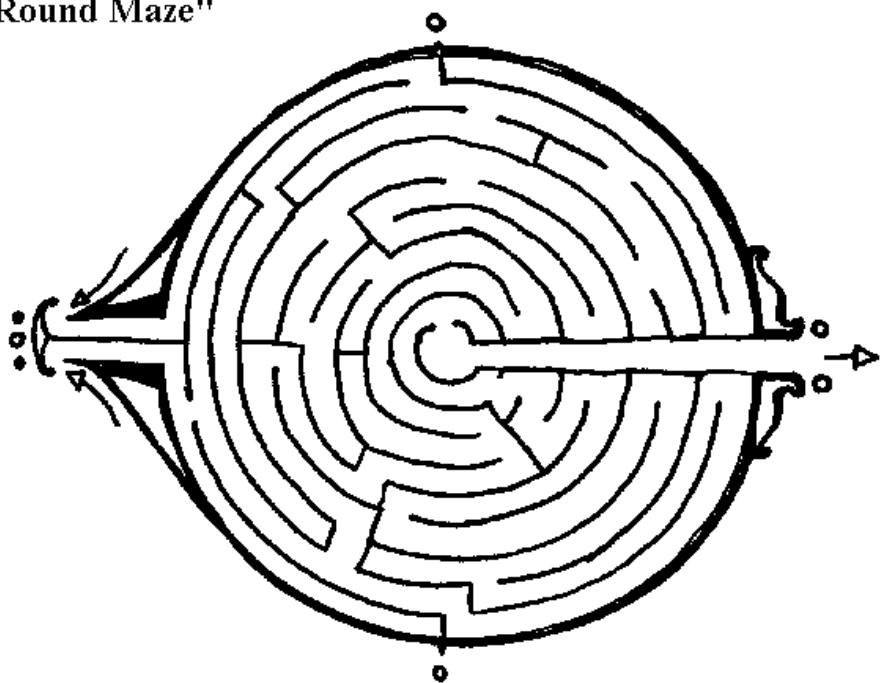

"Maze 4"

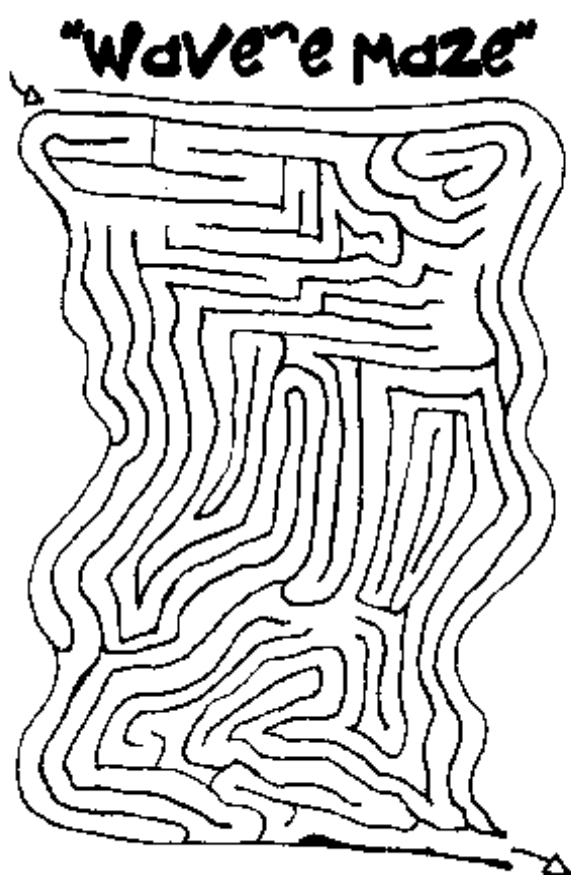

"Odd Round"
Not circular or flat,
it has an odd shape
with a tale.

