

LUCKY CHARMS !

Chapter 1.

Once a long time ago there was an elf named Keegan. One day as he was walking to his house until he saw a little cloth rolled up like a scroll. When he picked it up he saw that it said “Lucky Charms Treasure!” So he rolled it down all the way and it was a map. Keegan decided to go find the treasure all by him self. As he looked at the map it said that he had to go to the woods first. As Keegan went through the woods, he heard the sound of people in the woods with him, which made him nervous because he thought he was alone. So Keegan started to walk faster and faster until he heard some on say,

LUCKY CHARMS !

“Hey you!”

Keegan did not reply. All he did was stand there, until he heard something like twigs breaking. Without thinking Keegan ran on the path the map told him to and as he looked back all he saw was a glimpse of a goblin’s head. This mad Keegan run faster because goblins eat elves and other creatures. Keegan ran so fast it looked like he was a professional track star. But just as he thought he was getting away he saw a goblin go right in front of him, so he stopped and fell face first. As scared as he was he picked up a twig and threw it at the goblin and it went right in the middle of his eyes and he just fell to the ground.

He thought he just knocked him out, but he really almost killed him. He was just about dead! He was barley breathing and the stick was stuck in his head, but Keegan just found out that

LUCKY CHARMS !

it was a dagger so Keegan took the dagger out of its head a put it in his backpack. Then Keegan heard voices. It sounded like goblins so Keegan jumped in a bush and then he saw a pack of goblins.

“What’s wrong with him?” The leader crocked.

“I don’t know. Turn him over,” a solider said. Keegan almost peed his pants; he was so scared. All Keegan had been a small dagger and they had bows and great big swords that looked like they weighed like 45 pounds! So Keegan hoped they would not catch him or worse kill him! Keegan tried to sneak away but of course Keegan stepped on something that made a noise that every one could hear as they were walking to the bush. Keegan panicked and just ran right by them and he almost got caught, but just got away and as he looked down he saw that

LUCKY CHARMS !

he had a knife in his leg. He stopped and then pain filled into his body. He was trying not to yell, but with all the pain he could not help it. He knew that the goblins heard him so he dragged him self to the nearest bush. And soon there were two goblins right where he was. Keegan got lucky before and he knew he could not do it again with a knife in his leg! So slowly Keegan pulled the knife out of his leg biting onto a twig so he would not yell and as the goblins were walking away he let out a breath.

“Did you hear that?” a goblin whispered.

“No what are you talking about?”

The goblin started to walk to the bush Keegan was in. All Keegan did was sit there and close his eyes.

Chapter 2.

The goblin found Keegan and the rest of them came to. After a small talk all the goblins did was jump him. And even worse Keegan woke up in a cage next to a leprechaun wearing an all green suit who looked like a funny midget.

Keegan walked up to him and hit him on his head. The midget jumped up so high he looked like a jumping bean.

“Oh you’re an elf. No problem for me,” he said relieved.

Keegan told him what he was doing and where he was going. The leprechaun agreed to go with Keegan all because he wanted to have a piece of treasure. Keegan knew the leprechaun was in it

for the pirate's gold. But Keegan was ok with that because he needed all the help he could get. So Keegan and Corey, the leprechaun, had to find away to get out of the cage. But Keegan knew that leprechauns knew how to use magic! Keegan told him to use his magic to get them out of there. Corey used some of his magic and just barley got them out of there.

Now Keegan and Corey had a bigger problem, they had to find their way out of the goblins camp, and not get caught. It was no problem for Corey because he was like 3 feet tall. But it was a big problem for Keegan because he was 6 foot tall. But Keegan found out a sure proof plane Keegan told him that they could clam

trees, and find there way out. Corey had a little problem climbing trees so Keegan had to carry him up the trees. It wasn't a big problem for Keegan because Corey was only 35 pounds. Keegan and Corey just got away from the goblins camp, but right when they got out of the camp Keegan dropped Corey out of the tree, and then Corey could not walk because he told Keegan he had a broken foot so Keegan told him to not be a baby and walk it off.

Chapter 3

Keegan and Corey followed the map, getting out of the forest and discovering a big sea. Corey told Keegan that was called the Goblin Sea. So Keegan and Corey were walking on the shore and then they came upon a three-man boat but Keegan knew that he had to do all the work. Corey pointed out that there was a sleeping bag of tools and they were all hitting up ageist each other. Keegan was about 2 miles away from the goblins camp and he was still going at a steady pace. About 3 hours later Keegan finally got Corey to help. They were in the middle of the sea and Keegan was exhausted, and so was Corey so they toke a little nap. Keegan woke up about half

LUCKY CHARMS !

an hour later to the sound of swords clashing together, and when he looked up, he saw two big ships, like monster boats. Keegan saw the boats shooting cannon balls at each other. Keegan woke up Corey and told him that the boats were only 20 yards away. The map told them to go the way where the ships were so when they tried to go around the ship they got caught in the middle of the war. They saw dead bodies going over board. Keegan and Corey were trying to get away from the war. As they were they saw one of the boats go to the bottom of the sea to Davie Jones Locker! So they had at least a day or two, until they get to shore. But of course Keegan had to do all the work when Keegan asked Corey to help

LUCKY CHARMS !

him, but when Keegan turned a round Corey was asleep. So Keegan tried to move the boat in the thick blood filed sea. But sooner or later Keegan fell asleep. When they woke up they realized that all there gold was gone! Well all of Keegan's was because Corey had so much that they could not carry it all. Corey told Keegan that it was pirates who toke the gold. Keegan was madder than the goblins when Corey and Keegan got away.

"I think it will take another day to get to shore," Corey said.

"I know and I will have to do all the work," Keegan said under his breath. So as that day went on Keegan did all the work, and Corey sleep. Keegan toke brakes of and on one time

LUCKY CHARMS !