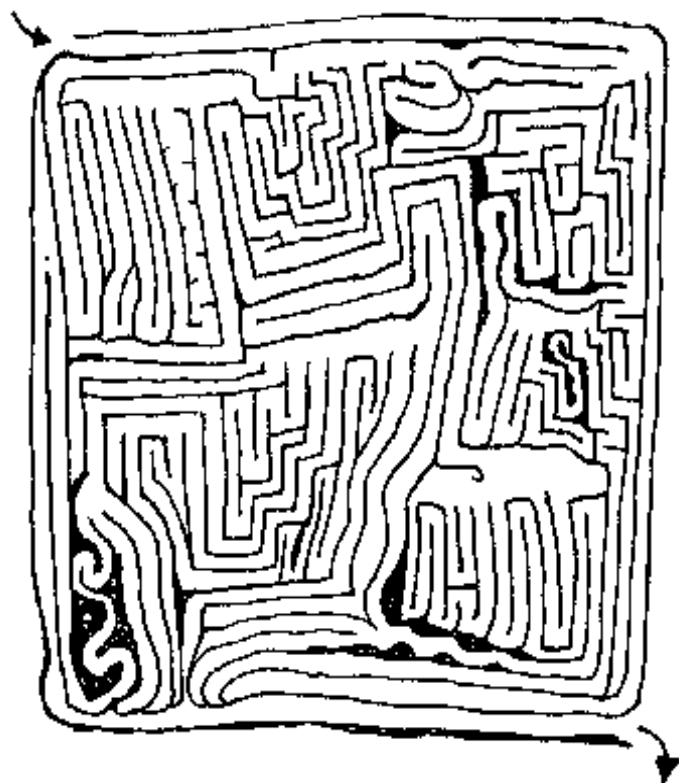

"Round Maze"

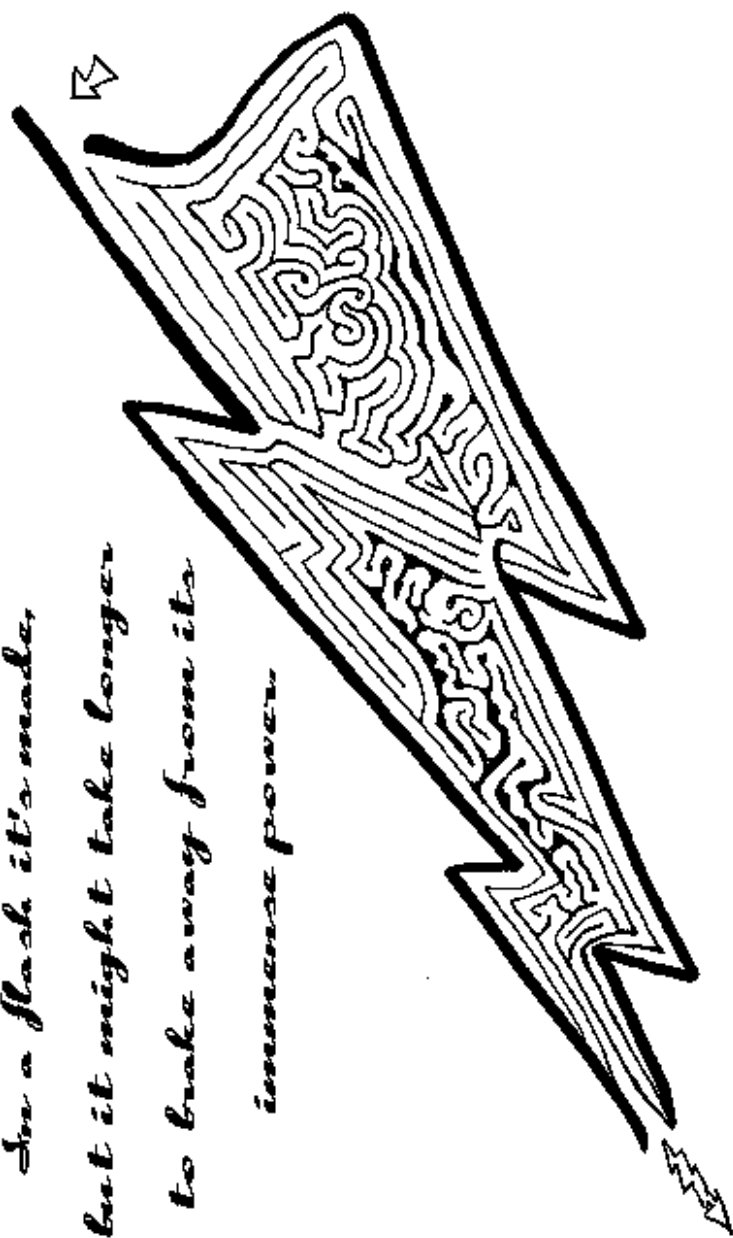

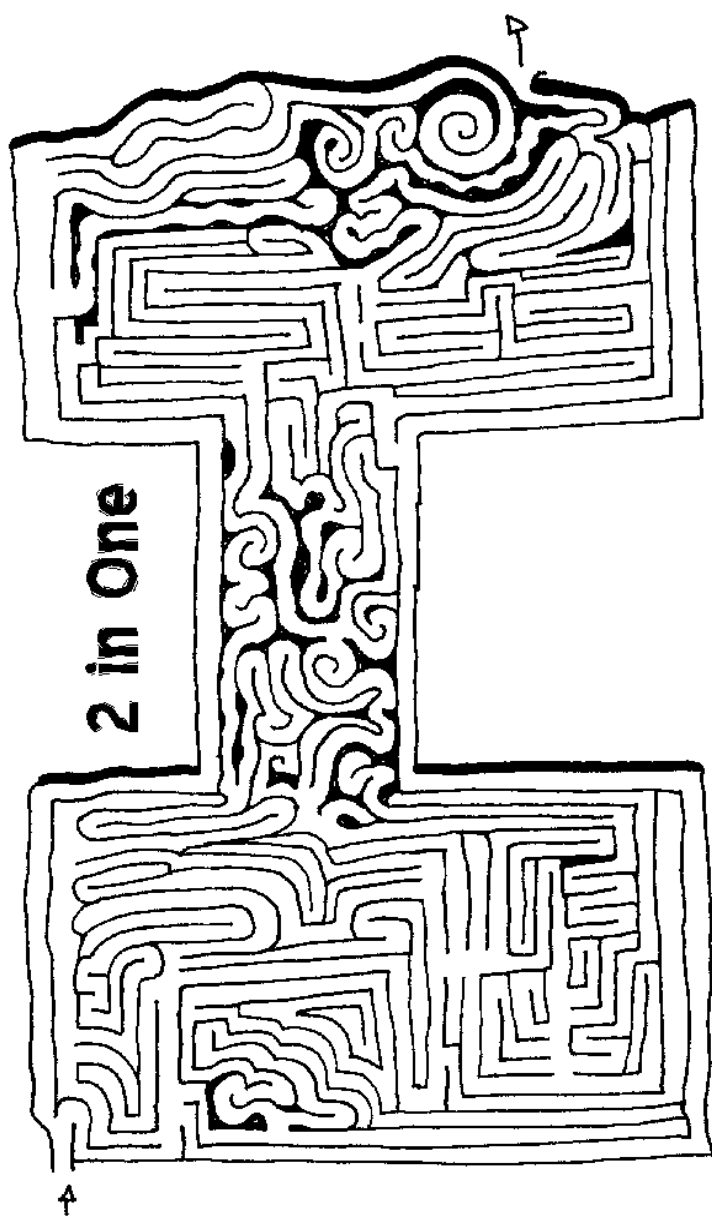

"MAZE NO. 5"