Keegan saw a school of trout and then Keegan knew that there was a river near by. But Keegan knew that he had to stick too the map.

“I wish I had a navigator named Corey that was a leprechaun.” Keegan said loudly.

“I wonder where you can find one of those?”

Corey said.

Chapter 4

“Hay how bout we open that tool bag Corey?”

Keegan said.

“Hay is for horses!” Corey said giggling.

But when Keegan opened the bag was not tools in there it was a dwarf! The odd thing was that the dwarf was all tied up with ropes had his mouth was all taped up, if you don’t think a dwarf in a bag wasn’t weird for you at all. When Keegan on tied him, he was yelling to load that all the goblins in the sea could hear him. When Keegan finally got him to calm him down he told Keegan, and Corey what he was doing in the bag. He was in there because pirates put him in there because they thought he was dead so they put him on a

LUCKY CHARMS !

small boat with they were on. So after a long talk they got the dwarf named Adam on the crew! Now Keegan and Adam and Corey were on a boat to the main shore to, and still go look for the treasure called lucky charms! But now the three friends had to split the treasure three-way Keegan wished he had not brought the other two for he could have the whole treasure for himself. But Keegan did not want to let greed take over him so he just paddled the boat to get a little bit closer to the shoreline. Keegan told Corey and Adam that after the little incident they would have to take like a few more days they have to stay on the sea. Adam stated that they had to risk their lives on the sea a couple more days.

Two hours later some pirates attacked them and stole all Adam gold and some more of Corey's gold and they still could not take it all.

“ After we get those gold coins pirates are going to take my lucky charms treasure I am going to start saying stop taking me golden lucky charms.”

Once they were at the shore they found a riddle. And there was small goblin foot steps so they knew the goblin were there first. The riddle said

“ Once you get on shore the treasure will go were you cant only Davy can go and were the evil mermaids sleep and were you will kill to go.”

LUCKY CHARMS !

Later Keegan and Adam found out that Corey could solve riddles very good. The riddle meant for once they get on the shore they had to go to the middle of the ocean on mermaid rock in Davy's ocean. So now the three peeps had to make their way to the Davy's ocean as fast as they can to beat the goblins to the treasure.

Keegan guessed that there are about 3,000,000,000,000,000,000,000,000,000,000,000, and a ship made of gold! Corey thinks there are

9,000,000,000,000,000,000,000,000,000,000,000,000,000,000, and a ship of gold, and a little hot mermaid lady. Adam just wants to find the gold and be a rich dwarf! But Corey thought

LUCKY CHARMS !

*all the gold together there was going to be
\$120,000,000,000,000,000,000,000,000,000,0
00,000,000,000,000,000,000,000,000,000,000,
000; Keegan said he had eyes bigger than he
could carry. As they were going Adam told them a
tale that went like this. Two or three weeks ago in
my hometown Hot-Dog-Donut city, there was a
disease that was called poop eyed. It was when
your eyes turn brown, and you want the taste of
blood. And it made people like animals and then
it was man for man, dog for dog, baby for baby,
and pig for pig, and all the fat little kids for them
selves. But you knew who had it, I mean their
eyes were brown their hands were most likely
bitten off by them selves*

LUCKY CHARMS !

Their thirst for blood was so great. But so many people had it that they had to call in the military.

They had slain tons of people that had the disease. Adam's family all got the disease and Adam had to kill them all by him self. He had to kill them because they were trying to kill him.

"It was the hardest thing I ever had to do was to kill the ones I loved." Adam said trying not to cry.

"We are about 12 miles away from Mermaids Rock!" Corey said joy fully.

But as they were going through Troll Bay, Keegan got in a fistfight with a troll and was losing so he pulled out a shank and stabbed him, and just left him there to die. Also Corey stole 300 gold pieces and gambled it all away. Plus Adam

LUCKY CHARMS !

found a hot little dwarf lady according to Adam.

But Keegan and Corey thought it looked like the

midget bearded lady. But the most exciting thing

was that they all joined up with a troll named

Eddie and robbed a bank. And they stole

10,000,000,000 dollars!

LUCKY CHARMS !

Chapter 5

“We’re here, we’re here, hooray! We’re here!”

Corey yelled!

But right as they turn the corner they saw the

Goblin

Ship and they were trying to learn the spell for breathing under water. Good thing Corey already knew what it was. So as they were going under the water they saw the goblins with bubble masks.

"Bubble masks are a mask made of bubbles there like a fish but they have a bubble on its head."

Corey said.

It allows you to stay under water for about 20 minutes. So as they were almost to the bottom and it took about 10 minutes, they came to a under

*water cave. On the door was a riddle and it said, “
Even if you had a great war to win the treasure
inside me you have to use the smarts inside of you
to open me.”*

*So Corey, Adam and Keegan ran as fast as
they could up to the door and started yelling out
answers. But then the goblins start yelling and
started beating up Corey and 4 goblins were
jumping Adam. Keegan was kicking 5 goblins
butts and punching them in their faces. Keegan
even dropped kicked one right in the tummy.
Then Keegan found out what the riddle meant,
that it wants them to play poker. The odd thing
was that Keegan was right! About three hours
later Corey won the poker game by cheating, and*

LUCKY CHARMS !

Adam was the first one to out because he sucks at poker. The lead goblin was the last goblin to get out he was an ok poker player. Keegan was the dealer and he helped Corey cheat.

After they got all their gold they parted. Adam got a 5-story house. Corey got a lot of his gold stolen from him but he is still rich as ever and his favorite thing to say is “stop taking me lucky charms treasure!”

And no one ever saw Keegan after he got in that fight with a troll. Well heroes all don't end up like Spiderman.