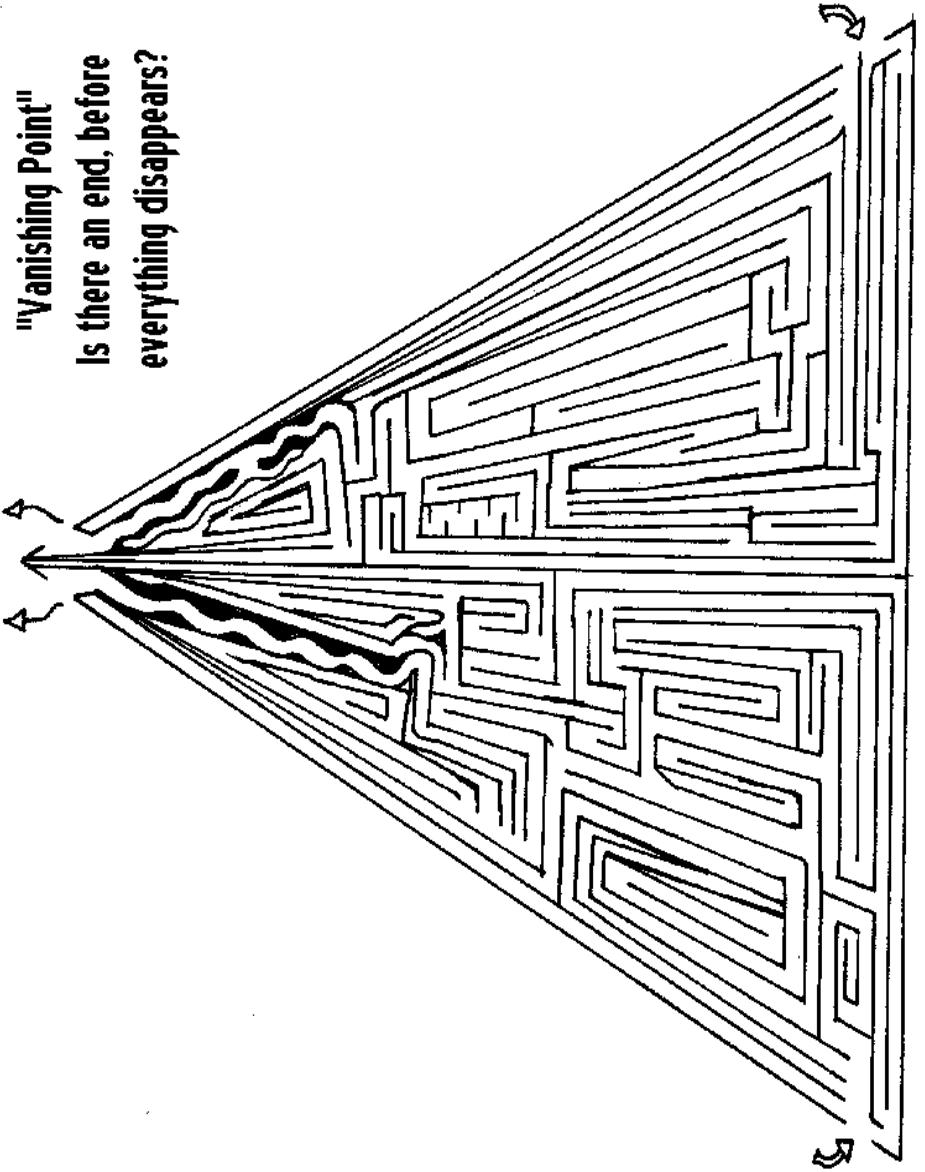

"Lightning"

*In a flash it's made,
but it might take longer
to brake away from its
immense power.*

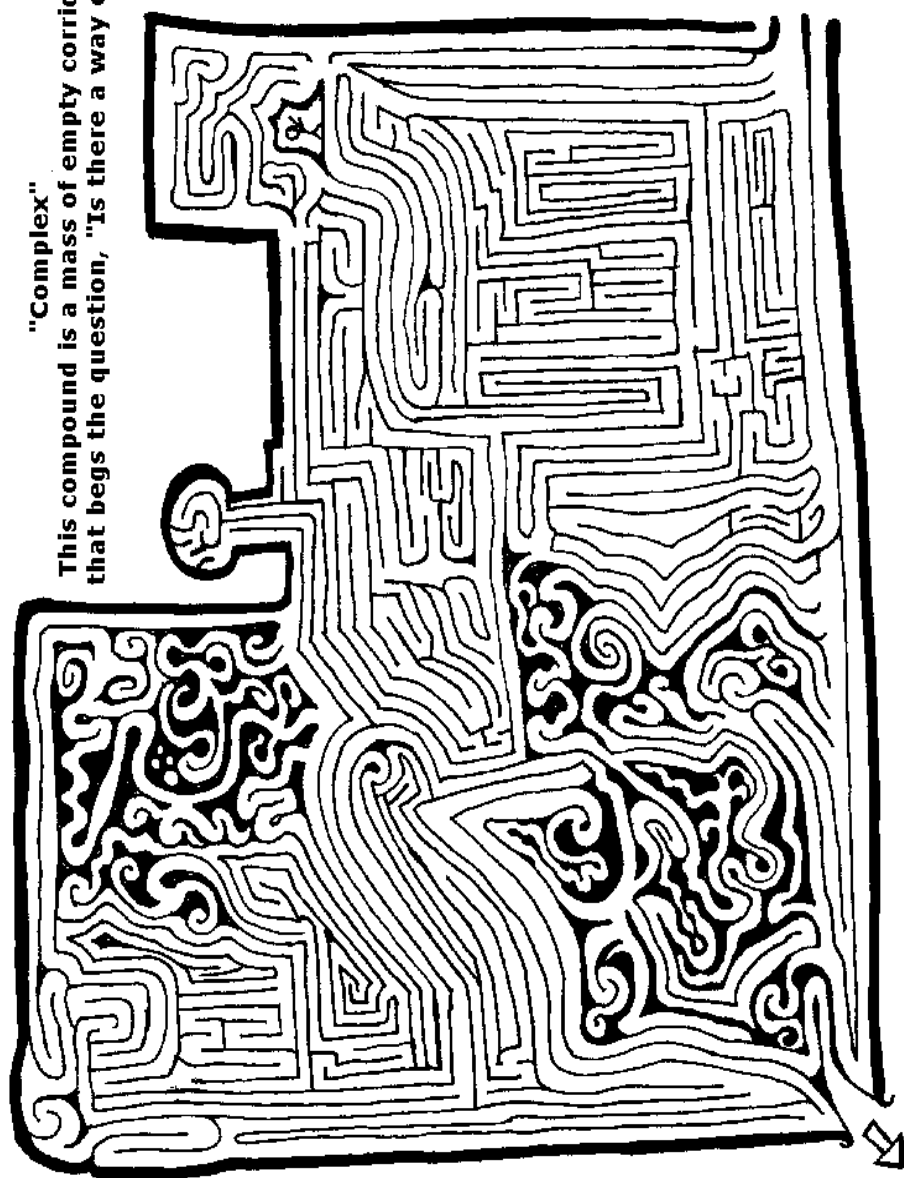

"Vanishing Point"
Is there an end, before
everything disappears?

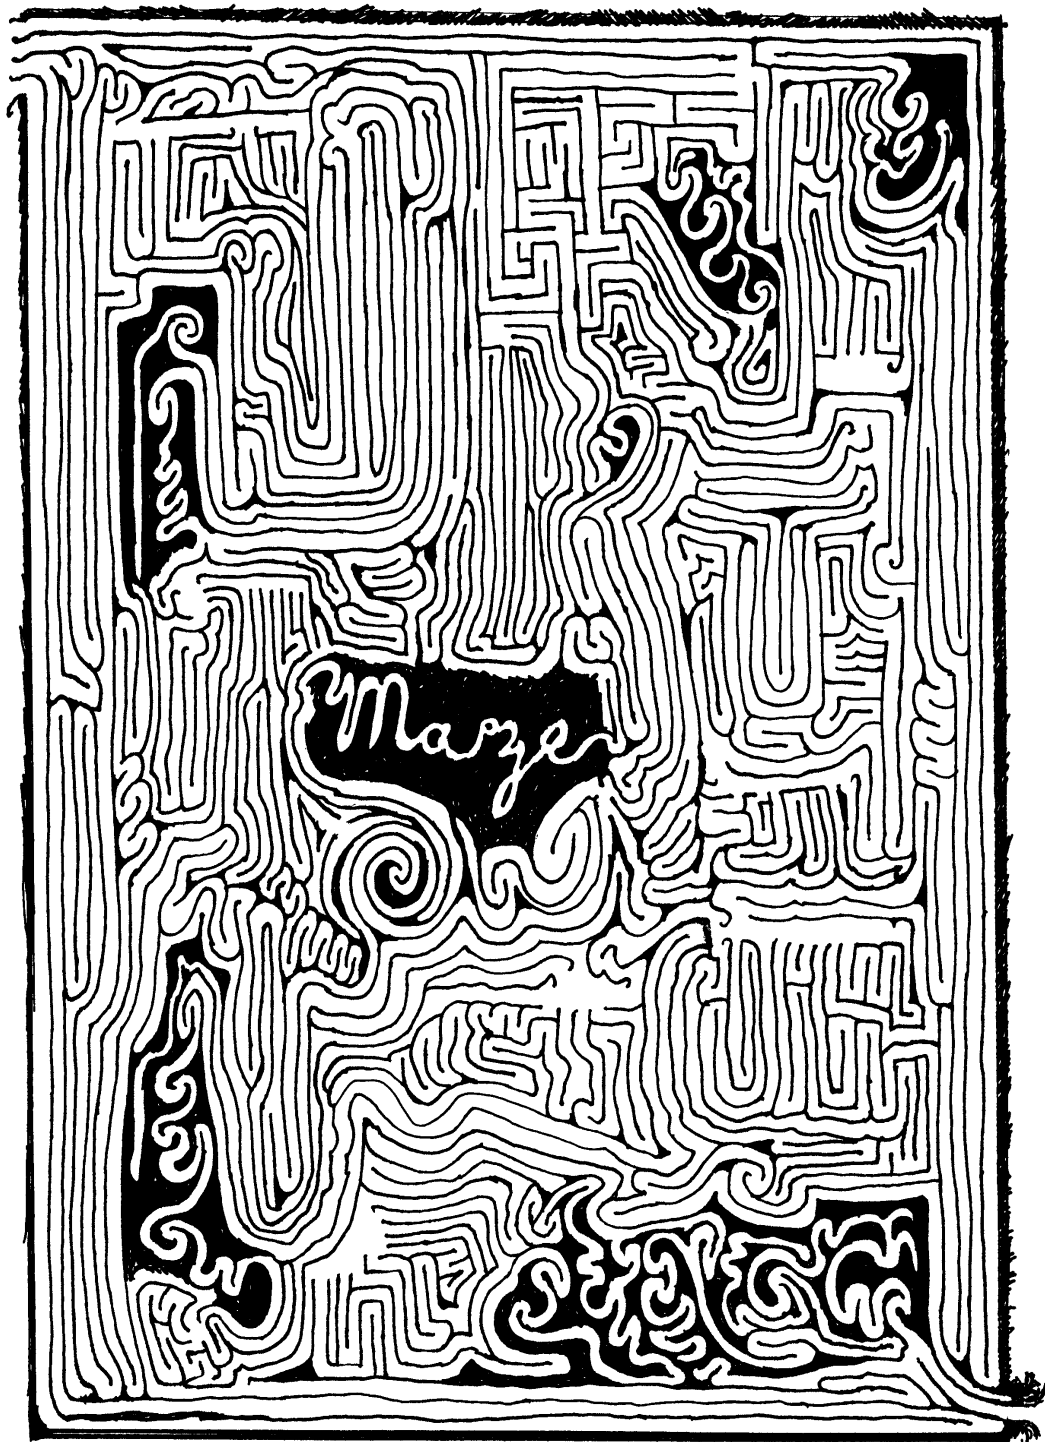

"Complex"

This compound is a mass of empty corridors;
that begs the question, "Is there a way out?"

Solved Mazes

This is the part where you can check your answers to see if you are right. Some mazes have more than one way to solve. Like the "Leaf" maze and the "Cat Head". There's really no right answer, as long as you can get out.

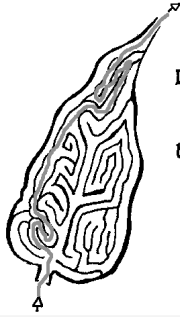

"Two to One"

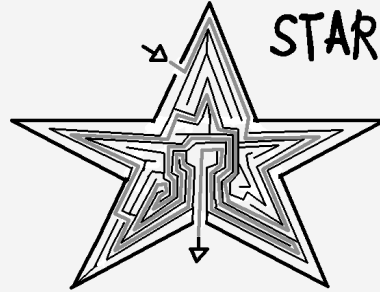

Looking like a
"Stop Sign"
there are two
ways in, but
only one out.

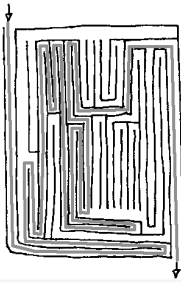

"Drape"
Like the wrinkles
on an endless
curtain,
it's so easy to
get lost in the
folds.

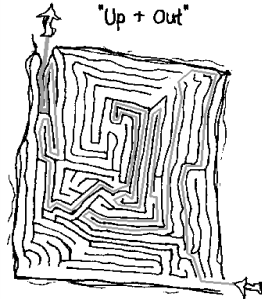

"Leaf"
Like a droplet of water
being pulled
down to earth
by the force of gravity.
Even the smallest
parts of nature,
can present
an enigma.

STAR

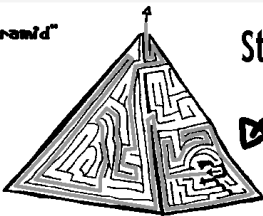

"Block Maze"
Some squares are
"Lame",
but this one is cool.

"Up + Out"

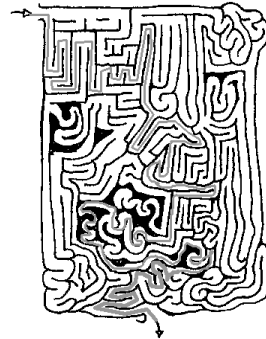

"Pyramid"

Here are more titles, from this Author.

Masumi T. Childers has written on many different subjects. The following is a listing of other works available or coming out soon.

Shorts Collection

Various formats mostly screenplay.

A compilation of exceptional short stories, developed over the years of 1999 to 2005.

Godsbreath (Unified Theory)

This book is rooted in theoretical science. It is a Unified Theory, that relates the very big, with the very small, in cosmologic terms. It talks about what the weak and strong forces are, and explains how space, time, and trans-dimensional travel might be possible. It also covers a little bit about human condition.

Detective Kwon and the Garbage Police.

Screenplay format, with still frames from the movie.
(Mystery: Science Fiction, with some elements of Horror.)

The famous Detective Kwon is called in to a futuristic domed city, to solve the case of a murdered garbage cop.

"The Pick-up" in 3 easy steps, for men or woman.

Stop being alone. There are only three steps to picking up someone. So common and easy that they are always overlooked by these so called big books that "Guarantee" or claim a "Sure Thing". But my book will show you how it's possible: To pull off, "The Pick-up" in three simple steps.

A Non-Monetary Government.

Imagine a world without money. Where a better standard of living is produced by the good deeds and efforts that an individual person makes and puts forth over the course and breath of their lifetime. Where the kingdom of heaven is brought down to earth and used by man.

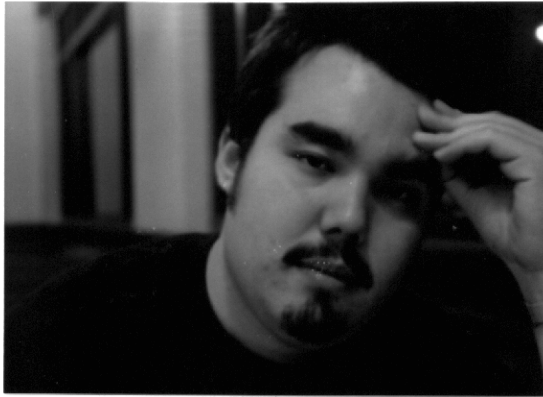

All rights are reserved. No part of this book may be used or reproduced in any manner whatsoever, without permission from the author, except in the case of brief quotations.

In the case of the book, "Brief Quotations" would mean that you may copy some but not all of the mazes in this book and pass them out to your friends, and so on.
